

the shining ones

The Shining Ones: Unveiling the Mystique and Meaning Behind the Name

the shining ones have intrigued people for centuries, appearing in various cultural, historical, and spiritual contexts. Whether you've encountered the term in mythology, literature, or modern pop culture, it carries a sense of mystery and brilliance that sparks curiosity. But who or what exactly are the shining ones? And why do they hold such a significant place in our collective imagination? This article delves deep into the origins, interpretations, and fascinating stories surrounding the shining ones, offering insights that go beyond surface-level understanding.

The Origins of the Shining Ones

The phrase "the shining ones" has appeared in multiple traditions and contexts, often referring to beings or entities that emanate light or possess extraordinary qualities. The root of the term can be traced back to ancient civilizations and their mythologies, where light was commonly associated with divinity, purity, and enlightenment.

The Shining Ones in Ancient Mythology

In many ancient mythologies, shining beings are depicted as divine messengers or gods themselves. For example, in Celtic mythology, the Tuatha Dé Danann are sometimes called the "shining ones" because of their supernatural powers and radiant appearance. These figures were believed to be otherworldly and brought wisdom and protection to humanity.

Similarly, in ancient Egyptian culture, gods such as Ra and Hathor were often described as luminous beings, embodying the sun's light and life-giving energy. The term "shining ones" in this context symbolizes their divine status and celestial nature.

Spiritual and Esoteric Interpretations

Beyond mythology, spiritual traditions have embraced the concept of the shining ones as enlightened beings or ascended masters who guide humanity. In esoteric teachings, shining ones are often viewed as spiritual entities who have transcended the physical realm and exist in a higher vibrational state.

These beings are sometimes associated with light bodies, a concept in metaphysical circles where an individual's energy transcends ordinary physical limits, becoming radiant and pure. The shining ones, therefore, represent the pinnacle of spiritual evolution and consciousness.

The Shining Ones in Literature and Popular Culture

The allure of the shining ones continues in modern storytelling, where the term is used to describe characters or groups with exceptional qualities, often tied to light, power, or enlightenment.

Literary Depictions

In fantasy literature, the shining ones may appear as heroic figures or ancient races possessing luminous qualities. For example, some fantasy novels depict them as celestial warriors or guardians whose light symbolizes hope and protection against darkness.

This literary use of the shining ones often serves as a metaphor for goodness, purity, and the eternal struggle between light and dark forces. Their radiant nature makes them compelling symbols within narratives exploring morality and heroism.

The Shining Ones in Film and Media

In film and television, the shining ones might be portrayed as aliens, supernatural beings, or enlightened humans. Their glowing or radiant appearance often signifies otherworldliness or supernatural power, capturing viewers' imaginations.

For instance, sci-fi genres frequently use shining beings to represent advanced civilizations or spiritual entities with superior knowledge. These depictions tap into our fascination with the unknown and the possibility of higher forms of life.

Understanding the Symbolism of the Shining Ones

What makes the shining ones so captivating is their rich symbolic meaning. They are not just literal beings but embody concepts that resonate deeply with human experience.

Light as a Symbol of Knowledge and Purity

Light has universally symbolized knowledge, clarity, and truth. The shining ones, by extension, represent illumination—both literal and metaphorical. They are often seen as bearers of wisdom, guiding humanity out of ignorance and darkness.

This symbolism explains why shining ones appear in religious texts and spiritual teachings as angels, saints, or enlightened masters whose radiant presence signifies divine insight.

Human Aspiration Toward Enlightenment

The idea of becoming “shining” can be interpreted as a metaphor for personal growth and spiritual awakening. Many traditions encourage individuals to cultivate inner light through meditation, compassion, and self-awareness, aiming to become like the shining ones.

In this sense, the shining ones inspire us to pursue higher states of being, reminding us that transformation and enlightenment are attainable goals.

The Shining Ones in Modern Spirituality and Self-Development

Today, the concept of the shining ones finds new life in various spiritual and self-help communities. These groups often focus on energy healing, light work, and raising consciousness, using the imagery of shining beings as a source of motivation and guidance.

Light Workers and the Shining Ones

“Light workers” are individuals who believe they are here to bring positive energy and healing to the world. They often see themselves as connected to or inspired by the shining ones, striving to embody qualities like compassion, wisdom, and radiant energy.

Practices such as meditation, visualization, and energy balancing are common among light workers who aim to align themselves with the vibrational frequency of the shining ones.

Tips for Connecting with Your Inner Light

If the shining ones symbolize enlightenment and inner radiance, how can you tap into that energy? Here are some practical tips to help you nurture your own “shining” qualities:

- **Practice mindfulness:** Cultivate awareness of your thoughts and feelings to foster clarity and calm.
- **Meditate regularly:** Meditation helps quiet the mind and connect with your inner light.
- **Engage in acts of kindness:** Compassion and generosity increase your energetic vibration.
- **Spend time in nature:** Natural environments can recharge your spirit and enhance your sense of connection.
- **Focus on positive affirmations:** Reinforce your self-worth and potential through daily positive statements.

These steps can bring you closer to embodying the qualities associated with the shining ones, making the concept not just symbolic but personally transformative.

Exploring Historical References to the Shining Ones

Throughout history, various cultures have recorded encounters or descriptions of beings that could be identified as the shining ones. These references often intertwine with folklore, religious texts, and ancient manuscripts.

The Shining Ones in Religious Texts

In several religious traditions, shining figures appear as angels, prophets, or divine messengers. For instance, in Christianity, angels are frequently described as radiant beings of light, embodying purity and divine authority.

Similarly, Hindu scriptures mention devas—celestial beings who shine with divine light and oversee various aspects of the cosmos. These shining ones serve as intermediaries between the divine and human realms.

Archaeological and Mythological Evidence

Some ancient artifacts and artworks depict luminous beings, suggesting that the concept of the shining ones was widespread. Cave paintings, statues, and carvings sometimes show figures surrounded by halos or glowing auras.

These artistic choices reflect the cultural importance of light as a symbol and the reverence for beings considered to be “shining” in a literal or figurative sense.

Why the Fascination with the Shining Ones Endures

The enduring appeal of the shining ones lies in their embodiment of ideals we all aspire to—wisdom, purity, enlightenment, and transcendence. They represent the light within each person and the hope that we can overcome darkness in our lives and the world.

Whether encountered in ancient myths, spiritual teachings, or modern media, the shining ones invite us to explore deeper truths and connect with a sense of wonder.

Their luminous presence reminds us that beyond the mundane, there exists a realm of brilliance and possibility waiting to be discovered. And perhaps, in some way, we are all shining ones in the making.

Frequently Asked Questions

Who are 'The Shining Ones' in mythology?

In various mythologies, 'The Shining Ones' often refer to divine or supernatural beings characterized by their radiant or luminous appearance, symbolizing purity, enlightenment, or power.

What is the significance of 'The Shining Ones' in Celtic mythology?

In Celtic mythology, 'The Shining Ones' is a poetic term used to describe the Tuatha Dé Danann, a race of supernatural beings associated with magic, wisdom, and the arts.

Are 'The Shining Ones' featured in modern literature or media?

Yes, 'The Shining Ones' appear in several modern fantasy novels and games, often portrayed as enlightened or powerful entities guiding or challenging protagonists.

Is there a scientific or historical basis for 'The Shining Ones'?

While 'The Shining Ones' are primarily mythological or symbolic, some theories suggest they could be inspired by ancient encounters with advanced beings or misunderstood natural phenomena.

How are 'The Shining Ones' depicted in popular culture?

In popular culture, 'The Shining Ones' are depicted as radiant, glowing figures, sometimes angels, aliens, or mystical beings representing higher knowledge or cosmic energy.

What themes are associated with 'The Shining Ones' in storytelling?

Themes of enlightenment, transcendence, divine intervention, and the battle between light and darkness are commonly associated with 'The Shining Ones' in storytelling.

Can 'The Shining Ones' be linked to any religious beliefs?

Some religious beliefs reference shining or radiant beings, such as angels or divine messengers, which can be conceptually linked to the idea of 'The Shining Ones.'

Are there any famous artworks or symbols representing 'The Shining Ones'?

Artworks depicting glowing or radiant figures, such as angels in Christian art or the luminous deities in various cultures, can be considered representations of 'The Shining Ones.'

The Shining Ones: Unveiling the Mystique Behind the Name

the shining ones have long captured the imagination of various cultures, scholars, and enthusiasts alike. Whether referenced in ancient texts, modern literature, or popular culture, the term evokes a sense of mystery, enlightenment, and otherworldly brilliance. This article delves into the multifaceted interpretations and representations associated with the shining ones, examining their historical context, cultural significance, and the ongoing fascination they inspire.

The Historical Origins and Cultural Significance of the Shining Ones

The phrase “the shining ones” appears in multiple ancient civilizations’ lore, often symbolizing beings of extraordinary power or divine nature. In some traditions, these entities are considered celestial messengers or enlightened figures who possess radiant qualities, both literally and metaphorically.

For example, within ancient Mesopotamian mythology, the Anunnaki are sometimes described as “shining ones,” beings who descended from the heavens and influenced early human development. Similarly, in Hindu mythology, the Devas—gods of light and goodness—are often depicted as luminous beings, shining with divine energy.

The consistent use of light and radiance to describe these figures suggests a universal human tendency to associate brilliance with knowledge, power, and transcendence. This symbolic connection has persisted through time, evolving in form but retaining core themes.

Modern Interpretations and Popular Culture

In contemporary settings, the shining ones have been adapted into various genres, from speculative fiction to spiritual discourse. The term frequently appears in novels, films, and video games, often representing enlightened or supernatural characters.

For instance, in fantasy literature, the shining ones might be portrayed as ethereal warriors or guardians who embody purity and strength. This representation blends traditional notions of light as a force of good with modern storytelling conventions, enhancing the archetype’s appeal.

Additionally, new age and spiritual movements often reinterpret the shining ones as ascended masters or enlightened beings who guide humanity toward higher consciousness. These interpretations emphasize themes of spiritual awakening, inner light, and transformative wisdom.

Analyzing the Symbolism and Themes Associated with

the Shining Ones

The shining ones serve as a rich subject for exploring symbolic meanings related to illumination, divinity, and transcendence. Their depiction often incorporates light as a metaphor for knowledge and enlightenment, contrasting with darkness as ignorance or evil.

This dichotomy appears across religious texts and philosophical writings, where the shining ones represent an ideal state of awareness or purity. Their radiance can symbolize the illumination of truth and the dispelling of confusion.

Moreover, the shining ones can be viewed through a psychological lens as archetypes reflecting human aspirations. Carl Jung's concept of archetypes includes figures that embody universal themes, and the shining ones fit into the archetype of the "wise guide" or "divine messenger."

Comparative Perspectives: The Shining Ones Across Cultures

The universality of the shining ones motif invites a comparative analysis. While the specific names and narratives differ, the core idea of luminous, elevated beings recurs worldwide.

- **Christianity:** Angels, often described as radiant and shining, serve as messengers of God and protectors of humans.
- **Ancient Egypt:** The Aten, the sun disk, symbolizes divine light and life-giving power, closely linked with the concept of shining divinity.
- **Native American Traditions:** Certain spirits or ancestors are portrayed as shining or glowing beings, embodying wisdom and guidance.
- **Japanese Mythology:** The Amaterasu, sun goddess, represents the ultimate shining deity who brings light and life to the world.

These parallels emphasize the human tendency to personify light as a source of hope, protection, and higher knowledge.

The Shining Ones in Literature and Media: Case Studies

Analyzing specific examples from literature and media helps illuminate how the shining ones archetype is adapted and reinterpreted for modern audiences.

Literary Depictions

In Ray Bradbury's "The Martian Chronicles," one story titled "The Shining Ones" explores themes of alien encounter and the unknown, portraying beings whose brilliance symbolizes otherworldliness and mystery. Similarly, fantasy authors often imbue their shining ones characters with qualities of heroism and moral clarity, using light imagery to reinforce these traits.

Film and Television

Films and TV series frequently depict shining ones as supernatural entities, often linked with themes of salvation or cosmic balance. The use of visual effects to emphasize their luminosity enhances their mystique and underscores their role as powerful, benevolent forces.

Video Games

In interactive media, shining ones often appear as pivotal characters or factions, combining visual impact with narrative significance. Their glowing appearance can serve gameplay functions, such as indicating ally status or magical abilities, further reinforcing their symbolic resonance.

Pros and Cons of the Shining Ones Archetype in Modern Narratives

While the shining ones archetype carries profound symbolic weight, its use in storytelling and spiritual discourse has both advantages and limitations.

- **Pros:**

- Provides a universal symbol of hope and enlightenment that resonates across cultures.
- Facilitates the exploration of complex themes like morality, spirituality, and transcendence.
- Offers flexibility for creative reinterpretation in various media formats.

- **Cons:**

- Risk of cliché or overuse, which can dilute the archetype's impact.
- Potential for cultural appropriation if not handled with sensitivity.

- May oversimplify nuanced spiritual concepts into binary good-versus-evil frameworks.

These factors suggest the importance of thoughtful engagement with the shining ones motif to maintain its relevance and depth.

The Ongoing Fascination and Future Directions

The shining ones continue to captivate modern audiences, serving as symbols of aspiration and mystery. Advances in technology and storytelling have enabled more immersive representations, allowing creators to experiment with how these luminous beings are portrayed.

Moreover, the intersection of ancient mythologies with contemporary spiritual practices ensures that the shining ones remain a dynamic and evolving concept. Scholars and enthusiasts alike are likely to keep exploring their origins, meanings, and manifestations.

In sum, the shining ones embody a timeless human fascination with light as a metaphor for the divine and the unknown, bridging past and present through their enduring symbolism.

The Shining Ones

the shining ones: The Shining Ones: The World's Most Powerful Secret Society Revealed Philip Gardiner Co-Author, Gary Osborn, 2011-12-21 The Shining Ones were members of an advanced culture that was almost lost; but their wisdom and their power survived. They preserved the secrets of their advanced knowledge in mythology and legend; they embedded their secret codes in symbolism in art, architecture, the mystery traditions and literary works - including the Bible. The authors have found traces of the influence of The Shining Ones in all the major religions with roots in the ancient world. Gardiner and Osborn have discovered that their secrets and rituals have been hidden and preserved through the centuries, by the Knights Templar, the Rosicrucians and the Freemasons to the present day. Furthermore, they believe that the evolution of civilization has been manipulated by a secret and powerful group of initiates descended from The Shining Ones. They can identify their influence behind science, religion, mysticism and philosophy - and, of course, in the arena of powerful politics. This is an extraordinary story of intrigue and power play at a very human and political level. But it is also the revelation that the Shining Ones had knowledge of the deep spiritual truth that lies at the heart of mankind's yearning for an understanding of the meaning of life and to achieve salvation.

the shining ones: *The Kingdom of the Shining Ones* Flower A. Newhouse, 2013-10 This is a new release of the original 1955 edition.

the shining ones: Shining Ones David Eddings, 1994-07-02 NEW YORK TIMES BESTSELLER

- Sparhawk's legendary journey continues in Book Two of The Tamuli. Years past, the Child-Goddess Aphrael had hidden Bhelliom, the Stone of Power. It rested at the very bottom of the deepest ocean, that nevermore should its awesome power sing temptation to mortal men. Then a menace arose, a malign force wielding incomprehensible destruction across all the lands. To halt that force of evil,

Sparhawk, knight and queen's champion, set out to retrieve the sapphire rose from its briny sleep—even as his foes sought the gem for their own diabolical ends. Sparhawk and his loyal companions must find the Stone and safeguard it, both from those who sought to steal it and from the horrors those evildoers had already loosed upon the world. The most feared of all the monsters that terrorized Tamuli were the Shining Ones: dreaded, glowing beings whose mere touch could melt human flesh from bone. All too soon, Sparhawk and his companions found themselves stalked by those fell creatures out of myth. For the Shining Ones, too, had designs on Bhelliom—designs that would change the very shape of the world. . . .

the shining ones: The Shining Ones Philip Gardiner, 2002 For many years now there has been an upsurge in revelation stories and alternative viewpoints on man's history. People such as Graham Hancock and Lawrence Gardner have brought to light many new ideas and many new problems. Now there is a new theory which is all-encompassing and clearly brings into focus a more sinister reason behind the emergence of civilisation. In his theory on Atlantis Graham Hancock is receiving much admiration and academic acclaim. Standard academic thought is more towards the spontaneous eruption of civilisation across the globe, with little or no explanation of why there are so many similarities between the cultures. Now, Philip Gardiner, in his new book THE SHINING ONES is set to turn even this upon its head. The theory is so simple that it begs the question, why has it not been thought of before? The reason for universal similarity of architecture, language, art, travel and religious belief is quite simply an ancient and secret religious brotherhood who have hidden themselves deep within the symbols, ciphers and codes of our ancient texts for hundreds of years. They held a secret knowledge and power base which spread with them across the globe. The very title that they have given themselves is hidden within the standard text and religious books we use every day -- The Shining Ones. Put like this, the whole thing can sound like an X-Files conspiracy theory. However the author has invested huge amounts of time and energy checking, researching and seeking the advice of academics. Now the theory is attracting the attention of historians who can see that the patterns are as subtle as this author proposes. The fact is, this theory does explain away all the problems with dating and variations that people such as Hancock have come up against. Many academics and especially Egyptologists are now turning to this way of thinking and with Gardiner's spirit and broad knowledge in history and language the history of the ancients and the secrets that they hold are becoming more clear. There are of course dissenters. The author has been accosted for his standpoint and there are still those hardened academics and even non-academics who refuse to even listen. However, there is a major TV documentary in pre-production stages and with interviews planned across the nation on radio and TV the message may soon be accepted as a credible theory.

the shining ones: The Shining Ones David Eddings, 1994 As he seeks to recover Bhelliom, the lost jewel of power, Sparhawk meets the Shining Ones, beings whose touch brings death.

the shining ones: The Shining Ones (The Tamuli Trilogy, Book 2) David Eddings, 2010-05-20 Continuing the epic tale begun in Book One of The Tamuli, Domes of Fire...

the shining ones: The Shining Ones Paul Preuss, 1991

the shining ones: The Teachings of the Shining Ones Lynn Hall, 2006-09 'Different authors have written many books on the subject of the Shining Ones. Each account is contrary to the last, perhaps leaving a feeling of confusion amongst the general readership of so-called New Age books. 'I have been channeling the Shining Ones since 1988 and through a series of teachings I have pieced together this collection, which will explain exactly who the Shining Ones are and how they can help us on our journey through life.' Lynn Hall

the shining ones: The Shining Ones Iain Smith (Fiction writer), 2005

the shining ones: "The Shining Ones" Helene E. Hagan, 2001-08-17 The Introduction of the book indicates the necessity to start with the archaeology of the early settlements of the West Bank of the Nile , a territory to be considered as the mother or matrix of all Egyptian civilization. It establishes the pioneer nature of this Etymological Essay in the English language, as most of the studies in keeping with its findings are to be found in the scholarly literature of Europe and North

Africa. 1. Archaic Terminology: The chapter traces the origins of early settlements of the northwestern region of Egypt, the desert oases, the Fayum, the region of the Lakes, and the western portion of the delta of the Nile, by Saharan and Libyan archaic people, with specific emphasis on archaic topography which can be directly related to Modern Amazigh spoken today in North Africa (Tamazirt.) 2, The Pillar People: The review of a number of terms from the mythology and ceremonial procedures of dynastic Egypt shows the influence of those early settlers named The People of the Pillars (Intui) on the beliefs and practices perpetuated through centuries in Egypt, and the presence of an all pervasive worship of these early origins: (cult of ancestors.) 3. The Holy rulers of First Princes of Egypt: An intensive comparative review of ancient Egyptian and Modern Amazigh terms reveals that the first noble rulers of the area were of Amazigh origin. A series of families of terms link quite clearly a number of beliefs and practices to the North African cultural complex. 4. Tehuti, time and the Wisdom of the stars is a chapter delving a little more deeply into the cosmogony and cosmology of the early Egyptians, and the roots of that knowledge in archaic practices, which have parallel indicators in North Africa. 5. The Innermost Shrine from The Book of the Dead: The geography of the Land of the Beyond, Tu-at (Du-Ament), and a variety of important indices throughout the Book of the Dead indicate quite clearly that the final return of the defunct to the Blessed Land of the Ancestors was also a step by step description of their claim of descent from these original beings. The rule of "Ma-aa-at," the organizing principle of an entire civilization for centuries, or 'NTR," originated in the area of the Sacred lakes and the ancient settlements of the Fayum and oasis complex. Linguistic comparison with Modern Amazigh continues to indicate the kinship of those people with North African Imazighen (also known as Berbers.) 6. A Conclusion, Notes, and an Appendix, which is the reproduction of an article published in The Amazigh Voice, a publication of the Amazigh Cultural Association in America, indicate the pioneer aspect of such a work and the direction in which further linguistic studies could bring increasing light into areas of Egyptian scholarship heretofore deemed as obscure and/or of barbarous origin. .

the shining ones: The Shining Ones David Eddings, 1995-05-03 Book Two of The Tamuli. The New York Times Bestseller! Years ago, the Child-Goddess Aphrael had hidden Bhelliom, the Stone of Power, at the bottom of the sea. Yet now it is needed again to stop a malign force from spreading evil and destruction across the lands. Sparhawk, Queen's champion, sets out to retrieve the Stone. But others seek the gem for their own diabolical ends. Most fearsome of these are the Shining Ones, whose mere touch melts human flesh from bone. Now Sparhawk finds himself stalked by these creatures out of myth . . . whose touch is all too real. Copyright © Libri GmbH. All rights reserved.

the shining ones: The Shining Ones Ambassadors of a New Age of Light DeAnne Hampton, 2013-01-30 The Shining Ones are known throughout the Cosmos as Master Geneticists - they carry the higher octave harmonics of humanity's attunement to a 5D World. Through the New Human Templates of Love, Harmony, Joy, Unity, Co-Creation, Abundance and Sovereignty, these benevolent, wise and unconditional luminous ones are here to mirror the remembrance now activating in the human DNA. This book follows the introduction of The New Human Paradigm in 2008 via author DeAnne Hampton's previous work, The New Human, Understanding Our Humanity, Embracing Our Divinity. The Shining Ones, Ambassadors of a New Age of Light follows the arc of humanity's evolutionary expansion from 2006 through the 12/21/12 gateway and marks the planetary return of this Advanced Light Race to the human species. This manuscript is light-encoded as an attunement toward the highest potentials of human consciousness now awakening to a New Earth.

the shining ones: The Shining Ones Kasey Hill, 2019-12-22 It's been 8 years since Incaendiel and Sophie helped all of the fallen angels return to the summit. Both of them hold a secret the other does not know, and they have yet to see each other after Incaendiel has been stranded on earth to walk alone in darkness. But this isn't about them, it's about Luxina, Xavier, and Damien as they all stand the test of time against the fallen demiurge, Alpha. The clock is clicking closer to an apocalypse and it is up to these three to stop it with their mysterious powers granted to them.

the shining ones: The Shining Ones Saleire, 2016-01-08 In this book by Saleire you will find portraits of beings from outer space that have come to guide and protect people on earth who are

connected to them. Saleire is a psychic artist and shows that you can have universal beings as guide, as well as the people you love in the spiritual realms. They come with messages of love and guidance; sharing their knowledge on how to develop into conscious beings with the awareness that we are one, all connected through the source and therefore all brothers and sisters in the unity that is love. We are all of the light and the guides that come through Saleire are only too happy to share this love and light with those who will listen. Their messages are inspiring and full of promise if we only open our minds and our hearts to receive them.

the shining ones: The Shining Ones Aldivan Torres, 2025-08-09 Mary Magdalene is a prostitute. Working in a brothel, you have known all the rot life can offer. Immersed in this sea of mud, she no longer hopes that something good will happen. Until, at some point in his life, something happens related to a connection of the past and to an enlightened young man who are the two keys to the discovery of a simply inspiring story. However, was there any chance of softening her petrified heart and making her reflect? Do not miss any scene from The Shining ones.

the shining ones: The Cavern of the Shining Ones Hal K. Wells, 2008

the shining ones: The Shining Ones Chike Momah, 2010-03-31 Christian Chike Momah was born on October 20, 1930 to Sidney and Grace Momah, of Obiuno, Otolo, Nnewi, Nigeria. He was educated at the St. Michael's (C.M.S.) School, Aba; the Government College, Umuahia; and the University College, Ibadan, where he earned a Bachelor's degree in History, English and Religious Studies in 1953. In 1959, he obtained the Associateship of the Library Association from the University College, London.

the shining ones: Earth's Catastrophic Past and Future William Hutton, Jonathan Eagle, 2004-08 Edgar Cayce, America's best documented psychic, gave upwards of 44 readings that dealt with lost continents, geophysical changes to Earth beginning 1958-1998, and a pole shift due to begin about now. In this book, geologist William Hutton and researcher Jonathan Eagle look for correspondences between results of geophysical research studies and psychic descriptions of prehistoric catastrophes. They also seek scientifically to test readings' predictions of catastrophic Earth changes, all the while investigating the following fascinating subjects: * Development and calibration of a comprehensive pole-shift model * The countries predicted to be most affected by a sudden, 1° pole shift. * The geologic trend for a mineralized gold vein at Bimini, Bahamas. * The authors' discoveries of correlations between: - a 2002 arctic earthquake and the eruption of torrid-area volcanoes, - the dropping of atom bombs in 1945 and a significant increase in sunspots following, and - the peaceable nature of Europe in 1645-1715 and the period's near total lack of sunspots. (Cayce readings implied or predicted all three phenomena.) * The first-ever analysis of the sources of Cayce's channeled readings, including a ranking of the veracity and reliability of the most important Earth changes and pole-shift readings. * Moralistic reasons for future catastrophic geophysical changes to Japan, China, and America. * Locations of post-pole-shift safety lands in Canada and America. * Locations of the records of the Atlantean civilization, to be found when Earth changes begin. * How to awaken to the New Cycle presently opening before humanity. * Evidence for Atlantis in the mid-Atlantic ridge area and for Lemuria (or Mu) in the Pacific. * The consuming religious war in which we find ourselves, and an answer to world conditions today. * Visions of an imminent Age-ending fire, as found in a Cayce reading, in a channeled book by Phylos the Tibetan, and in the 1960s visions of girls at Garabandal, Spain. * Doubtful interpretations of Earth-changes and pole-shift readings advanced by managers and writers of Cayce's legacy organization, the Association for Research and Enlightenment, Inc. From the Foreword by the Editor: The acid test of pole shift and other Earth change predictions is their scientific credibility. If true, momentous societal and political changes are imminent. The geopolitical map of the world will be redrawn. The authors are exploring the transition from the end of one Age to the beginning of another.

the shining ones: The Shining Ones Chandra Easton, 2023-11-06 The Shining Ones is an anthology of the Angels of Earth.
