Music is a direct and powerful expression of Irish folk culture and an aspect of Irish life beloved throughout the rest of the world. Incredibly, the largest single gathering of Irish folk songs had been almost inaccessible because, originally newspaper based, it was available in only three libraries, in Belfast, Dublin, and Washington D.C. Sam Henry's “Songs of the People” makes the music available to a wider audience than the collector ever imagined. Comprising nearly 690 selections, this thoroughly annotated and indexed collection is a treasure for anyone who performs, composes, studies, collects, or simply enjoys folk music. It is valuable as an outstanding record of Irish folk songs before World War II, demonstrating the historical ties between Irish and Southern folk culture and the tremendous Irish influence on American folk music. In addition to the songs themselves and their original commentary, Sam Henry's “Songs of the People” includes a glossary, bibliography, discography, index of titles and first lines, melodic index, index of the original sources of the songs and information about them, geographical index of sources, and three appendixes related to the original song series in the Northern Constitution.
