But God saves your life in an eight-hour brain surgery. He gives you an incredible near-death experience in a second brain surgery in which you are shown amazing knowledge that is so far above what this world knows that you are filled with the unspeakable joy of being able to understand this knowledge. Then God removes all this understanding from you except for two words and calls you to recreate this knowledge from the pages of Bible and share it with others. Come with me as we recreate this knowledge by piecing together amazing truths and hidden wisdom found in the Word of God, and we will learn things we never knew that we never knew. The word mystery is found in the Bible some twenty-one times along with many parables, signs, metaphors, and symbolic language. We will piece together these truths, going into the ancient Hebrew and Greek definitions when necessary, to understand what the writers of the Bible understood, to create a picture of reality that goes far beyond this world we know. This understanding will challenge what we believe to be true in

our minds and change what we desire in our hearts. And that is exactly what the Bible was meant to do. The goal of this book is to unite the church of Christ with an understanding of the Word of God that can replace the traditions of man that are not Biblically based.
