American History Tellers Podcast: A Deep Dive into America's Past

**american history tellers podcast** has become a fascinating gateway for history enthusiasts, students, and curious minds alike to explore the rich tapestry of America's past. This podcast stands out by bringing to life pivotal moments, influential figures, and transformative events through compelling storytelling and meticulous research. Whether you're a history buff or someone just beginning to delve into American history, this podcast offers an engaging way to connect with the stories that have shaped the nation.

## What Makes the American History Tellers Podcast Unique?

Unlike traditional history lectures or dry documentaries, the American History Tellers podcast uses a narrative-driven approach that immerses listeners in the era being discussed. The creators employ a mix of expert interviews, dramatic reenactments, and vivid descriptions that paint a truly immersive picture of historical events. This storytelling method not only educates but also entertains, making history accessible and enjoyable for a wide audience.

## Storytelling That Connects Past and Present

One of the strengths of the American History Tellers podcast lies in its ability to relate historical events to contemporary issues. By examining the causes and consequences of key moments—like the American Revolution, the Civil War, or the Great Depression—the podcast encourages listeners to see how history influences modern society. This approach sparks curiosity and critical thinking, allowing listeners to understand the relevance of history beyond mere facts and dates.

## High-Quality Research and Authenticity

The podcast creators prioritize accuracy and depth. Episodes are underpinned by thorough research, drawing from primary sources, academic work, and eyewitness accounts whenever possible. This commitment to authenticity ensures that listeners receive well-rounded perspectives on complex historical topics. Additionally, many episodes feature historians and experts who provide context and analysis, enriching the storytelling experience.

## Exploring Key Themes and Episodes

The American History Tellers podcast covers a vast array of topics spanning centuries of American history. Each season often focuses on a specific theme or era, allowing for a deep exploration of the subject matter.

## **Revolution and Nation-Building**

One of the podcast's popular series delves into the American Revolution, tracing the origins of the conflict, the ideological battles, and the personal stories of those who fought for independence. Listeners gain insight into the complexities of revolution—not just the battles but the political and social upheavals that accompanied the birth of the United States.

## **Civil War and Reconstruction**

Another gripping season focuses on the American Civil War and the turbulent Reconstruction era that followed. The podcast navigates through the causes of the war, the experiences of soldiers and civilians, and the profound challenges faced during Reconstruction. This season highlights how deeply the war reshaped the nation and laid the groundwork for ongoing struggles over civil rights.

## **Cultural and Social Movements**

Beyond wars and politics, the American History Tellers podcast shines a light on cultural transformations and social movements. Topics such as the Harlem Renaissance, women's suffrage, and the civil rights movement are explored with sensitivity and nuance. These episodes celebrate the diversity of American history and recognize the contributions of often overlooked groups.

## **Why Listen to History Podcasts Like American History Tellers?**

Podcasts have revolutionized how we access information, and history podcasts in particular offer a unique blend of education and entertainment. The American History Tellers podcast exemplifies this by providing content that fits easily into daily life—whether during commutes, workouts, or downtime.

## **Learning on the Go**

One of the biggest advantages of podcasts is their portability. The American History Tellers podcast allows you to immerse yourself in fascinating stories without having to carve out dedicated reading time. This makes it easier to consistently engage with historical content and build knowledge over time.

## **Enhancing Retention Through Storytelling**

Research shows that storytelling enhances memory retention. The dramatic narratives and character-driven episodes of the American History Tellers podcast help listeners remember historical details more effectively than simply reading facts. This makes the podcast an excellent supplemental tool for

students and educators alike.

## Community and Discussion

Listening to history podcasts often sparks conversations among friends, families, and online communities. The American History Tellers podcast, with its rich content and thought-provoking themes, encourages listeners to discuss and reflect on history's lessons. Engaging with others about these stories helps deepen understanding and appreciation for America's complex past.

## Tips for Getting the Most Out of the American History Tellers Podcast

If you're new to history podcasts or this particular series, here are some tips to enhance your listening experience:

- **Start with a season that interests you:** The podcast covers a wide range of topics, so choose a theme that resonates with your curiosity or current studies.
- **Take notes or journal:** Jotting down interesting facts or questions can help reinforce learning and provide material for further research.
- **Listen actively:** Try to avoid multitasking too much during episodes to fully absorb the detailed storytelling.
- **Discuss with others:** Sharing what you've learned with friends or in online forums can deepen your understanding and make history more engaging.
- **Explore supplementary materials:** Many podcasts provide show notes or reading lists—use these resources to dive deeper into topics that catch your interest.

## The Growing Popularity of History Podcasts

The rise of podcasts like American History Tellers reflects a broader trend in how people engage with educational content. As audiences seek authentic, well-produced, and narrative-driven media, history podcasts have carved out an important niche. They offer a fresh alternative to traditional textbooks and documentaries, making history feel alive and relevant.

Moreover, the accessibility of podcasts has democratized learning. People from all walks of life can access high-quality historical storytelling for free, breaking down barriers that once limited access to academic resources. This shift is helping to foster a more historically informed public.

# Expanding the Reach of American History

American History Tellers and similar podcasts also play a role in expanding the scope of historical narratives. By including diverse voices and underrepresented stories, these podcasts challenge traditional historical canons and enrich our understanding of America's multifaceted past.

## Engaging Younger Audiences

Another exciting aspect is how podcasts attract younger listeners who might not otherwise engage with history. The dynamic format and compelling production values help spark interest in historical subjects among millennials and Gen Z audiences, ensuring that knowledge of America's history continues to thrive.

As the American History Tellers podcast continues to evolve, it remains a vital resource for anyone eager to explore America's story through captivating, thoughtful, and well-crafted episodes. Whether you're revisiting familiar chapters or discovering new ones, the podcast offers an enriching auditory journey through time.

## Frequently Asked Questions

### What is the 'American History Tellers' podcast about?

The 'American History Tellers' podcast explores different eras and events in American history through detailed narratives and storytelling, providing listeners with engaging insights into the nation's past.

### Who hosts the 'American History Tellers' podcast?

The podcast is hosted by Lindsay Graham, who guides listeners through various historical periods with informative and captivating episodes.

### How often are new episodes of 'American History Tellers' released?

New episodes of 'American History Tellers' are typically released weekly, allowing listeners to follow along with new historical stories regularly.

### What makes 'American History Tellers' different from other history podcasts?

'American History Tellers' stands out by focusing on specific decades or themes in American history each season, combining expert interviews, primary sources, and immersive storytelling.

## Can I listen to 'American History Tellers' for free?

Yes, 'American History Tellers' is available for free on most podcast platforms, including Apple Podcasts, Spotify, and the podcast's official website.

## Are there any notable seasons or episodes of 'American History Tellers' that are highly recommended?

Many listeners recommend the seasons covering the 1920s, the Civil Rights Movement, and the Vietnam War for their in-depth analysis and compelling narratives.

## Does 'American History Tellers' include interviews with historians or experts?

Yes, the podcast often features interviews with historians and experts to provide authoritative perspectives and deeper understanding of historical events.

## Is 'American History Tellers' suitable for students and educators?

Absolutely, the podcast is a valuable educational resource that can supplement history lessons and engage students with accessible storytelling.

## Where can I find transcripts or additional resources related to 'American History Tellers'?

## Has 'American History Tellers' received any awards or recognition?

While specific awards may vary, 'American History Tellers' has been praised by listeners and critics alike for its quality research, engaging storytelling, and contribution to public history education.

## Additional Resources

American History Tellers Podcast: A Deep Dive into America's Past Through Engaging Storytelling

**american history tellers podcast** stands as a distinctive voice in the crowded world of historical podcasts, offering listeners an immersive journey into the complex narratives that have shaped the United States. With a keen focus on detailed storytelling supported by rigorous research, this podcast appeals to both history enthusiasts and casual listeners interested in exploring America's multifaceted past. As podcasting continues to evolve as a powerful medium for education and entertainment, American History Tellers has carved out a niche by blending narrative flair with historical accuracy.

# Exploring the Format and Content of American History Tellers Podcast

The American History Tellers podcast is structured in a way that each season focuses on a particular era, theme, or event in American history. This format allows for a deep and nuanced exploration of topics, rather than superficial overviews. The storytelling approach combines first-person reenactments, expert interviews, and archival sources, creating a rich tapestry of perspectives.

One notable feature is the use of dramatized reenactments that bring historical figures and events to life. This technique not only makes the material more engaging but also aids in understanding the social and cultural contexts of the time. For example, in seasons that cover the Revolutionary War or the Civil Rights Movement, listeners are exposed to the voices and emotions of individuals who lived through those periods, making history feel immediate and relatable.

## Historical Accuracy and Research Depth

A critical strength of the American History Tellers podcast is its commitment to accuracy. Each episode is backed by extensive research, often involving collaboration with historians and scholars specializing in the relevant period. This dedication helps the show avoid common pitfalls of historical podcasting, such as oversimplification or the perpetuation of myths.

The podcast also provides citations and references, either on their website or episode notes, allowing interested listeners to delve deeper into primary sources and academic works. This transparency fosters trust and positions the podcast as a reliable resource for learning about American history.

## Comparisons with Other History Podcasts

In the broader landscape of history podcasts, American History Tellers competes with popular titles such as “Hardcore History” by Dan Carlin, “Revolutions” by Mike Duncan, and “You Must Remember This.” While Hardcore History is known for its extensive episode length and sweeping narratives, American History Tellers opts for shorter, season-based series that allow for concentrated storytelling.

Unlike some podcasts that focus predominantly on military history or political leaders, American History Tellers often emphasizes social history and the experiences of everyday people. This approach provides a more inclusive perspective on American history, highlighting voices that have historically been marginalized.

## Production Quality and Accessibility

The production values of the American History Tellers podcast are high, featuring clear audio, well-edited segments, and atmospheric sound design. The use of music and sound effects enhances the immersive experience without overwhelming the content. Such attention to production detail contributes significantly to listener engagement and retention.

Furthermore, the podcast is widely accessible on major platforms such as Apple Podcasts, Spotify, and Google Podcasts. This ease of access, combined with a regular release schedule, helps maintain a loyal audience base.

## Impact and Educational Value

Beyond entertainment, the American History Tellers podcast serves an educational function, often used by educators and students as a supplementary resource. Its ability to humanize historical events and foster empathy makes it a valuable tool in classrooms and informal learning environments.

The podcast's nuanced portrayal of contentious and complex historical episodes encourages critical thinking and challenges listeners to question simplified narratives. By providing multiple viewpoints and contextualizing events within broader social and political frameworks, it promotes a more comprehensive understanding of American history.

## Pros and Cons of the American History Tellers Podcast

- **Pros:**

- Engaging storytelling with dramatized reenactments
- Strong emphasis on historical accuracy and research
- Inclusive narratives that highlight diverse perspectives
- High production quality and sound design
- Accessible across multiple podcast platforms

- **Cons:**

- Season-based format may require commitment to follow entire series
- Occasional dramatization might blur lines between fact and interpretation for some listeners
- Focused primarily on American history, limiting appeal for those interested in global perspectives

# Why American History Tellers Podcast Resonates with Its Audience

The podcast's success lies not only in its content but also in its ability to connect emotionally with listeners. By framing historical events through personal stories and dramatized voices, it transcends the conventional textbook approach. This connection fosters a deeper appreciation for the complexities of American history and encourages reflection on contemporary issues rooted in the past.

Moreover, the diverse selection of topics—from the founding of the nation to civil rights struggles—ensures that the podcast remains relevant to a wide range of listeners. This adaptability and breadth contribute to its growing popularity in an increasingly crowded podcast market.

As digital media continues to reshape how history is consumed, American History Tellers exemplifies how podcasts can serve as both educational tools and compelling storytelling platforms. Its blend of narrative depth, scholarly rigor, and accessible presentation makes it a standout choice for those looking to engage with American history in a meaningful way.

## American History Tellers Podcast

**american history tellers podcast: Tales of Militant Chemistry** Alice Lovejoy, 2025-08-26

The untold story of film as a chemical cousin to poison gas and nuclear weapons, shaped by centuries of violent extraction. The history of film calls to mind unforgettable photographs, famous directors, and the glitz and hustle of the media business. But there is another tale to tell that connects film as a material to the twentieth century's history of war, destruction, and cruelty. This story comes into focus during World War II at the factories of Tennessee Eastman, where photographic giant Kodak produced the rudiments of movie magic. Not far away, at Oak Ridge, Kodak was also enriching uranium for the Manhattan Project—uranium mined in the Belgian Congo and destined for the bomb that fell on Hiroshima. While the world's largest film manufacturer transformed into a formidable military contractor, across the ocean its competitor Agfa grew entangled with Nazi Germany's machinery of war. After 1945, Kodak's film factories stood at the front lines of a new, colder war, as their photosensitive products became harbingers of the dangers of nuclear fallout. Following scientists, soldiers, prisoners, and spies through Kodak's and Agfa's global empires, Alice Lovejoy links the golden age of cinema and photography to colonialism, the military-industrial complex, radioactive dust, and toxic waste. Revelatory and chilling, *Tales of Militant Chemistry* shows how film became a weapon whose chemistry irrevocably shaped the world we live in today.

**american history tellers podcast: The Triumph of Economic Freedom** Donald J. Boudreaux, Phil Gramm, 2025-05-13 This readable and important book makes a strong case that the received version of economic history taught in high schools and colleges across the country is off the mark and that its errors distort current policy debates. It deserves attention from economic policymakers of all persuasions. -LAWRENCE SUMMERS, former Secretary of the Treasury; President Emeritus, Harvard University Since the dawn of the Industrial Revolution, capitalism has unleashed unimaginable growth in opportunity and prosperity. And yet, at key points in American history, economic disruption has led to a greater role for government, ostensibly to protect against capitalism's excesses. Today, government regulates, mandates, subsidizes and controls a growing

share of the American economy. In this book, Phil Gramm, one of America's premier public policy advocates, and noted economist Donald J. Boudreaux look at the seven events and issues in American history that define, for most Americans, the role of government and how the 21st century world works. To many Americans, these 5 periods of American history—the Industrial Revolution, Progressive Era, Great Depression, decline of America's postwar preeminence in world trade, and the Great Recession—along with the existing levels of income inequality and poverty, represent strong evidence for expanding government in American life. Gramm and Boudreaux argue that the evidence points to a contrary verdict: government interference and failed policies pose the most significant threat to economic freedom. Setting up each topic with a “just the facts” approach that defies partisanship, Gramm and Boudreaux provide a compelling and highly readable powerful reassessment that will challenge open-minded readers to rethink the conventional wisdom and the policies that spring from them.

**american history tellers podcast: Angel of Greenwood** Randi Pink, 2021-01-12 A piercing, unforgettable love story set in Greenwood, Oklahoma, also known as the “Black Wall Street,” and against the Tulsa Race Massacre of 1921. Isaiah Wilson is, on the surface, a town troublemaker, but is hiding that he is an avid reader and secret poet, never leaving home without his journal. Angel Hill is a loner, mostly disregarded by her peers as a goody-goody. Her father is dying, and her family's financial situation is in turmoil. Though they've attended the same schools, Isaiah never noticed Angel as anything but a dorky, Bible toting church girl. Then their English teacher offers them a job on her mobile library, a three-wheel, two-seater bike. Angel can't turn down the money and Isaiah is soon eager to be in such close quarters with Angel every afternoon. But life changes on May 31, 1921 when a vicious white mob storms the Black community of Greenwood, leaving the town destroyed and thousands of residents displaced. Only then, Isaiah, Angel, and their peers realize who their real enemies are.

**american history tellers podcast: Narrative Podcasting in an Age of Obsession** Neil Verma, 2024-06-03 It has been a decade since Serial brought the narrative podcast to the center of popular culture. In that time, there has been an enormous boom in the production of podcasts that tell stories, particularly in the fields of true crime, storytelling, history, and narrative fiction. Now that the initial glow around the medium has begun to fade, it is time to reevaluate the medium's technological, political, economic, and cultural rise, in particular what types of storytelling accompanied that rise. *Narrative Podcasting in an Age of Obsession* is the first book to look back on this prodigious body of material and attempt to make sense of it from a structural, historical, and analytic point of view. Focusing on more than 350 podcasts and other audio works released between Serial and the COVID pandemic, the book explores why so many of these podcasts seem “obsessed with obsession,” why they focus not only on informing listeners but also dramatizing the labor that goes into it, and why fiction podcasts work so hard to prove they are a brand new form, even as they revive features of radio from decades gone by. This work also examines the industry's reckoning with its own implication in systemic racism, misogyny, and other forms of discrimination. Employing innovative new critical techniques for close listening—including pitch tracking software and spectrograms—*Narrative Podcasting in an Age of Obsession* makes a major contribution to podcast studies and media studies more broadly.

**american history tellers podcast: Cocktails, A Still Life** Christine Sismondo, James Waller, 2022-08-16 Fine art meets mixology in this sophisticated cocktail book that pairs drink recipes and beverage history with stunning still-life oil paintings, perfect for taking the art of drinking to the next level. As they say, We drink first with our eyes. If you believe there is an art to drinking well, then pairing cocktail recipes with still-life oil paintings is a natural next step. Still-life artist Todd M. Casey, journalist Christine Sismondo, and author James Waller are the all-star team behind *Cocktails, A Still Life*. Bringing together 60 of Casey's contemporary hand-painted images paired with dozens of delicious cocktail recipes, the three-author team offers a satisfying deep-dive into each drink complete with a great classic cocktail recipe and a painted representation. Each drink tells a story, making this a truly unique cocktail-making guide attracting the eye, mind, and palate,

and focused squarely on the art. Drinks include: Mai Tai Gimlet Bloody Mary Mojito French 75 Ramos Gin Fizz Mint Julep and more. Both a beautiful masterpiece and a useful guide, *Cocktails, A Still Life* is not just for "cocktail nerds" but also for those who enjoy finely crafted art and finely crafted beverages.

**american history tellers podcast: How to Steal a Presidential Election** Lawrence Lessig, Matthew Seligman, 2024-01-01 From two distinguished experts on election law, an alarming look at how the American presidency could be stolen--by entirely legal means Their new book asks whether a second Trump attempt to subvert democracy could succeed. Their answer makes for uncomfortable reading.--Ed Pilkington, *The Guardian* Even in the fast and loose world of the Trump White House, the idea that a couple thousand disorganized protestors storming the U.S. Capitol might actually prevent a presidential succession was farfetched. Yet perfectly legal ways of overturning election results actually do exist, and they would allow a political party to install its own candidate in place of the true winner. Lawrence Lessig and Matthew Seligman work through every option available for subverting a presumptively legitimate result--from vice-presidential intervention to election decertification and beyond. While many strategies would never pass constitutional muster, Lessig and Seligman explain how some might. They expose correctable weaknesses in the system, including one that could be corrected only by the Supreme Court. Any strategy aimed at hacking a presidential election is a threat to democracy. This book is a clarion call to shore up the insecure system for electing the president before American democracy is forever compromised.

**american history tellers podcast: Secrets of Romani Fortune-Telling** Jezmina Von Thiele, Paulina Stevens, 2024-10-07 Shares the knowledge and personal experiences of being raised to be fortune-tellers, providing tips on how to emulate the professional polish that Roma have perfected over the centuries. Welcome to Fortune-Telling: We're Your Friendly Neighborhood Gypsies. In *Secrets of Romani Fortune-Telling*, Paulina Stevens and Jezmina Von Thiel introduce the history of the Romani people and their infamous relationship to fortune-telling. They share divination methods, tools, and techniques that have been created, adapted, or popularized by the Roma, including card reading, palmistry, dream divination, and tea leaf and coffee reading. They also share exercises to strengthen your intuition and discover your natural gifts and explain how divination helps with shadow work, blockages, and self-awareness. Fortune-telling is both a job and a spiritual practice for Roma. The authors, cohosts of the Romanistan podcast, share their knowledge from their own personal experiences of being raised to be fortune-tellers, providing tips on how to emulate the professional polish that Roma have perfected over the centuries, as well as guidance for reading for clients with acumen and cultural awareness. *Secrets of Romani Fortune-Telling* also features additional resources, enabling readers to further explore Romani culture and spiritual practices--

**american history tellers podcast: Decolonizing Roman Imperialism** Danielle Hyeonah Lambert, 2024-10-17 The framework of 'Romanization' developed by Haverfield in 1905 - that Romans 'civilized' their imperial subjects, particularly those in the 'barbarian' western provinces - remains hegemonic, notwithstanding multiple attempts at revisionism. It has been reasserted, rejected, or modified, but still frames the debate. *Decolonizing Roman Imperialism* investigates how the postcolonial challenge to decolonize the production of historical knowledge has motivated Roman scholars to question the paradigm of Romanization: to review its historiography, to seek fresh approaches, and to rewrite it. The book provides an intellectual genealogy of the debate valuable for every student of the Roman Empire and of Roman Britain, and invites them to rethink the legacy of ancient Roman imperialism.

**american history tellers podcast: Eerie Appalachia** Mark Muncy, Kari Schultz, 2022-06-20 Gear up for a frightful jaunt into the darkest reaches of the ancient Appalachians. Folk deep within Appalachian hollers lean close to share stories of the inexplicable with hushed awe. Monsters rumbling in the hills. Strange lights darting through the pitch-black night sky. Horrible occurrences, almost ineffable in their bizarre tragedy. Tall tales, you might say. But tell that to the Flatwoods monster in Braxton County, West Virginia. Or the Goat Man of Louisville--look into his humanoid eyes and let him know you don't believe. And what of those apparitions in Mammoth Cave's Corpse

Rock, or the Satan-spawn known as the Jersey Devil? How do you respond when those mysteries confront? From metaphysical energy that swirls near the Serpent Mound in Ohio to Point Pleasant's Mothman legacy, Mark Muncy and Kari Schultz explore the dark history lurking in the shadows of Appalachia..

**american history tellers podcast: All Our Grievs to Bear** Joni S. Sancken, 2022-11-15 Where do our churches go from here? Church and Christian community look a lot different than they did before the horrors of the coronavirus pandemic, racial trauma, and economic uncertainty revealed difficult truths about the wounds we carry. The damage caused by trauma is deep and affects every part of our lives together. At the same time, the pandemic has upended or called into question many of our traditional ministry models. For those tasked with leading congregations through this disorienting new territory, the challenges are great indeed. Yet God's people are amazingly resilient. In *All Our Grievs to Bear*, author Joni S. Sancken builds on her own trauma-aware background and engages leading sociologists and mental health professionals to name some of the largest issues that congregations now face and will face as we process the cascading trauma of our time. Chapters focus on practices such as lament, storytelling, and blessing to help leaders and church members to nurture resilience and compassion. We cannot go back to who we were before. But the church can experience new life and renewal in the wake of trauma as God's healing and hope move through us into our world.

**american history tellers podcast: Easy Money** Ben McKenzie, Jacob Silverman, 2023-07-18 INSTANT NEW YORK TIMES BESTSELLER "A smart, savvy road map through the mayhem of the cryptocurrency madness."—Ron Chernow, Pulitzer Prize-winning author of *Alexander Hamilton* From "one of the crypto industry's unlikely but most prominent critics" (*Washington Post*), an entertaining and well-researched account of the rise and fall of cryptocurrency. At the height of the pandemic, TV star Ben McKenzie was the perfect mark for cryptocurrency: a dad stuck at home with some cash in his pocket, worried about his family, armed with only the vague notion that people were making heaps of money on something he—despite a degree in economics—didn't entirely understand. Lured in by grandiose, utopian promises, and sure, a little bit of FOMO, McKenzie dove deep into blockchain, Bitcoin, and the various other coins and exchanges on which they are traded. But after scratching the surface, he had to ask, "Am I crazy, or is this all a total scam?" In *Easy Money*, McKenzie enlists the help of journalist Jacob Silverman for an investigative adventure into crypto and its remarkable crash. Weaving together stories of average traders and victims, colorful crypto "visionaries," Hollywood's biggest true believers, anti-crypto whistleblowers, and government operatives, *Easy Money* is an on-the-ground look at a perfect storm of irresponsibility and criminal fraud. Based on original reporting across the country and abroad, including interviews with Sam Bankman-Fried, Tether cofounder Brock Pierce, Celsius's Alex Mashinsky, and more, this is the book on cryptocurrency you've been waiting for.

**american history tellers podcast: The Seven Mountains Mandate** Matthew Boedy, 2025-09-30 A sobering assessment of the evolution of Christian nationalism. -Publishers Weekly Exposing the decades-long plan to radically transform America—how the seven mountains movement, prosperity preachers, and political operatives are destroying democracy under Trump's second administration. The movement to install a populist strongman in the White House with a game plan for enforcing right-wing policies and catering to evangelical Christians started well before Donald Trump's first candidacy. For decades, a well-funded network of religious and political operatives has been quietly working to dismantle democracy and replace it with Christian theocracy. Their strategy? The seven mountains mandate—a plan to seize control of seven key pillars of American society and reshape the nation: Education Government Religion Family Business Media Entertainment Scholar Matthew Boedy exposes how this movement—driven by prosperity preachers, extremist politicians, and right-wing power brokers—laid the groundwork for Trump's presidency and is now advancing its agenda under his second administration. From local school board elections to billion-dollar megachurches, this multipronged effort is reshaping the country in ways most Americans don't even realize. Discover what has motivated the key players in this movement, how

they've operated, and what is the unprecedented role of millennial kingmaker Charlie Kirk, founder of Turning Point USA and the new face of Christian nationalism and the seven mountains movement, who believes that "we finally have a president who understands the seven mountains of cultural influence." Today's news is so much more than the scattershot orders of an extreme administration. With Project 2025 policies in motion, the seven mountains movement is closer than ever to its goal of turning America into a Christian nationalist state. Leaders of this movement have been playing a long game, undermining democracy to establish a theocracy, but it's not too late to halt their progress and reverse the tide. This book reveals what's happening behind the scenes—and what you can do to stop it. Videos for small group use featuring the author are available for free on WJK's YouTube page: <https://tinyurl.com/SevenMountainsVideos>

**american history tellers podcast: Desire and Consent in Representations of Adolescent Sexuality with Adults** Maureen Turim, Diane Waldman, 2023-10-02 This book presents an innovative comparative view of how the issue of adolescent sexuality and consent is differently treated in various media. Analyzing teenage sexual encounters with adults across a variety of media, including films, television, novels, and podcasts, the volume takes a positive stance on the expression of teenage sexuality, while remaining sensitive to the power of adults to abuse and manipulate. The anthology treats these representations as negotiations between conflicting forces: desire, sexual self-knowledge, unequal power, and the law, the latter both actual legal statutes and internalized law in the philosophical and psychoanalytic sense. Questions of unequal power inherent in such relations are theorized. The authors examine variations of this configuration of sexual relations between teenagers and adults from different perspectives, to consider how various forms of expression rework it formally. These essays are attuned to both nuances of presentation and contexts of reception, and they consider how aesthetics play a role. Contributing to the general debate about the ways that societies construct and regulate adolescent sexuality, this book will be of great interest to scholars and students of media studies, cultural studies, film studies, television studies, sociology, and gender studies

**american history tellers podcast: The Routledge Handbook of Family Communication** Anita L. Vangelisti, 2012-11-27 With a synthesis of research on issues key to understanding family interaction, as well as an analysis of many theoretical and methodological choices made by researchers studying family communication, the Handbook serves to advance the field by reframing old questions and stimulating new ones. Key changes to the second edition include: updates throughout, providing a thorough and up-to-date overview of research and theory new topics reflecting the growth of the discipline, including chapters on singles as family members, emerging adults, and physiology and physical health. Highlighting the work of scholars across disciplines--communication, social psychology, clinical psychology, sociology, family studies, and others--this volume captures the breadth and depth of research on family communication and family relationships. The well-known contributors approach family interaction from a variety of theoretical perspectives and focus on topics ranging from the influence of structural characteristics on family relationships to the importance of specific communication processes.

**american history tellers podcast: Taking Funny Music Seriously** Lily E. Hirsch, 2024-07-02 Take funny music seriously! Though often dismissed as silly or derivative, funny music, Lily E. Hirsch argues, is incredibly creative and dynamic, serving multiple aims from the celebratory to the rebellious, the entertaining to the mentally uplifting. Music can be a rich site for humor, with so many opportunities that are ripe for a comedic left turn. Taking Funny Music Seriously includes original interviews with some of the best musical humorists, such as Tom Lehrer, the J. D. Salinger of musical satire; Peter Schickele, who performed as the invented composer P. D. Q. Bach, the

supposed lost son of the great J. S. Bach; Kate Micucci and Riki Lindhome of the funny music duo Garfunkel and Oates; comedic film composer Theodore Shapiro; Too Slim of the country group Riders in the Sky; and musical comedian Jessica McKenna, from the podcast Off Book, part of a long line of funny girls. With their help, *Taking Funny Music Seriously* examines comedy from a variety of genres and musical contexts—from bad singing to rap, classical music to country, Broadway music to film music, and even love songs and songs about death. In its coverage of comedic musical media, *Taking Funny Music Seriously* is an accessible and lively look at funny music. It offers us a chance to appreciate more fully the joke in music and the benefits of getting that joke—especially in times of crisis—including comfort, catharsis, and connection.

**american history tellers podcast:** Storytelling Magazine , 2007

**american history tellers podcast:** The Hidden History of the White House Corey Mead, 2024-06-04 Presented by the hit podcast American History Tellers, *The Hidden History of the White House* reveals the behind-the-scenes stories of some of the most dramatic events in American history—set right inside the house where it happened For more than two centuries, the White House in Washington, DC, has been the stage for some of the most climactic moments in American history. Its walls and portraits have witnessed fierce power struggles, history-altering decisions, shocking scandals, and intimate moments among the First Family, their guests, and the staff. In the signature style of the popular American History Tellers podcast, *The Hidden History of the White House* places readers in the shoes of historical figures—from power brokers to everyday Americans alike—who lived through pivotal events that shaped America. As a fly on the wall of history, you'll find yourself immersed in: Andrew Jackson's disastrous 1829 inauguration, when a mob overran and trashed the White House. Woodrow Wilson's stroke, which led to his wife Edith serving as shadow president during the final months of his administration. President-elect Abraham Lincoln's clandestine journey to Washington to dodge an assassination plot on the eve of the Civil War. Winston Churchill's wartime sojourn at the White House, during which he and FDR developed plans to defeat Germany. Barack Obama's decision to green-light the Navy SEAL raid that killed Osama bin Laden. Equal parts social, political, and cultural history—written and presented in the accessible and engaging style for which American History Tellers is famous—*The Hidden History of the White House* offers readers a rare opportunity to live within the halls of the Executive Mansion, and explore some of the extraordinary people and events that made America what it is today.

**american history tellers podcast:** Freedom's Laboratory Audra J. Wolfe, 2020-08-04 The Cold War ended long ago, but the language of science and freedom continues to shape public debates over the relationship between science and politics in the United States. Scientists like to proclaim that science knows no borders. Scientific researchers follow the evidence where it leads, their conclusions free of prejudice or ideology. But is that really the case? In *Freedom's Laboratory*, Audra J. Wolfe shows how these ideas were tested to their limits in the high-stakes propaganda battles of the Cold War. Wolfe examines the role that scientists, in concert with administrators and policymakers, played in American cultural diplomacy after World War II. During this period, the engines of US propaganda promoted a vision of science that highlighted empiricism, objectivity, a commitment to pure research, and internationalism. Working (both overtly and covertly, wittingly and unwittingly) with governmental and private organizations, scientists attempted to decide what, exactly, they meant when they referred to scientific freedom or the US ideology. More frequently, however, they defined American science merely as the opposite of Communist science. Uncovering many startling episodes of the close relationship between the US government and private scientific groups, *Freedom's Laboratory* is the first work to explore science's link to US propaganda and psychological warfare campaigns during the Cold War. Closing in the present day with a discussion of the 2017 March for Science and the prospects for science and science diplomacy in the Trump era, the book demonstrates the continued hold of Cold War thinking on ideas about science and politics in the United States.

**american history tellers podcast:** The American Story Podcast Helga Silbiger, 2021-04 Many great men and women in American history have changed the course of the country, and even

the world. Because of their sacrifices, they are rightly regarded as heroes by many Americans. This book is unique in that it focuses on the individual challenges and victories that have made each person a hero to millions of Americans. This book is filled with a plethora of facts about some of the most fascinating and impactful Americans through history. You won't be able to stop reading! This book also looks at the very term hero in a unique way by including a fair share of rebels, bad boys, and anti-heroes, who were also considered heroes by many.
