Dictionary of the Holy Quran: Unlocking the Language of Divine Revelation

Dictionary of the Holy Quran serves as an essential resource for anyone seeking to deepen their understanding of the Quranic text. Unlike a typical dictionary, this kind of lexicon delves into the unique vocabulary, meanings, and contextual usage of words found exclusively in the Quran. With the Quran written in classical Arabic, the dictionary not only aids in translation but also illuminates the spiritual, historical, and linguistic richness embedded within the sacred verses. Whether you are a student of Islamic studies, a translator, or simply curious about Quranic Arabic, exploring a dictionary of the Holy Quran can transform your reading experience and comprehension.

The Importance of a Dictionary of the Holy Quran

The Holy Quran is a text revered by millions worldwide, and its language is both poetic and profound. However, classical Arabic, the language of the Quran, differs significantly from modern Arabic dialects spoken today. This linguistic gap makes a specialized dictionary invaluable when studying the Quran.

Bridging Classical and Modern Understanding

Many words in the Quran have roots shared with modern Arabic but carry different connotations or levels of depth. A Quranic dictionary helps bridge this divide by:

- Explaining the root meanings of words and their derivatives.
- Clarifying the contextual usage within specific verses.
- Highlighting subtle nuances that affect interpretation.

Without this resource, readers might miss the layers of meaning that classical Arabic words convey, potentially leading to a superficial understanding of the text.

Enhancing Spiritual and Linguistic Insight

The dictionary of the Holy Quran does more than translate; it unveils the interconnectedness of words, phrases, and themes throughout the scripture. Understanding the precise meaning behind words like "taqwa" (piety), "rahmah" (mercy), or "iman" (faith) enriches spiritual reflection and application.

Features of a Comprehensive Dictionary of the Holy Quran

Not all dictionaries are created equal. The most effective Quranic dictionaries possess features that cater specifically to the sacred text's complexity and richness.

Root-Based Entries

Classical Arabic words often derive from three-letter roots that form a family of related meanings. A well-structured dictionary organizes entries by these roots, allowing users to explore the full semantic range of a word family.

Contextual Examples

Words in the Quran can have multiple meanings depending on their context. A quality dictionary provides references to the specific verses where a word appears, accompanied by explanations to clarify its intended meaning.

Inclusion of Tafsir and Linguistic Notes

Some dictionaries go beyond simple definitions, incorporating insights from classical tafsir (exegesis) and linguistic analysis. These notes can help readers appreciate subtle grammatical forms, rhetorical devices, and theological implications.

How to Use a Dictionary of the Holy Quran Effectively

Approaching a dictionary of the Holy Quran can seem daunting, especially for those unfamiliar with Arabic or Islamic scholarship. Here are some tips to

maximize your learning experience.

Start with Familiar Verses

Begin your exploration with verses you already understand in your language. Look up key words in the dictionary to discover deeper meanings and how the original Arabic conveys concepts more richly than translation alone.

Focus on Root Words

Rather than looking up words in isolation, identify their root letters and study related words. This method reveals connections across different parts of the Quran and enhances vocabulary retention.

Use Alongside Tafsir and Translation

Pair your dictionary study with a reputable translation and tafsir to gain a holistic understanding. The dictionary will clarify individual words, while tafsir explains the broader context and interpretations.

Popular Dictionaries and Resources for Quranic Arabic

Several well-regarded dictionaries and digital tools are available to aid Quranic studies, each with unique strengths.

Lane's Lexicon

One of the most famous classical Arabic dictionaries, Lane's Lexicon offers exhaustive entries on Quranic words, including root meanings, examples from poetry, and classical usage. Though dense, it remains a cornerstone for serious researchers.

Hans Wehr Dictionary of Modern Written Arabic

While not exclusive to the Quran, this dictionary is widely used for learning Arabic vocabulary. It can complement Quranic dictionaries by providing modern usages and derivations.

Online Quranic Dictionaries and Apps

The digital age has brought accessible Quranic dictionaries online. Websites and mobile apps often feature searchable text, root analysis, and integrated tafsir, making study more interactive and convenient.

The Role of a Quranic Dictionary in Translation and Interpretation

Translating the Quran is a challenging task that requires more than linguistic skill—it demands sensitivity to cultural, historical, and theological contexts. A dictionary of the Holy Quran assists translators by:

- Ensuring precise lexical choices that reflect the original meaning.
- Highlighting polysemous words that may require nuanced interpretation.
- Providing examples that guide the translator toward faithful renditions.

This resource is indispensable for producing translations that are both accurate and spiritually resonant.

Exploring the Vocabulary: Examples from the Dictionary of the Holy Quran

To appreciate the value of a Quranic dictionary, consider a few examples of words that carry deep meanings:

- **Tawhid** (توحيد): Beyond the simple notion of "oneness," this term signifies the fundamental Islamic concept of monotheism, encompassing the unity of God's essence, attributes, and sovereignty.
- **Sabr** (صبر): Often translated as "patience," but in the Quranic context, it also includes perseverance, endurance, and steadfastness in the face of trials.
- **Hijrah** (هجرة): Literally "migration," this word refers historically to the Prophet Muhammad's migration from Mecca to Medina, symbolizing sacrifice and commitment.

Each of these terms unfolds with layered meanings when explored through a dedicated Quranic lexicon, enriching the reader's understanding.

Challenges and Considerations When Using a Dictionary of the Holy Quran

While immensely helpful, using a Quranic dictionary requires awareness of certain limitations and challenges:

Complexity of Classical Arabic

Classical Arabic's grammar and vocabulary are intricate, and dictionary entries can be dense or technical. Beginners might find some explanations overwhelming without supplementary guidance.

Variations in Interpretation

Different scholars sometimes interpret words differently based on theological or linguistic perspectives. A dictionary may reflect one school of thought, so cross-referencing multiple sources is advisable.

Contextual Sensitivity

Words can have different meanings depending on the verse's context. Relying solely on dictionary definitions without considering the broader passage might lead to misinterpretation.

Integrating Technology with Traditional Quranic Dictionaries

Modern technology has revolutionized the way learners interact with Quranic Arabic. Digital dictionaries now offer features that enhance traditional study methods.

- **Searchable Text:** Quickly find words anywhere in the Quran with root and lemma searches.
- **Audio Pronunciations:** Learn correct Quranic pronunciation alongside definitions.

- **Cross-Referencing:** Link dictionary entries to tafsir, translations, and related vocabulary.
- **Personalized Learning:** Track progress, bookmark difficult words, and receive quizzes to reinforce learning.

These tools make the dictionary of the Holy Quran more accessible and engaging for a wide audience.

Delving into the dictionary of the Holy Quran unlocks a profound gateway to understanding the sacred text in its original linguistic beauty. It invites readers not just to read, but to experience the Quran's words with depth and clarity, paving the way for enriched spiritual and intellectual journeys.

Frequently Asked Questions

What is the Dictionary of the Holy Quran?

The Dictionary of the Holy Quran is a comprehensive reference book that provides meanings, explanations, and linguistic roots of words used in the Quran to aid in understanding the scripture.

Who authored the most popular Dictionary of the Holy Quran?

One of the most popular dictionaries of the Holy Quran was authored by Malik Ghulam Farid, who compiled it to help readers understand Quranic vocabulary and their contextual meanings.

How does a Dictionary of the Holy Quran help in Quranic studies?

It helps by explaining the meanings of Arabic words, their roots, and usage within the Quran, enabling readers and students to understand the text more deeply and accurately.

Are there English versions of the Dictionary of the Holy Quran?

Yes, there are English translations and dictionaries of the Holy Quran available that provide meanings and explanations of Quranic Arabic words for non-Arabic speakers.

Is the Dictionary of the Holy Quran useful for non-Arabic speakers?

Absolutely, it is especially beneficial for non-Arabic speakers who want to study the Quran in its original language and understand the meanings of words without relying solely on translations.

Can the Dictionary of the Holy Quran be accessed online?

Many versions and resources related to the Dictionary of the Holy Quran are available online through Islamic educational websites and digital Quran study platforms.

Does the Dictionary of the Holy Quran include explanations of root words?

Yes, it typically includes root words and their derivatives, helping readers understand the linguistic structure and deeper meanings of Quranic vocabulary.

How is the Dictionary of the Holy Quran different from a regular Arabic dictionary?

It focuses specifically on words used in the Quran, providing context and meanings relevant to the scripture, whereas a regular Arabic dictionary covers the broader Arabic language.

Can the Dictionary of the Holy Quran aid in memorization and recitation?

While primarily a linguistic tool, understanding word meanings through the dictionary can enhance memorization and recitation by giving learners a clearer comprehension of the verses.

Additional Resources

Dictionary of the Holy Quran: An In-Depth Exploration of Its Role and Significance

Dictionary of the holy quran serves as an indispensable tool for scholars, students, and enthusiasts seeking to understand the linguistic, theological, and cultural dimensions of Islam's sacred text. The Quran, written in classical Arabic, is not only a religious scripture but also a complex linguistic masterpiece whose meanings are deeply rooted in the nuances of the Arabic language. A dedicated dictionary of the Holy Quran thus becomes

essential for interpreting its verses accurately and for contextualizing its teachings within both historical and contemporary frameworks.

The Importance of a Dictionary of the Holy Quran

The Quran's language is classical Arabic, which differs significantly from the modern standard Arabic spoken today. This linguistic gap poses challenges for non-native speakers and even for native Arabic speakers who are unfamiliar with the classical lexicon. A dictionary specifically tailored to the Holy Quran bridges this gap by providing meanings, root words, morphological analyses, and contextual interpretations that are faithful to the original text.

Unlike general Arabic dictionaries, a dictionary of the Holy Quran focuses exclusively on the vocabulary found within the scripture, highlighting words that might carry unique connotations or theological significance. This specialization aids in preserving the semantic integrity of the Quranic text and prevents misinterpretations that can arise from generic linguistic tools.

Features of a Comprehensive Quranic Dictionary

A well-constructed dictionary of the Holy Quran typically includes several key features that enhance its utility:

- **Root Word Analysis:** Classical Arabic words often derive from trilateral roots. Understanding these roots allows readers to grasp the core meanings behind various word forms.
- **Contextual Definitions:** Given the Quran's poetic and sometimes metaphorical style, definitions are provided with examples of verse usage to illuminate context-specific meanings.
- **Phonetic Transcriptions:** For learners unfamiliar with Arabic script, phonetic guides facilitate accurate pronunciation, which is crucial in Quranic recitation.
- **Cross-Referencing:** Interlinking words with related terms and verses helps users explore thematic connections within the Quran.
- **Commentary Integration:** Some dictionaries incorporate brief tafsir (exegesis) notes to clarify complex terms or concepts.

These features distinguish a Quranic dictionary from conventional lexicons,

underscoring its role as both a linguistic and theological reference.

Comparing Popular Quranic Dictionaries

Multiple dictionaries of the Holy Quran have been published over the years, each with varying emphases and methodologies. Some well-known examples include:

1. **Lane's Lexicon:** Renowned for its exhaustive approach, it remains a fundamental resource for scholars, despite its 19th-century origins.
2. **Hans Wehr Dictionary:** Widely used in academic settings, it is appreciated for its clarity and organization but leans more toward modern standard Arabic.
3. **The Quranic Arabic Corpus Dictionary:** A contemporary, digital resource with morphological tagging and syntactic analysis, offering an interactive experience.
4. **Al-Mawrid Al-Qareeb:** Balancing simplicity and detail, it is suitable for students seeking accessible definitions with some classical insights.

Each dictionary has pros and cons depending on the user's background and objectives. For instance, Lane's Lexicon offers depth but can be overwhelming for novices, while digital tools provide convenience but may lack traditional scholarly commentary.

The Role of Digital Quranic Dictionaries

The advent of digital technology has revolutionized access to Quranic linguistic resources. Online dictionaries and apps now enable instant lookup of words, root derivations, and verse references. Features such as audio pronunciations, tafsir links, and search functions enhance the learning experience significantly.

Digital dictionaries also integrate with Quranic software that allows readers to study morphology and syntax in real time. This integration supports advanced linguistic analysis and comparative studies, making Quranic Arabic more accessible to a global audience.

However, reliance on digital platforms requires critical appraisal of sources to ensure accuracy and authenticity. Not all online dictionaries maintain the rigorous standards necessary for Quranic studies, highlighting the continuing importance of reputable printed and peer-reviewed resources.

Challenges in Developing a Quranic Dictionary

Creating a dictionary dedicated to the Holy Quran involves several complex challenges:

- **Semantic Ambiguity:** Many Quranic words have multiple meanings depending on grammatical form and context. Disambiguating these meanings requires scholarly consensus.
- **Historical Linguistic Variations:** The Arabic language has evolved, and meanings may have shifted since the Quran's revelation. Dictionaries must balance historical authenticity with contemporary understanding.
- **Theological Sensitivities:** As a sacred text, the Quran's words carry spiritual weight. Lexicographers must avoid interpretations that could be seen as controversial or heretical.
- **Transliteration and Translation:** Accurate transliteration is essential for non-Arabic speakers, but it can never fully capture the phonetic nuances of classical Arabic.

Addressing these issues requires collaboration between linguists, theologians, and historians to produce a resource that is both scholarly rigorous and accessible.

Applications of a Quranic Dictionary Beyond Language Learning

While the primary function of a dictionary of the Holy Quran is to facilitate understanding of the text, its applications extend further:

- **Tafsir Studies:** Accurate word meanings underpin exegesis, allowing scholars to interpret verses within theological and historical contexts.
- **Interfaith Dialogue:** Providing precise language resources helps clarify common misconceptions about Islam among people of other faiths.
- **Academic Research:** Linguists and historians utilize Quranic dictionaries to analyze the text's linguistic structure, literary style, and historical development.
- **Translation Projects:** Translators rely on detailed dictionaries to render the Quran's meanings accurately in various languages.

These diverse applications demonstrate the dictionary's central role in bridging knowledge gaps surrounding the Quran.

The dictionary of the Holy Quran continues to evolve as new linguistic insights emerge and as technological advancements provide innovative ways to engage with the text. Its significance transcends mere vocabulary explanation, representing a vital link between the Quran's timeless message and the contemporary reader's comprehension.

dictionary of the holy quran: Dictionary of the Holy Qur'ân Malik Ghulâm Farîd, 2006

dictionary of the holy quran: *Dictionary of the Holy Qur'an* Malik Ghulâm Farîd, 2006

dictionary of the holy quran: The Alphabetical Dictionary of the Holy Quran Arabic to English Hicham And Mohamed Ibnalkadi, 2023-06-28 This dictionary presents the complete vocabulary and the phraseology of the Holy Qur'ân. All root-words of the Holy Qur'ân with their derivatives have been included in it. This dictionary will help the reader to ascertain the real, classical, and root meanings of all the Arabic words used in the Holy Qur'ân. Moreover, efforts have been made to highlight various shades of meaning. Another objective is to help the student of the Holy Qur'ân to EASILY FIND and ascertain the in depth meaning of all the Qur'ânic words. Alphabetical Index of all the Qur'ânic words is being provided. Thus, making this dictionary handy and easy to use. Holy Qur'ân has come to be considered as the standard of Arabic language, even by those who have no belief in it to be of Divine origin. Beauties, there are many, and ideas clothed in rich and appropriate language, which not unfrequently rises to a sublimity far beyond the reach of any translation. It would be idle to pretend that the work is an exhaustive dictionary or that it leaves no room for further improvements. It must not for a moment be imagined that all the meanings and characteristic expressions of the Holy Qur'ân have been included in this Dictionary.

dictionary of the holy quran: The Dictionary of the Holy Qur'ân Abdul Mannân Omar, 2010

dictionary of the holy quran: Holy Quran Maulana Muhammad Ali, 2011-05-02 The Holy Qur'an EBook version English Translation and Commentary - Detailed commentary with extensive references to standard authorities, both classical and modern - Comprehensive introduction deals with Islamic teachings and the collection and arrangement of the Holy Qur'an - Extensive Index Reviews There is no other translation or commentary of the Holy Qur'an in the English Language to compete with Maulvi Muhammad Ali's Masterpiece. -- Al-Haj Hafiz Ghulam Sarwar, translator of the Holy Qur'an To deny the excellence of Maulvi Muhammad Ali's translation, the influence for good it has exercised and its proselytizing utility would be to deny the existence of the light of the sun. -- Maulana Abdul Majid Daryabadi, leader of Orthodox Muslim opinion in India) ...has all the merits of what is desired in a translation. -- The Anjuman Himayat-e-Islam, Lahore, Pakistan ...By far the best text currently available in the English language...incontestably one of the finest interpretations of the sacred scripture of Islam. I have no hesitation whatsoever in recommending this translation to students and others seeking to understand the essence and epitome of the Quranic message. -- Prof. T. Hargery, Director, African Studies, Northeast Missouri State University, Kirksville ...an austere faithful translation in English...based on a close study of commentaries of the Qur' an - the work of my learned name-sake Maulvi Muhammad Ali of Lahore...The translation and the notes...all demonstrate the labour of love and devoted zeal. -- Late Maulana Muhammad Ali Jauhar of The Comrade It is certainly a work of which any scholar might legitimately be proud. -- The Quest, London

dictionary of the holy quran: The Holy Quran Abdullah Yusuf Ali, 2022-05-17 The Holy Quran, translated by Abdullah Yusuf Ali, stands as a monumental work of religious and literary significance. This translation is celebrated for its eloquent prose and poetic cadence, rendering the original Arabic text accessible to a global audience. Yusuf Ali employs a unique blend of scholarly precision and spiritual insight, meticulously capturing the essence of the Quranic message while offering valuable commentary that situates the text within its historical and cultural contexts. His translation, first published in the early 20th century, reflects a modernist approach, balancing reverence for the text with the needs of contemporary readers. Abdullah Yusuf Ali, a prominent Indian Islamic scholar and translator, dedicated his life to bridging the gap between Islam and the Western world. Influenced by his extensive education in both Islamic studies and English literature, his translation endeavors aimed not only to elucidate the meaning of the Quran but also to foster intercultural understanding. His experiences, particularly in British-ruled India, propelled him to address the misinterpretations of Islam prevalent in the West. For readers of all backgrounds, The Holy Quran offers an invaluable opportunity to engage with one of the world's most profound spiritual texts. Yusuf Ali's translation invites readers to explore its themes of mercy, justice, and guidance, making it an essential addition to any library and a transformative read for those seeking deeper spiritual understanding.

dictionary of the holy quran: A Dictionary and Glossary of the Quran John Penrice, 1997-12-01

dictionary of the holy quran: A Dictionary and Glossary of the Koran John Penrice, 2011-03-01 A Dictionary and Glossary of the Koran, first published in 1873, is a reference guide for anyone wishing to better understand the grammar and language of the Muslim holy book. It contains detailed entries on parts of speech and the meanings of words, much of which was hard to decipher because, as the author points out, the Koran was originally written without vowel points. The author also emphasizes that rather than grammar rules being applied to this authoritative text, it in fact influenced Arabic grammar rules. This dictionary is perfect for students of the Koran and Arabic literature who wish to better understand the book, and who are interested in studying how the Koran is applied to other areas of Muslim culture. Little is known about author JOHN PENRICE except that he is the author of A Dictionary and Glossary of the Koran.

dictionary of the holy quran: The Holy Qur-an: Text, Translation and Commentary Abdullah Yusuf Ali, 2023-12-16 Abdullah Yusuf Ali's The Holy Qur-an: Text, Translation and Commentary stands as a monumental work in Islamic literature, artfully combining the sacred text of the Qur'an with an intricate English translation and comprehensive commentary. The literary style is marked by poetic elegance, reflecting the original Arabic's rhythmic and rhetorical beauty while striving to maintain fidelity to its profound spiritual and doctrinal meanings. Contextually, this work emerged during the early 20th century, a period characterized by increasing interest in interfaith dialogues and a desire for greater accessibility to Islamic texts for English-speaking audiences. Yusuf Ali, a distinguished Indian Islamic scholar, educator, and translator, dedicated his life to bridging cultural and religious divides. His extensive studies in both Islamic theology and Western philosophy underscore the depth of understanding he brought to this translation, allowing him to address both spiritual seekers and academic readers. His experiences traveling through diverse cultures further enriched his insights, driving his mission to present the Qur'an in a manner that resonates with a contemporary audience. For readers seeking to deepen their understanding of Islamic teachings, Abdullah Yusuf Ali's The Holy Qur-an is an indispensable resource. Its thoughtful translation and insightful commentary illuminate the text's profound theological, historical, and ethical dimensions, making it an essential companion for both scholars and lay readers alike.

dictionary of the holy quran: New Perspectives on the Qur'an Gabriel Reynolds, 2012-03-29 This book continues the work of The Qur'ān in its Historical Context, in which an international group of scholars address an expanded range of topics on the Qur'ān and its origins, looking beyond medieval Islamic traditions to present the Qur'ān's own conversation with the religions and literatures of its day. Particular attention is paid to recent debates and controversies in

the field, and to uncovering the Qur'ān's relationship with Judaism and Christianity. After a foreword by Abdolkarim Soroush, chapters by renowned experts cover: method in Qur'ānic Studies analysis of material evidence, including inscriptions and ancient manuscripts, for what they show of the Qur'ān's origins the language of the Qur'ān and proposed ways to emend our reading of the Qur'ān how our knowledge of the religious groups at the time of the Qur'ān's emergence might contribute to a better understanding of the text the Qur'ān's conversation with Biblical literature and traditions that challenge the standard understanding of the holy book. This debate of recent controversial proposals for new interpretations of the Qur'ān will shed new light on the Qur'ānic passages that have been shrouded in mystery and debate. As such, it will be a valuable reference for scholars of Islam, the Qur'an, Christian-Muslim relations and the Middle East.

dictionary of the holy quran: The Qur'an Oliver Leaman, 2006-05-02 A RUSA 2007

Outstanding Reference Title The Qur'an is the source of inspiration for one of the world's major religions, followed today by over a billion people. It plays a central role in Islam and ever since it appeared fourteen hundred years ago has been the subject of intense debate. Some of this has been carried out by Muslims and some by those hostile or indifferent to Islam, producing a very wide range of views. Authored by forty-three international experts, the objective of The Qur'an: An Encyclopedia is to present this diversity of thought, approach and school without priority, in order to give a strong appreciation of the range of response that the text has provoked throughout its history and providing students and researchers with a powerful one-volume resource covering all aspects of the text and its reception. Islam and the Qur'an are much in the news today and there is a public debate going on in which things are said about the Qur'an without much knowledge or understanding of the book. Every effort has been made to help the reader use the Encyclopedia as an investigative tool in Quranic studies. The volume assumes no previous knowledge of the Qur'an, Islam or Arabic. Technical terms are explained in the text itself and the style of each entry is designed to be as self-contained as possible. Entries are cross-referenced and many include a brief bibliography. At the end of the work there is a substantial annotated bibliography providing a detailed guide to the most significant books, journals and articles in Qur'anic Studies. There is a full index. The readership will include those seeking basic information on the Qur'an, however the substantial number of longer entries means that it will also be used by specialists.

dictionary of the holy quran: Dictionary and Glossary of the Koran John Penrice, R.B.

Serjeant, 2017-07-28 John Penrice's Dictionary and Glossary of the Kor-ân first published almost a century ago, has withstood the test of time, and has been an aid to generations of Kor-ân students. According to Islamic doctrine the Kor-ân is the literal word of God, and it would be introduced by the phrase, Qil Allah ta'ilili, God the Exalted said, and when a passage has been recited aloud it will be said, \$adaq Allah al-'Azim, God Almighty has truly spoken.

dictionary of the holy quran: Demystifying Islam Harris Zafar, 2023-06-14

"A welcome correction to the politically tortured conceptions of Islam so prevalent today . . . An important, original new examination of Islam." —Kirkus Reviews Despite heightened interest in the study of the Muslim faith, for many people Islam remains shrouded in mystery and confusion. What really is Shariah law? How is a Muslim to understand Jihad? Does Islam oppose Western values such as free speech or freedom of religion? What place do women have according to Islam? Understanding that this confusion has as much to do with the behavior and words of Muslims as it does with allegations made by anti-Islam activists, Demystifying Islam offers refreshingly bold answers to provocative questions about Islam today. Author Harris Zafar—lecturer, writer, teacher and national spokesperson for Ahmadiyya Muslim Community USA—is forthright about issues where Muslims disagree, and he digs into history through vast research and scholarship to track the origins of differing beliefs. From the burqa to the role of Jesus in Islam, Demystifying Islam is an essential resource and concise guide to understanding the fastest growing religion in the world. "This book is less of a spiritual introduction than it is a cultural one, and an excellent starting point for people navigating interfaith relationships or working to improve understanding and representation in organizations and public discussion." —Publishers Weekly "A significant contribution to the global

conversation on peace, freedom, and justice in a world mystified and threatened by geopolitical and religious tensions.” —Paul Louis Metzger, author of *Connecting Christ*

dictionary of the holy quran: Dictionary Of Holy Quran (Set Of 2 Vols.) Mohammad Maulana, Maulana Mohammad Razi Khan Afridi, 2008 A Dictionary Is A List Of Words. It Contains Not Only Words Or Phrases In An Alphabetical Order But Also Significant Information On Diverse Aspects Thereof. For Instance, Syntactical Aspect, Graphological Aspect, Grammatical Aspect, Phonetical Aspect, Proper Usage And So On. Holy Quran Is The Compilation Of Divine Revelations Made From Allah To His Last But Most Loved Prophet Muhammad (Pbuh). Originally, It Is In The Arabic Language. The Language Which Has The Greatest And The Richest Store-House Of Words. It Has Its Own Sweetness And Peculiarities Which Distinguish It From The Rest Of The Languages Of The World. Present Effort Is One Of The Bold Measures Made So Far In The Field Of Lexicological Issues.
