science of Cosmology has given us a model of the physical creation we know as the Universe. They call it the Cosmos. They say, and I agree, that Something, infinitely dense exploded around 13-14 billion years ago. They call it the Big Bang. They know nothing of that Something that exploded; nor can they ever know with their minds in the physical realm with its physical laws and math. In fact, they are a bit frustrated and embarrassed . . . so they call this enigma a Singularity. The author has solved this Singularity in his first book: *Mystery of Being Black Holes and the Big Crunch* This book is a sequel to the first. Another Singularity has really stumped and depressed them: Black Holes. In the center of every galaxy is an infinitely dense, mysterious Black Hole with an infinitely powerful gravity field. They do not give out any radiation; so they are invisible to the eye and to all modern instruments. Their most threatening feature is their devouring gravity field. Einsteins equations of his general theory of relativity predict that these Black Holes will eventually swallow up ALL the physical universe then collapse into each other and form the Big Crunch. Cosmologists sadly agree with Einstein. The destruction of the physical realm is inevitable. I sense a deep depression when I observe, study the brilliant minds since Einstein to today. I sense empty hopeless hearts. The men I studied are all atheists. They are mired in the physical realm. The author introduces the Supernatural Realm, with Superior Dimensions and a Superior Spectrum. The physical realm will be redeemed along with the souls who accept Gods Love! The author redefines gravity; also introduces a new Theory of SUPERNATURAL Relativity

kat kerr revealing heaven iii: I Choose the Best Room Marvin Stovell, 2018-10-22 This is a book about a promise. A promise which gives birth to hope, and opens the door into a journey of faith - until that which has been promised is finally received. It is also my story - the adventures, experiences and journey of a simple man, traced from childhood to the present. I am Marvin Stovell aka 'Geneman'. The title of this book is very special to me because they are words from an extremely powerful, life changing, prophetic dream I had on October 27th, 2006. What follows here is centered around key parts of that particular dream, as I trace its unfolding in my life over time. This may be my first book, but it is not the first time I have put words to paper. I'm also a recording artist, known in the world of Gospel Reggae as "Geneman" (pronounced - jen-uh-man). It originates from the first Book of the Bible - Genesis, and it means "A man of new beginnings in Christ Jesus". It also links to this scripture: "Therefore, if anyone is in Christ, he is a new creation; the old has gone, the new is come". (2 Corinthians 5:17) My greatest desire is that through this book many will accept Jesus Christ as Saviour, Lord and King, and through Him begin to live a life of true abundance. And when that journey comes to an end - receive a rich welcome into His Eternal Kingdom of Heaven. (2 Peter 1:11)

The Holy Communion in itself, gives us access to the righteousness of God, forgiveness, cleansing from sin, healing, deliverance, protection, and blessing. Until we understand the truth about the Holy Communion, which is the body and blood of Jesus Christ, we will be robbed of what Jesus became, and what He did for us. In this book, The Holy Communion, the reader is taken through what the Holy Communion stands for, why its inception, origin, purpose, how to apply it and what to expect from taking it

kat kerr revealing heaven iii: Near-Death Experiences . . . and Others Robert Gottlieb, 2018-06-12 A new collection of immersive essays from the most acclaimed editor of the second half of the twentieth century This new collection from the legendary editor Robert Gottlieb features twenty or so pieces he's written mostly for The New York Review of Books, ranging from reconsiderations of American writers such as Dorothy Parker, Thornton Wilder, Thomas Wolfe ("genius"), and James Jones, to Leonard Bernstein, Lorenz Hart, Lady Diana Cooper ("the most beautiful girl in the world"), the actor-assassin John Wilkes Booth, the scandalous movie star Mary Astor, and not-yet president Donald Trump. The writings compiled here are as various as they are provocative: an extended probe into the world of post-death experiences; a sharp look at the biopics of transcendent figures such as Shakespeare, Molière, and Austen; a soap opera-ish movie account of an alleged affair between Chanel and Stravinsky; and a copious sampling of the dance reviews he's been writing for The New York Observer for close to twenty years. A worthy successor to his expansive 2011 collection, *Lives and Letters*, and his admired 2016 memoir, *Avid Reader*, *Near-Death Experiences* displays the same insight and intellectual curiosity that have made Gottlieb, in the words of The New York Times's Dwight Garner, "the most acclaimed editor of the second half of the twentieth century."

kat kerr revealing heaven iii: Keeping Alive the Rumor of God Martin Camroux, 2020-08-21 "Can't you hear those little bells tinkling? Down on your knees! They're bringing the sacraments to a dying God," wrote Heinrich Heine in 1834. It took a while but today it is happening. Across the Western world the traditional picture of God is dying, and institutional religion collapsing. Today we

are trying something never done before, living with no agreed narrative that tells us who we are and with a materialist view of life. It isn't enough. An idea of God may have died but the mystery of our human life is of an inner depth which is not simply physical or material. Marvel, mystery, wonder, beauty, love, the numinous, the mysterium tremendum, remain the essence of who we are. What I am trying to do is describe this experience in such a way that those who have not had it can get a glimpse of it from inside and understand how it can give a life meaning and purpose. This is explored through a liberal Christian tradition committed to social justice and honest exploration. Scripture is vital to this but so are art, poetry, music, and beauty. When most people are looking the other way, we must keep the rumor of God alive.
