

robert kiyosaki education degree

Robert Kiyosaki Education Degree: What You Need to Know

robert kiyosaki education degree is a topic that often sparks curiosity among those familiar with his work as a financial educator and author. Known primarily for his bestselling book **Rich Dad Poor Dad**, Kiyosaki has inspired millions around the world to rethink their approach to money, investing, and financial literacy. But beyond his reputation as a motivational speaker and businessman, many wonder about his formal education—specifically, what degree he holds and how it shaped his perspective on wealth-building and entrepreneurship.

In this article, we will delve into Robert Kiyosaki's educational background, explore how it influenced his philosophy, and discuss why understanding one's education can be crucial in the journey toward financial independence.

Understanding Robert Kiyosaki's Educational Background

Unlike many traditional financial experts who boast advanced degrees in economics, finance, or business administration, Robert Kiyosaki's education path is somewhat unique. His educational journey provides valuable insights into how formal education and real-world experience can complement each other.

Where Did Robert Kiyosaki Study?

Robert Kiyosaki attended the United States Merchant Marine Academy in Kings Point, New York. This institution is well-known for training officers for the United States Merchant Marine, branches of the military, and the transportation industry. At this academy, Kiyosaki earned a Bachelor of Science degree, a significant accomplishment that reflects rigorous academic and physical training.

His time at the academy was not just about academics. It also instilled discipline, leadership skills, and an understanding of logistics and operations—qualities that would later serve him well in his business ventures.

What Degree Did Robert Kiyosaki Earn?

Robert Kiyosaki graduated with a Bachelor of Science degree from the Merchant Marine Academy. Although the specific major is often cited as marine engineering or a related field, the emphasis was on technical, operational, and leadership training.

This scientific and engineering-based education stands apart from the typical business or finance degrees many financial gurus possess. However, Kiyosaki's success shows that a formal education in business is not the only path to financial wisdom.

How Robert Kiyosaki's Education Influenced His Financial Philosophy

Kiyosaki's educational degree, combined with his life experiences, shaped his unconventional views on money and investing. He often emphasizes that traditional schooling does not teach financial literacy, which is why many people struggle to manage money effectively.

From Science to Financial Literacy

The technical skills learned at the Merchant Marine Academy gave Kiyosaki a problem-solving mindset. This analytical approach helped him later dissect financial statements, investment opportunities, and business models. However, he realized early on that neither his formal education nor traditional schooling taught practical financial skills like understanding cash flow or investing in assets.

This gap in education motivated Kiyosaki to create his own system of financial education, focusing on real-world applications rather than textbook theory.

Why Formal Education Isn't Enough

In **Rich Dad Poor Dad**, Kiyosaki contrasts his "poor dad" (his biological father) who had a strong formal education but struggled financially, with his "rich dad" (his friend's father), who had less formal schooling but excelled in financial intelligence.

Kiyosaki's message is clear: while a degree provides valuable knowledge and skills, it doesn't guarantee financial success. Financial education—learning about investing, assets, liabilities, and entrepreneurship—is equally, if not more, important.

Robert Kiyosaki's Views on Education and Financial Success

Kiyosaki's own education degree serves as a foundation, but his teachings emphasize continuous learning beyond the classroom. He advocates for a lifelong commitment to financial education.

The Importance of Financial Education

Robert Kiyosaki argues that schools should include financial literacy in their curricula because knowing how to manage money is essential for economic independence. His own education degree did not cover topics such as:

- How to buy and manage real estate
- How to create multiple streams of income
- Understanding the stock market and investments
- How to build and grow a business

He believes that formal education should be supplemented by self-directed learning about money, investing, and entrepreneurship.

Lessons from Kiyosaki's Journey

Kiyosaki's experience teaches us that a degree—no matter how prestigious—is only as powerful as how we apply the knowledge. His transition from a marine academy graduate to a global financial educator underscores the value of adaptability and continuous improvement.

He also highlights the necessity of learning from failures and real-world business experience, which often provide lessons that no formal degree can offer.

What Can Students and Professionals Learn from Robert Kiyosaki's Educational Path?

Whether you are a student deciding on a degree or a professional seeking to expand your financial knowledge, Kiyosaki's story offers several key takeaways.

1. Your Degree Doesn't Define Your Financial Future

Robert Kiyosaki's Bachelor of Science education didn't predetermine his success in finance and entrepreneurship. People from all academic backgrounds can achieve financial independence by acquiring the right financial skills.

2. Seek Financial Education Beyond Formal Schooling

Traditional degrees often lack practical financial lessons. Supplementing your education with books, seminars, online courses, and mentorship can dramatically improve your understanding of money management.

3. Apply What You Learn in Real Life

Theory is important, but putting knowledge into action is what creates wealth. Kiyosaki stresses learning by doing—investing in assets, starting businesses, and managing cash flow are skills honed through experience.

4. Embrace Lifelong Learning

The financial world is dynamic. Continuous education helps individuals stay ahead of changing markets, tax laws, and investment opportunities. Kiyosaki's career illustrates the power of evolving knowledge.

Exploring Alternatives: How Robert Kiyosaki's Approach Contrasts with Traditional Education

Kiyosaki's critique of the traditional education system has sparked important conversations about how we prepare future generations for financial realities.

Traditional Education vs. Financial Education

Most universities focus on theoretical knowledge, preparing students for specific careers. However, they often neglect teaching about personal finance, investing, and entrepreneurship. Kiyosaki champions a curriculum that teaches practical money skills from an early age.

The Rise of Financial Literacy Programs

Inspired by thought leaders like Kiyosaki, many schools and organizations have begun integrating financial literacy programs. These programs focus on:

- Budgeting and saving
- Understanding credit and debt
- Investment basics
- Entrepreneurial skills

Such initiatives aim to fill the gap that Kiyosaki identified years ago.

Final Thoughts on Robert Kiyosaki Education Degree and Financial Wisdom

Robert Kiyosaki's education degree from the United States Merchant Marine Academy laid a solid foundation of discipline and analytical thinking. However, his journey shows that formal education alone isn't the secret to financial success. Instead, combining that foundation with practical financial education, real-world experience, and continuous learning is what truly empowers individuals to build wealth.

For anyone interested in personal finance, entrepreneurship, or investing, Kiyosaki's story is a reminder that education is a lifelong process—one that goes beyond degrees and diplomas. It's about acquiring the right knowledge, mindset, and skills to navigate the complex world of money effectively.

Frequently Asked Questions

Does Robert Kiyosaki have a formal education degree?

Yes, Robert Kiyosaki holds a Bachelor of Science degree from the United States Merchant Marine Academy.

What did Robert Kiyosaki study in college?

Robert Kiyosaki studied at the United States Merchant Marine Academy, where he earned a Bachelor of Science degree, focusing on maritime studies and navigation.

How has Robert Kiyosaki's education influenced his financial teachings?

Robert Kiyosaki's education at the Merchant Marine Academy instilled discipline and leadership skills, but his financial teachings are primarily based on personal experience and self-education rather than formal finance degrees.

Is Robert Kiyosaki's educational background in finance or business?

No, Robert Kiyosaki's formal education is not specifically in finance or business; instead, he has a maritime-related degree, and his expertise in finance comes from practical experience and self-learning.

Has Robert Kiyosaki pursued any additional education related to finance or investing?

While Robert Kiyosaki has not publicly noted formal degrees in finance or investing, he has extensively studied and taught financial education through his books, seminars, and the Rich Dad Company.

Robert Kiyosaki Education Degree: An Investigative Overview

robert kiyosaki education degree is a topic that frequently arises among followers of his financial teachings and critics alike. As the author of the bestselling personal finance book "Rich Dad Poor Dad," Kiyosaki's insights into wealth-building and financial education have shaped the perspectives of millions worldwide. However, questions about his formal educational background and credentials often surface, leading to debates about the foundation of his expertise. This article explores Robert Kiyosaki's education degree, examining his academic journey, its impact on his financial philosophy, and how this background compares to other financial educators.

Robert Kiyosaki's Educational Background: A Closer Look

Robert Kiyosaki attended the United States Merchant Marine Academy, a federal service academy that offers rigorous training in maritime operations, leadership, and engineering disciplines. He graduated in 1969 with a Bachelor of Science degree. This educational path is somewhat unconventional for someone who later became a prominent figure in financial education, as it does not directly involve economics, finance, or business administration.

The United States Merchant Marine Academy emphasizes discipline, leadership, and practical skills, preparing graduates for careers in maritime industries or military service. Kiyosaki's choice of institution suggests a foundation rooted in structured, technical training rather than traditional business studies. Nonetheless, it is important to recognize that the academy's curriculum includes courses in management and logistics, which could indirectly contribute to his understanding of systems and operations.

How Robert Kiyosaki's Degree Influences His Financial Philosophy

While Kiyosaki's formal degree is not in finance or economics, his real-world experiences appear to have played a significant role in shaping his financial education principles. After completing his education, Kiyosaki served as a helicopter gunship pilot in the Vietnam War, an experience that likely honed his risk assessment and decision-making skills.

Following his military service, Kiyosaki ventured into entrepreneurship, facing both successes and failures that molded his perspectives on money, investment, and financial independence. This practical journey is central to his philosophy, which emphasizes financial literacy, investing in assets, and developing passive income streams—concepts he argues are often neglected in traditional education systems.

The gap between Kiyosaki's formal education and his financial teachings has sparked discussions about the value of academic credentials versus experiential knowledge in the realm of personal finance. Critics sometimes argue that lacking a formal business education undermines his credibility, while supporters highlight his ability to translate complex financial concepts into accessible lessons

based on lived experience.

Comparing Robert Kiyosaki's Education with Other Financial Educators

To contextualize Robert Kiyosaki's education degree, it is instructive to compare it with other well-known figures in financial education:

- **Dave Ramsey:** Holds a degree in finance and real estate, with a background in radio broadcasting and financial counseling.
- **Suzy Orman:** Has a degree in social work and transitioned into financial advising and writing.
- **Warren Buffett:** Earned a Master of Science in Economics from Columbia University, studying under Benjamin Graham.

Unlike these figures, Kiyosaki's education does not formally encompass finance or economics, yet his teachings have resonated on a global scale. This distinction highlights the diverse pathways through which financial educators can gain authority—be it formal education, professional experience, or a combination thereof.

The Role of Informal Education in Kiyosaki's Success

Robert Kiyosaki often emphasizes the importance of financial education beyond traditional schooling, advocating for self-directed learning through books, seminars, and mentorship. His flagship book, "Rich Dad Poor Dad," contrasts two approaches to money management, reflecting lessons learned outside formal academic settings.

This emphasis on informal education aligns with his own experiences. Kiyosaki's success underscores a broader trend in personal finance where hands-on experience, continuous learning, and adaptability can outweigh formal degrees. His message encourages individuals to pursue financial literacy proactively, regardless of their academic background.

Implications for Aspiring Financial Educators and Learners

Understanding Robert Kiyosaki's educational background provides valuable insights for those interested in personal finance and wealth-building:

1. **Academic Credentials Are Not the Sole Indicator of Expertise:** Kiyosaki's career

illustrates that practical experience and the ability to communicate complex ideas effectively can establish authority.

2. **Complementary Learning Is Crucial:** His success story encourages individuals to seek diverse learning sources, blending formal education with real-world application.
3. **Critical Thinking About Financial Advice:** Awareness of educators' backgrounds enables consumers to critically evaluate financial advice and align it with their personal goals and risk tolerance.

While a formal education in finance or economics can provide foundational knowledge, Robert Kiyosaki's journey demonstrates that it is not an absolute prerequisite for contributing meaningfully to financial literacy.

Addressing Controversies Surrounding Kiyosaki's Credentials

It is worth noting that Robert Kiyosaki's career has not been without controversy. Some critics question not only his formal education but also the accuracy and applicability of his financial advice. Skeptics argue that his non-traditional educational background might contribute to oversimplified or risky recommendations.

However, supporters counter that Kiyosaki openly acknowledges the limitations of traditional education systems in teaching money management and positions his work as a supplement rather than a replacement. This transparency has helped maintain his reputation among a broad audience seeking alternative perspectives on wealth creation.

The debate around Kiyosaki's education degree underscores a larger conversation about the evolving nature of knowledge in the digital age, where expertise is increasingly validated by impact and practical results rather than solely by academic pedigree.

In summary, Robert Kiyosaki's education degree from the United States Merchant Marine Academy offers a unique backdrop to his later achievements in financial education. His academic path contrasts with conventional expectations for financial experts, yet his emphasis on experiential learning and financial literacy has influenced countless individuals worldwide. This dichotomy invites a deeper examination of how education, both formal and informal, shapes personal finance knowledge and success.

robert kiyosaki education degree: SUMMARY Of Rich Dad's Increase Your Financial IQ By Robert Kiyosaki: Get Smarter with Your Money Thomas Francisco, 2023-10-01 Rich Dad's Increase Your Financial IQ By Robert Kiyosaki In the realm of personal finance and wealth-building literature, few names shine as brightly as Robert Kiyosaki's. An acclaimed entrepreneur, investor, and

educator, Kiyosaki has dedicated his career to demystifying the world of finance, making it accessible to the masses, and empowering individuals to take control of their financial destinies. With a rich tapestry of experiences and an unwavering commitment to financial education, Kiyosaki presents readers with a profound opportunity to elevate their financial intelligence through his book, *Increase Your Financial IQ: Get Smarter with Your Money*. Published in 2008, *Increase Your Financial IQ* arrives at a crucial juncture in the history of personal finance. The world had recently weathered the storm of the global financial crisis, an event that left many individuals financially bruised and bewildered. Kiyosaki recognized that in the wake of such a seismic event, there was an urgent need for individuals to not only recover but to equip themselves with the tools necessary to thrive in an ever-changing financial landscape. The book's introduction is a compelling overture to the symphony of financial wisdom that follows, setting the stage for readers to embark on a transformative journey toward financial enlightenment. It is in these initial pages that Kiyosaki lays out his mission with crystalline clarity: to unmask the secrets of financial intelligence and to empower his readers with the knowledge and acumen required to navigate the complex world of money successfully.

robert kiyosaki education degree: *Summary of Robert T. Kiyosaki's Rich Kid Smart Kid* Everest Media,, 2022-05-28T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The word education comes from the Latin word educare, which means to draw out. Unfortunately for many of us, our memories of education are long, painful sessions of cramming little bits of information into our heads, memorizing them for the test, and then forgetting what we had just learned. #2 The importance of listening to others, letting others talk, and being respectful to the ideas of others even if they clashed with your own was taught to me by my best friend's mother. #3 The number of single-parent families I see today concerns me. Having both a mom and a dad as teachers was important in my development. My mom was a very kind, loving person, and she wanted me to be kind and loving. But she also stressed the importance of developing my masculine side. #4 I was bullied in first grade, and when I tried to stand up for myself, my dad taught me a valuable lesson: to be strong rather than weak. I gained respect from my class, and the girl who was previously my crush became my girlfriend.

robert kiyosaki education degree: *Summary of Robert T. Kiyosaki's Why "A" Students Work for "C" Students and "B" Students Work for the Government* Milkyway Media, 2022-03-21 Buy now to get the main key ideas from Robert T. Kiyosaki's *Why A Students Work for C Students and B Students Work for the Government* You don't need to be a rich dad - or mom - to teach your kid some financial intelligence. Robert T. Kiyosaki's *Why A Students Work for C Students and B Students Work for the Government* (2013) shows you how to acquire financial literacy and pass it down to your child. Kiyosaki, whose 1997 book *Rich Dad Poor Dad* was a tremendous success, shares the wisdom he gathered both from his two dads and his decades-spanning career as an investor. He explains financial concepts in simple terms so that you can become equipped to set your kid up for success. You will also learn about many everyday scenarios in which you can start teaching a child finance at a young age.

robert kiyosaki education degree: If You Want to Be Rich and Happy, Don't Go to School? Robert T. Kiyosaki, Marji Trued Collins, 1992 Argues that current education systems undermine children's potential and produce adults who are professionally and financially crippled. Author draws on his own experience as an entrepreneur and a teacher of high-speed teaching methods for business. First published in the US by The Excellerated Learning Institute (1992).

robert kiyosaki education degree: Matriculate to Your Perfect Degree Course Kammy Chibueze, 2014-02-05 *Matriculate to Your Perfect Degree Course* is a wake-up call for the many that coast through life to come alive to their true potential and build their true platform for success by harnessing the value of education in more meaningful ways than mere certification. The book challenges us to discover our unique purpose for living and to dream the dreams of our own making rather than end up as mere players of the visions of others bold enough to follow the courage of their convictions. Also, In the *Matriculate to Your Perfect Degree Course* You will learn: How to find

your purpose in life How to find the right education How to find the right environment for your education And ultimately, the inspiration you need to achieve your dreams and goals

robert kiyosaki education degree: *The Education of Millionaires* Michael Ellsberg, 2012-09-25 Some of the smartest, most successful people in the country didn't finish college. None of them learned their most critical skills at an institution of higher education. And like them, most of what you'll need to learn to be successful you'll have to learn on your own, outside of school. Michael Ellsberg set out to fill in the missing pieces by interviewing a wide range of millionaires and billionaires who don't have college degrees, including fashion magnate Russell Simmons and Facebook founding president Sean Parker. This book is your guide to developing practical success skills in the real world: how to find great mentors, build a world-class network, make your work meaningful (and your meaning work), build the brand of you, and more. Learning these skills is a necessary addition to any education, whether you're a high school dropout or graduate of Harvard Law School.

The author explores lasting lessons, stories, and strategies drawn from his popular *The CLS Experience* podcast where he has interviewed countless celebrities, athletes, thought leaders, and bestselling authors. The material within is raw, real, and relatable to anyone, from any background, and in any industry. You'll also find: Strategies for eliminating negative, unproductive thoughts and replacing them with constructive new beliefs that drive incredible results in your personal and professional lives Ways to balance making an impact, earning a lucrative living, and cultivating a new mindset Methods for reimagining how you present yourself to other people *The Reinvention Formula* is a step-by-step walkthrough for anyone ready to put in the effort to completely reimagine how they relate to the world around them.

robert kiyosaki education degree: *Healing the Sudan* □ *Improving Human Rights, Gender Mainstreaming and Education in the Republic of Sudan* Dr. Mark O'Doherty, 2017-10-17 Fighting between rival government factions is intensifying across much of Sudan as diplomatic efforts to end the conflict begin to gather momentum. At least 97 people have been killed and hundreds wounded as clashes have spread since Saturday, when violence erupted between army units loyal to Gen Abdel Fattah al-Burhan, the head of Sudan's transitional governing Sovereign Council, and the paramilitary Rapid Support Forces (RSF), led by Gen Mohamed Hamdan Dagalo, known as Hemedti, who is deputy head of the council. In Khartoum, fighting has centred on key sites such as the international airport, presidential palace and the army headquarters, where Burhan is thought to be based. Military jets flew low over the capital at first light on Monday, after a night of repeated bouts of firing and shelling. Witnesses told Reuters the army was renewing airstrikes on RSF bases in Omdurman, Khartoum's sister city across the Nile. Dozens of bodies have been seen by witnesses in one central neighbourhood of the capital, while hundreds of students remain trapped by the fighting in schools. The African Union's top council called for an immediate ceasefire without conditions. It also asked the AU Commission chair, Moussa Faki Mahamat, to immediately travel to Sudan to engage the parties towards a ceasefire. Arab states with stakes in Sudan - Qatar, Egypt, Saudi Arabia and the United Arab Emirates - made similar appeals. The Saudi foreign minister, Prince Farhan bin Faisal, spoke by phone with Sudan's rival generals and urged them to stop all kinds of military escalation, Saudi state TV reported. The US secretary of state, Antony Blinken, has called for an immediate ceasefire and a return to talks to put Sudan back on track to a civilian-led government. People in Sudan want the military back in the barracks, they want democracy, they want a civilian-led government. Sudan needs to return to that path - so that the Universal

Declaration of Human Rights (UDHR) can be restored in the Republic of the Sudan. Hence it is imperative that both General Abdel Fattah al-Burhan and General Mohamed Hamdan Dagalo stop the violence and commence with Peace Talks - to put Sudan back on track to a civilian-led government, so that Democracy can be restored in Sudan. Otherwise an intervention from the NGO Community will be necessary; so that humanitarian disaster can be averted, and the Universal Declaration of Human Rights (UDHR) can be restored in the Republic of the Sudan.

robert kiyosaki education degree: Forget School Martin Illingworth, 2020-04-07 Written by Martin Illingworth, Forget School: Why young people are succeeding on their own terms and what schools can do to avoid being left behind is a wide-reaching, engaging enquiry into the things that young people actually need from their education. Schools are at a crossroads: either they respond to the real world of change, challenges and possibilities that face young people, or they become irrelevant. Young people need to network effectively, manage their finances responsibly, and be digitally proficient and alert to the world around them. If schools do not adapt their provision to nurture these capabilities, then today's youth will increasingly turn to alternative sources to seek out the education they need. Drawing on the experiences of young self-employed adults, Martin Illingworth's Forget School shares key insights into the ways in which education can be recalibrated to better support young people. In doing so he provides practical suggestions around how schooling culture, curriculum design and pedagogical approaches can be reconfigured in readiness for the emerging shifts and trends in 21st century life and employment. Martin sheds light on how young people perceive school's current provision, and offers greater insight into what they think needs to change if education is to work for generations to come. He also explores the importance of digital proficiency in the 21st century and how young people, as digital natives, both acquire it and leverage its benefits independently of school instruction. Essential reading for anyone working in education.

robert kiyosaki education degree: Rich Dad's Success Stories Robert T. Kiyosaki, Sharon L. Lechter, 2003-10-01 An extraordinary collection of business success stories--all applying the principles from the #1 New York Times bestseller Rich Dad Poor Dad.

robert kiyosaki education degree: Rich Dad's Increase Your Financial IQ Robert T. Kiyosaki, 2008-03-26 For years, Robert Kiyosaki has firmly believed that the best investment one can ever make is in taking the time to truly understand how one's finances work. Too many people are much more interested in the quick-hitting scheme, or trying to find a short-cut to real wealth. As Kiyosaki has preached over and over again, one has to truly understand the process of how money works before one can start out on trying to escape the daily financial Rat Race. Now, in this latest book in the popular Rich Dad Poor Dad series, Kiyosaki lays out his 5 key principles of Financial Intelligence for all to understand. In INCREASE YOUR FINANCIAL IQ, Kiyosaki provides real insights on these key steps to wealth: o How to increase your money -- how to assess what you're really worth now, what your prospects are, and how to start mapping out your financial future. o How to protect your money -- for better or for worse, taxes are a way of life. Kiyosaki shows you that it's not what you make....it's what you keep. o How to budget your money -- everybody wants to live large, but you have to learn how to live within your budget. Kiyosaki shows you how you can. o How to leverage your money -- as you build your financial IQ, knowing how to put your money to work for you is a crucial step. o How to improve your financial information -- Kiyosaki shows you how to accelerate your wealth as you learn more and more.

Kiyosaki's Rich Dad Poor Dad for Teens Conventional wisdom says you have to graduate from college in order to get a good job and start making money. But what if you start your financial journey as a teen? Robert T. Kiyosaki's Rich Dad Poor Dad for Teens (2004) contains all the financial knowledge from his best-seller Rich Dad Poor Dad (1997) restructured for teenagers who want to start their financial success story right now and not have to work for a salary their entire lives. Kiyosaki puts special emphasis on financial literacy and the importance of learning about money from a young age, instead of waiting until you meet a financial disaster.

robert kiyosaki education degree: Passport to Shame Sam Louie, 2024-01-09 A psychotherapist's candid memoir of addiction and recovery, exploring the intersection of Asian culture, mental health, and assimilating into American culture as an ethnic minority. Sam Louie grew up torn between cultures as part of a first-generation Chinese immigrant family from Hong Kong living in a predominantly African American neighborhood in the United States. He experienced the duality of existence with the tension of two vastly different worldviews, his identity intertwined with the country he lives in and his ancestral ties. What traditions and cultural beliefs get preserved, what gets discarded, and what gets lost in translation? Beneath it all was the presence of three generations of addiction, trauma, and shame. In this bold, insightful book, he documents the challenges of immigrant experiences and how maladaptive coping mechanisms in the form of compulsive behaviors were a means to gain a sense of adequacy due to the cultural tide of shame and ostracism within his own ethnic heritage and the external world. Louie's journey of resiliency in navigating multiple cultural forces in the face of adversity and racism can give readers a new understanding of hope, perseverance, and the resources necessary to heal.

robert kiyosaki education degree: Why Entrepreneurship? Frederique Media Productions, 2014-04-05 When we think of the word entrepreneurship, the first thing that comes to mind is business or making money. The topics discussed in Why Entrepreneurship? What is IT All About? scrutinize the growing issues facing our economy, education system, children, jobs, immigration, and even our faith. This book will open your eyes and show you the different aspects to why humanity must transform to the new mindset of a 21st century entrepreneur. What you will learn is that entrepreneurship has more to do with God's original intentions for our lives, a way of life, a

form of survival, freedom, wisdom, and less to do with money or business. Why Entrepreneurship is truly an eye opener for baby boomers, early retirees, immigrants, and the working class. Dimitry hits on all the major topics that governs your life today and the future of job security. His startling prediction for the next 50 to 100 years of how the job market will change truly makes him a visionary ahead of his time. Learn the necessary skills needed to diversify your life rather than keeping up with the Jones. For those of you who are already in business for yourself this book will reinforce your belief system and open your eyes to new concepts of residual income, time freedom, and the reasons why you should be open to the idea of generating multiple streams of income from multiple sources rather than from your current brick and mortar business model. Learn to leverage your small business by becoming a global commodity that is opened 24 hours a day.
