Autor si prostudoval dostupný materiál o vraždách a stejným způsobem jako je hraný film, který využívá prvky typické pro dokumentární film, napsal tuto knihu. Kniha je velice čtivá a děsivá zároveň, protože nejde o fikci, ale skutečný příběh, který otřásl Amerikou a dostal se do zájmů světových medií.

utopiaguide long island: Not a Choice, Not a Job JANICE G. RAYMOND, 2013-07-15 A generation ago, most people did not know how ubiquitous and grave human trafficking was. Now many people agree that the \$35.7 billion business is an appalling violation of human rights. But when confronted with prostitution, many people experience an odd disconnect because prostitution is shrouded in myths, among them the claims that ôprostitution is inevitable,ö and ôprostitution is a job or service like any other.ö In Not a Choice, Not a Job, Janice Raymond challenges both the myths and their perpetrators. Raymond demonstrates that prostitution is not sex but sexual exploitation, and that legalizing and decriminalizing the system of prostitutionùas opposed to the prostituted womenùpromotes sex trafficking, expands the sex industry, and invites organized crime. Specifically, Raymond exposes how legalized prostitution in the Netherlands, Germany, Australia, and Nevada worsens crime and endangers women. In contrast, she reveals, when governments work to prevent the demand for prostitution by prosecuting pimps, brothels, and prostitution usersùas in Norway, Sweden, and Icelandùtrafficking does not increase, women are better protected, and fewer men buy sex. Raymond expands the boundaries of scholarship in womenÆs studies, making this book indispensable to human rights advocates around the world.
