Fiction Armelle Parey, 2018-09-03 This book offers to delineate a key phenomenon in contemporary Anglophone fiction: novel expansion, when the plot and characters from a finished novel are retrieved to be developed in new adventures set before, after or during the narrative time of the source-text. If autographic and allographic sequels are almost as old as literature, prequels – that imagine the anteriority of a narrative – and coquels – that develop secondary characters in the same story time as the source-text – are more recent. The overall trend for novel expansion spread in the mid-1980s and 1990s and has since shown no sign of abating. This volume is organised following three types of relationships to the source-texts even if these occasionally combine to produce a more complex structure. This book comprises 11 essays, preceded by an introduction, that examine narrative strategies, aesthetic, ethical and political tendencies underlying these novel expansions. Following the overview provided in the introduction, the reader will find case studies of prequels, coquels and sequels before a final chapter that encompasses them all and more.

This second of two volumes continues the story of one of the last century's most influential figures in higher education. A leading visionary, architect, leader, and fighter for the University of California, Clark Kerr was chancellor of the Berkeley campus from 1952 to 1958 and president of the university from 1958 to 1967. He saw the university through its golden years—a time of both great advancement and great conflict. This absorbing memoir is an intriguing insider's account of how the University of California rose to the peak of scientific and scholarly stature and how, under Kerr's unique leadership, it evolved into the institution it is today. In Volume II: Political Turmoil, Kerr turns to the external and political environment of the 1950s and 1960s, contrasting the meteoric rise of the University of California to the highest pinnacle of academic achievement with its troubled political context. He describes his attempts to steer a middle course between attacks from the political Right and Left and discusses the continuing attacks on the university, and on him personally, by the state Un-American Activities Committee. He provides a unique point of view of the Free Speech Movement on the Berkeley campus in the fall of 1964. He also details the events of January 1967, when he was dismissed as president of the university by the Board of Regents.
