In this article, we'll explore what a Black History Month choice board is, why it's effective in classrooms, and provide ideas to create your own engaging and meaningful choice board for students of all ages.

What Is a Black History Month Choice Board?

A choice board is essentially a graphic organizer that presents a grid of activity options, usually arranged in rows and columns. Students pick from these options to complete assignments that align with learning goals but allow for autonomy and voice. When applied to Black History Month, the choice board might include tasks ranging from research projects and creative writing to art and digital media, all centered around African American history, achievements, and culture.

This tool transforms the way Black History Month is recognized in schools by moving beyond rote memorization of dates and figures. Instead, it fosters engagement by allowing students to explore topics that resonate with them personally, whether that's influential leaders, cultural contributions, or social justice movements.

Why Use a Choice Board for Black History Month?

Incorporating a Black History Month choice board into your lesson plan offers several advantages:

Building a Black History Month Choice Board: Tips and Ideas

Creating a choice board that is both educational and exciting requires careful planning. Here are some tips to help you design an effective Black History Month choice board:

4. Provide Clear Instructions and Rubrics

To support independent work, ensure each choice includes detailed directions and criteria for success. A rubric helps students understand expectations and self-assess their performance.

This article delves into the concept of the Black History Month choice board, its educational significance, and practical applications that foster critical thinking and cultural appreciation.

Understanding the Black History Month Choice

Board

A choice board is an instructional strategy that presents students with a selection of activities, often arranged in a grid or board format, allowing them to choose tasks that best suit their interests and abilities. When designed for Black History Month, these boards focus on themes such as civil rights, influential figures, cultural achievements, and historical events. By providing options, educators empower students to take ownership of their learning, which can increase motivation and engagement.

The Black History Month choice board is particularly valuable because it integrates differentiated instruction principles. This approach accommodates diverse learning preferences—visual, auditory, kinesthetic—and varying skill levels, making the study of Black history accessible and meaningful to all students. Moreover, it supports the development of critical thinking and creativity, as students analyze historical contexts, draw connections, and express their understanding through multiple modalities.

Key Features of Effective Black History Month Choice Boards

To maximize the educational impact, an effective Black History Month choice board should incorporate:

- **Variety of Activities:** Tasks can range from reading biographies and watching documentaries to creating artwork or writing essays, catering to different interests.
- **Clear Learning Objectives:** Each activity aligns with curriculum standards and aims to deepen understanding of Black history and culture.
- **Student Autonomy:** Choice boards promote independence, allowing learners to select activities that resonate with their learning preferences.
- **Integration of Technology:** Incorporating digital tools like interactive timelines or virtual museum tours enhances engagement and accessibility.

Educational Benefits and Impact

The Black History Month choice board serves as more than just a celebratory tool; it is a catalyst for inclusive education and cultural competence. Research suggests that when students engage with content through multiple pathways, retention and comprehension improve significantly. Choice boards

foster this by blending traditional and creative methods of learning.

Furthermore, choice boards encourage students to explore lesser-known aspects of Black history, moving beyond well-known figures such as Martin Luther King Jr. or Rosa Parks to include scientists, artists, activists, and innovators whose contributions are often overlooked. This broader perspective enriches students' understanding and challenges stereotypes.

Comparison with Traditional Teaching Methods

Unlike conventional lecture-based approaches, the Black History Month choice board promotes active learning. Students are not passive recipients of information but active participants in their educational journey. This experiential learning model contrasts with rigid curricula that may not accommodate diverse learning needs.

Additionally, choice boards facilitate differentiated instruction more effectively than one-size-fits-all lesson plans. For example, while some students might excel in research projects, others may prefer creative expressions like poetry or visual arts. By offering multiple entry points into the subject matter, educators can address varied competencies and interests.

Implementing a Black History Month Choice Board in the Classroom

Successful implementation requires thoughtful planning and alignment with educational goals. Educators should consider the following steps:

1. **Identify Learning Goals:** Define what students should know or be able to do by the end of the unit.
2. **Curate Diverse Activities:** Assemble a mix of tasks that cover historical events, cultural expressions, and current issues related to Black history.
3. **Ensure Accessibility:** Provide materials and instructions that are clear and adaptable to students with varying abilities.
4. **Incorporate Assessment:** Develop rubrics or reflection prompts to evaluate understanding and engagement.
5. **Facilitate Reflection:** Encourage students to share insights and discuss how the activities influenced their perspectives.

Examples of Black History Month Choice Board Activities

- **Biographical Research:** Investigate the life and impact of a notable Black historical figure and present findings through a multimedia presentation.
- **Creative Writing:** Compose a poem or short story inspired by African American culture or history.
- **Artistic Expression:** Create artwork that reflects themes of resilience, freedom, or identity.
- **Documentary Viewing:** Watch a film about civil rights movements and write a critical response.
- **Interactive Timeline:** Build a digital timeline highlighting key events in Black history.

Challenges and Considerations

While Black History Month choice boards offer many advantages, educators must navigate potential challenges. One concern is ensuring that activities maintain historical accuracy and cultural sensitivity. Selecting reputable sources and consulting community experts can mitigate this risk.

Additionally, balancing student choice with curriculum requirements may pose difficulties. Educators need to design boards that align with academic standards while still providing meaningful options. Time constraints and resource availability also influence the feasibility of certain tasks.

Finally, it is critical to avoid superficial treatment of Black history. Choice boards should encourage deep exploration and critical analysis rather than tokenistic or celebratory activities that lack substance.

The Role of Technology in Enhancing Choice Boards

The integration of digital tools enhances the flexibility and reach of Black History Month choice boards. Platforms such as Google Classroom, Padlet, or Seesaw can host interactive boards where students select and submit assignments electronically. Virtual reality experiences and online archives offer immersive learning opportunities that bring historical narratives to life.

Moreover, technology facilitates collaboration across classrooms and communities, enabling students to engage in dialogues beyond their immediate environment. This connectivity broadens perspectives and fosters empathy.

The thoughtful use of technology addresses diverse learning preferences and supports the inclusion of students with disabilities through features like text-to-speech and adjustable font sizes.

Black History Month choice boards continue to evolve as educators seek to create meaningful, student-centered learning experiences. By combining choice, cultural relevance, and critical engagement, these tools contribute to a richer understanding of Black history and its ongoing influence in society.

Within each matrix, common characteristics of each movement emerge. Progressive Education with its emphasis on critical thinking and child-centered schools set the stage for what was to follow. Equity Reform sought to complete the unfinished agenda of Progressive Education in educating the poor. Excellence Reform repudiated both in the name of higher standards and content-specific curriculums. The emergence of sophisticated educational research since the 1960s has influenced educational policy to be more research-based. Berube provides a necessary overview of the great

movements in school reform over the last century.

black history month choice board: Leadership in Higher Education Francis L. Lawrence, 2017-07-12 In this collection of interviews, presidents and chancellors of some of America's most respected universities candidly reflect on their experiences during the decade leading up to the twenty-first century and immediately following it. This was a time of change and uncertainty, when opportunities for achievement and potential for failure made their role uncommonly challenging, and success called for considerable determination, integrity, foresight, skill, and courage. The American higher education system, often characterized as the best in the world, is distinguished for its scholarship as well as its accessibility. Its indispensable role as an engine for individual and societal economic advancement has made universities the targets of media interest, critical examination, and political manipulation. Higher education has become the passport to the American dream, and the percentage of those going to college has increased, challenging individual institutions and systems to accommodate growing numbers of aspiring students while searching for solutions to problems of inadequate college preparation and inadequate financial assistance for low-income students. Despite their increasing importance to the nation, the region, and their communities, public and private universities have seen states reduce their support to their state systems of higher education, shifting the responsibility to individuals and institutions. *Leadership in Higher Education* traces the careers of thirteen women and men who have presided over a total of twenty universities or university systems and three national organizations of higher education: Robert Berdahl, Myles Brand, Molly Corbett Broad, John T. Casteen III, Mary Sue Coleman, Norman C. Francis, Nils Hasselmo, Shirley Ann Jackson, Shirley Strum Kenny, William English Kirwan, Francis L. Lawrence, Charles M. Vest, and David Ward.

black history month choice board: Storytime and Beyond Kathy Barco, Melanie Borski-Howard, 2018-10-10 Join the world of balloons, pancakes, and musical instruments—just a few items to help improve early literacy in the library, the classroom, and at home. Literacy-builders covered range from music and instruments to magnetic letters, alphabet beads, and food. Literacy is a popular topic of discussion among librarians. Especially important is early literacy, what children know about reading and writing before they can actually read and write. In this book, experienced librarians Kathy Barco and Melanie Borski-Howard share hands-on techniques that they have used to successfully promote early literacy and encourage family involvement. *Storytime and Beyond* teaches readers how to use literacy doodads—inexpensive props that add excitement to storytimes and can be used outside the library or classroom—to enhance the basic components of any early literacy program: talking, singing, reading, writing, and playing. Many of the doodads can be created as family do-it-yourself projects, and some can be adapted to work with non-readers of any age. Instruments can also be a great way to get children's attention and teach literacy skills, whether it's a drum to beat while reading a story or a maraca for children to shake during a song, and lesson plans for musical storytimes address how to use rhythm, singing, and dancing to make early literacy fun.

black history month choice board: The Sixty-Seventh Book of the Holy Bible by Elijah the Prophet as God Promised from the Book of Malachi. Elijah, the Prophet, 2010-08-18
Revelation 10:9 And I went unto the angel, and said unto him, Give me the little book. And he said unto me, Take it, and eat it up; and it shall make thy belly bitter, but it shall be in thy mouth sweet as honey. Revelation 10:10 And I took the little book out of the angels hand, and ate it up; and it was in my mouth sweet as honey: and as soon as I had eaten it, my belly was bitter. Here is the mystery of God, where He will train an angel to write about the seven thunders in modern times or fear. Fear is the beginning of all wisdom (knowledge), yet we have to reach for, there is nothing to fear but fear itself. How can a book result in my mouth sweet as honey when I speak and my belly was bitter as I tried to swallow my pride and the wisdom made me sicken? He told us to eat of the book as He has told us to eat of His body. A location that does not teach fear is not a valid church location, since fear is the beginning of all wisdom (knowledge). Malachi 3:1 Behold, I will send my messenger, and he shall prepare the way before me: and the LORD, whom ye seek, shall suddenly come to his temple, even the messenger of the covenant, whom ye delight in: behold, he shall come, saith the LORD of hosts. Malachi 3:2 But who may abide the day of his coming? and who shall stand when he appeareth? for he is like a refiners fire, and like fullers soap. Malachi 3:3 And he shall sit as a refiner and purifier of silver: and he shall purify the sons of Levi, and purge them as gold and silver, that they may offer unto the LORD an offering in righteousness.
