

dan carlins hardcore history podcast by dan carlin

Dan Carlin's Hardcore History Podcast by Dan Carlin: A Deep Dive into the Past

dan carlins hardcore history podcast by dan carlin has become a phenomenon within the world of audio storytelling and historical exploration. For history enthusiasts and casual listeners alike, this podcast offers an immersive journey into some of the most fascinating and complex events of human history. Dan Carlin's unique narrative style, combined with his deep research and engaging delivery, has set Hardcore History apart from other history podcasts, making it a must-listen for anyone curious about the past.

What Makes Dan Carlin's Hardcore History Podcast by Dan Carlin Stand Out?

When you think about history podcasts, there are plenty to choose from. However, Dan Carlin's Hardcore History brings something special to the table. Unlike traditional academic lectures or dry recountings of dates and facts, Carlin's podcast feels like sitting down with a passionate storyteller who breathes life into history.

Engaging Storytelling That Captivates

One of the key reasons listeners are drawn to Dan Carlin's Hardcore History podcast by Dan Carlin is the way he tells stories. His approach is conversational yet intense, weaving narratives that are both gripping and thought-provoking. He often takes complex historical events and unpacks them in a way that feels personal and immediate. This approach transforms what might otherwise be a distant or forgotten episode of history into something vivid and relevant.

Meticulous Research and Depth

Carlin's reputation comes from his dedication to thorough research. Each episode is meticulously crafted, sometimes spanning several hours, and covers a wide range of topics—from ancient empires and world wars to lesser-known historical moments that shaped the world. The depth of information is impressive, yet he manages to present it without overwhelming the listener, striking a perfect balance between detail and accessibility.

A Journey Through History: Popular Series and Episodes

Dan Carlin's Hardcore History podcast by Dan Carlin offers a variety of series that explore different eras and themes. Some episodes have become iconic for their storytelling mastery and insightful perspectives.

The Wrath of the Khans

This series dives into the rise and expansion of the Mongol Empire, chronicling the life of Genghis Khan and his successors. The narrative captures the brutal yet strategic nature of the Mongol conquests, exploring how they reshaped the map of Eurasia. Listeners often praise the way Carlin humanizes these historical figures while also providing context for their actions.

Blueprint for Armageddon

Another fan favorite, this multi-part series covers World War I in exhaustive detail. Carlin examines the causes, battles, and human experiences of the Great War, emphasizing the unprecedented scale of destruction and the profound impact on modern history. The series is known for its emotional intensity and the way it challenges listeners to rethink commonly held narratives about the war.

King of Kings and Other Gems

Beyond these, episodes such as "King of Kings," which delves into the Persian Empire, and explorations of the Cold War or ancient Rome, showcase the breadth of Carlin's interests. Each episode stands alone as a deep dive into a particular subject, yet they all share a common thread of thoughtful analysis and storytelling excellence.

Why Hardcore History Resonates with Listeners

It's not just the content that makes dan carlins hardcore history podcast by dan carlin so beloved—it's also the way it connects with its audience on a deeper level.

Humanizing Historical Figures

Carlin often emphasizes the humanity behind historical events, reminding listeners that history isn't just about dates or battles but about people's choices, fears, and motivations. This human element makes the past relatable and encourages empathy across time.

Encouraging Critical Thinking

Dan Carlin doesn't just recount history; he challenges listeners to think critically about the events and their implications. He often raises questions about leadership, morality, and the consequences of decisions made centuries ago. This approach makes Hardcore History more than just educational—it's an invitation to engage with history as a living conversation.

High-Quality Production and Accessibility

The podcast's high production value, with clear audio and carefully edited episodes, adds to the listening experience. Additionally, Carlin's approachable tone means that even those new to history can enjoy and learn without feeling lost or overwhelmed.

Tips for Getting the Most Out of Dan Carlin's Hardcore History Podcast

Given the length and depth of many Hardcore History episodes, new listeners might wonder how to best enjoy the content.

- **Set aside time:** Some episodes run over 4 or 5 hours. Treat them like an audiobook or an in-depth documentary.
- **Take notes or pause to reflect:** Carlin's episodes are packed with information and insights. Pausing to jot down thoughts or revisit sections can enhance understanding.
- **Explore related reading:** Supplementing episodes with books or articles about the topics can deepen your appreciation.
- **Listen in a distraction-free environment:** To catch all the nuances, it helps to be focused and attentive.

The Impact of Dan Carlin's Hardcore History on Podcasting and Education

Dan Carlin's work has influenced not only fans of history but also the broader podcasting community and educators.

Raising the Bar for Narrative Podcasts

Hardcore History has set a high standard for narrative-driven podcasts. Its success has inspired many creators to focus on storytelling quality, research rigor, and immersive audio experiences. The podcast's ability to attract millions of listeners worldwide proves that there is a strong appetite for well-crafted history content.

Incorporation into Educational Settings

Many teachers and professors recommend Hardcore History episodes as supplementary material for students. The podcast's engaging style helps make historical events more accessible and memorable, which can be particularly valuable in classrooms struggling to capture students' interest.

Building a Community of History Enthusiasts

The podcast has fostered a vibrant online community where listeners discuss episodes, share insights, and recommend related resources. This interactive element enhances the educational value and creates a network of curious minds eager to explore history together.

Dan Carlin's Hardcore History podcast by Dan Carlin is more than just a show—it's an experience that invites listeners to journey back in time, understand the complexities of human civilization, and reflect on how the past shapes our present. For those looking to dive deep into history with a guide who is as passionate as he is knowledgeable, this podcast remains an unparalleled resource.

Frequently Asked Questions

What is Dan Carlin's Hardcore History podcast about?

Dan Carlin's Hardcore History is a podcast that explores historical events and figures in a deep, narrative style, combining thorough research with engaging storytelling to make history compelling and accessible.

How often does Dan Carlin release new episodes of Hardcore History?

Dan Carlin releases new episodes of Hardcore History irregularly, typically every few months, as each episode requires extensive research and production time.

What makes Hardcore History different from other

history podcasts?

Hardcore History stands out due to Dan Carlin's intense and passionate narration, in-depth analysis, long episode lengths, and the ability to bring history to life through vivid storytelling.

Can you recommend a popular episode of Hardcore History to start with?

A popular episode to start with is 'Blueprint for Armageddon,' a multi-part series on World War I that is highly praised for its detailed and gripping account of the conflict.

Is Hardcore History suitable for listeners new to history?

Yes, Hardcore History is suitable for newcomers as Dan Carlin explains complex historical events clearly and engagingly, though the long episode lengths may require a substantial time commitment.

Where can I listen to Dan Carlin's Hardcore History podcast?

Hardcore History is available on major podcast platforms such as Apple Podcasts, Spotify, Stitcher, and through Dan Carlin's official website.

Does Dan Carlin provide sources or references for the history discussed in Hardcore History?

While Dan Carlin does not provide formal citations during episodes, he often shares a list of recommended readings and sources related to the topics discussed on his website and in show notes.

Has Dan Carlin received any awards or recognition for Hardcore History?

Yes, Dan Carlin's Hardcore History has received critical acclaim and has been recognized as one of the top history podcasts, praised for its unique approach and storytelling quality.

Are there transcripts available for Hardcore History episodes?

Transcripts are not officially provided for all episodes, but some fans and third-party websites have created unofficial transcripts. Occasionally, Dan Carlin's website offers written content related to episodes.

Additional Resources

Dan Carlin's Hardcore History Podcast by Dan Carlin: An In-Depth Examination of a Modern Historical Phenomenon

dan carlins hardcore history podcast by dan carlin has emerged as a standout offering in the crowded landscape of history podcasts, captivating millions of listeners worldwide with its unique narrative style and deep-dive explorations. Unlike conventional history presentations, Dan Carlin's approach combines rigorous research with an almost theatrical delivery, weaving complex historical events into engaging stories that resonate with both casual listeners and serious history enthusiasts. This article investigates the key elements that define Dan Carlin's Hardcore History podcast, its impact on podcasting and historical education, and how it distinguishes itself among other history-related content.

The Unique Appeal of Dan Carlin's Hardcore History Podcast by Dan Carlin

What sets Dan Carlin's Hardcore History apart from other history podcasts is its blend of meticulous scholarship and compelling storytelling. Carlin, a former radio host with a background not strictly rooted in academia, adopts a narrative-driven methodology that makes history accessible without sacrificing nuance or complexity. Each episode often spans several hours, allowing for an exhaustive treatment of topics that typically receive only surface-level coverage elsewhere.

One notable feature of the podcast is its episodic format, where Carlin tackles broad themes such as war, empire, and political upheaval through a series of interconnected episodes. This serialized storytelling invites listeners into a sustained intellectual journey, encouraging deeper understanding rather than brief consumption. For example, his multi-part series on World War I ("Blueprint for Armageddon") offers unprecedented insight into the human experience of the conflict, blending macro-historical analysis with vivid personal anecdotes.

Historical Accuracy and Research Standards

Dan Carlin's Hardcore History podcast prides itself on thorough research, drawing from a wide variety of academic sources, primary documents, and expert interviews. Though Carlin is not a historian by training, he demonstrates a rigorous commitment to factual accuracy, frequently citing historians and scholars to support his interpretations. Listeners often praise the podcast for its depth and reliability, which enhances its credibility in the educational podcast niche.

However, some critics argue that Carlin's dramatic narrative style occasionally leads to embellishments or speculative interpretations designed to heighten engagement. While these critiques acknowledge the podcast's entertainment value, they sometimes question whether such techniques blur the lines between historical fact and creative license. Still, the overwhelming consensus is that Carlin's work sparks curiosity and encourages

audiences to explore history more deeply on their own.

Comparative Position in the History Podcast Genre

When compared to other popular history podcasts such as “The History of Rome” by Mike Duncan and “Revolutions” by the same host, Dan Carlin’s Hardcore History stands out for its intensity and length. Episodes can run upwards of three to five hours—an uncommon feature in podcasting—allowing for a comprehensive exploration of topics. This format appeals to dedicated history buffs who seek a more immersive experience.

In contrast, many history podcasts opt for shorter, more digestible episodes aimed at casual listeners. Dan Carlin’s Hardcore History caters to an audience willing to invest significant time and mental energy, which has cultivated a loyal following. This dedication is reflected in the podcast’s consistent ranking among the top history podcasts on platforms like Apple Podcasts and Spotify.

Production Quality and Presentation Style

The production quality of Dan Carlin’s Hardcore History podcast is notably high, with clear audio, minimal distractions, and a focus on storytelling. Carlin’s voice is distinctive—dynamic, emotive, and deliberate, lending gravity to the content. Unlike podcasts that rely heavily on interviews or multiple voices, Hardcore History is predominantly a solo narrative, which creates an intimate listening experience.

Carlin’s ability to humanize historical figures and events contributes significantly to the podcast’s impact. By framing history in terms of human motivations, fears, and desires, he transforms distant events into relatable stories. This approach is especially effective in episodes dealing with warfare and political turmoil, where the complexity of human behavior can be difficult to convey in traditional academic formats.

Impact on Historical Education and Popular Culture

Dan Carlin’s Hardcore History podcast by Dan Carlin has influenced how history is consumed and appreciated in the digital age. It has demonstrated that long-form, detailed historical storytelling can thrive in a media environment often dominated by quick, bite-sized content. This has encouraged other content creators to experiment with format and depth, contributing to a resurgence of interest in history as a narrative art form.

Moreover, the podcast’s popularity has led to academic and educational institutions incorporating episodes into curricula, recognizing the value of engaging students with history beyond textbooks. Carlin’s work has also inspired a new generation of amateur

historians and podcasters, broadening the scope of public history engagement.

Advantages and Limitations of the Podcast Format

- **Advantages:**

- **Accessibility:** Available globally and free, making historical knowledge widely available.
- **Depth:** Extended episodes allow for nuanced exploration of complex subjects.
- **Engagement:** Narrative style fosters emotional connection and sustained interest.

- **Limitations:**

- **Time Commitment:** Lengthy episodes may be daunting for casual listeners.
- **Interpretative Bias:** Dramatic storytelling may introduce subjective interpretations.
- **Interactivity:** Lack of direct scholarly dialogue or debate within episodes.

Future Prospects and Evolution

As podcasting continues to evolve, Dan Carlin's Hardcore History podcast remains a benchmark for quality and depth in historical storytelling. Carlin has hinted at exploring new thematic territories and possibly incorporating more multimedia elements to enhance the experience. The challenge will be maintaining the delicate balance between scholarly rigor and engaging narrative that has defined the podcast's success.

Additionally, the increasing availability of historical content across various platforms means that Hardcore History must continue innovating to retain its audience. However, the podcast's reputation and loyal fan base suggest that Dan Carlin has established a sustainable model for long-form, educational entertainment.

In sum, Dan Carlin's Hardcore History podcast by Dan Carlin represents a significant contribution to public history and digital media. Its meticulous research, captivating storytelling, and willingness to tackle complex historical events have redefined what a history podcast can be, setting a high standard for others in the genre. Whether one is a

seasoned historian or a curious newcomer, Hardcore History offers a compelling auditory journey through the past that challenges, informs, and entertains.

Dan Carlins Hardcore History Podcast By Dan Carlin

dan carlins hardcore history podcast by dan carlin: Handbook of Research on the Future of Advertising and Brands in the New Entertainment Landscape Miguélez-Juan, Blanca, Bonales-Daimiel, Gema, 2023-01-09 In a globalized world full of noise, brands are constantly launching messages through different channels. For the last two decades, brands, marketers, and creatives have faced the difficult task of reaching those individuals who do not want to watch or listen to what they are trying to tell them. By producing fewer ads or making them louder or more striking, more brands and communications professionals are not going to get those people to pay more attention to their messages; they will only want to avoid advertising in all media. The Handbook of Research on the Future of Advertising and Brands in the New Entertainment Landscape provides a theoretical, reflective, and empirical perspective on branded content and branded entertainment in relation to audience engagement. It reviews different cases about branded content to address the dramatic change that brands and conventional advertising are facing short term. Covering topics such as branded content measurement tools, digital entertainment culture, and government storytelling, this major reference work is an excellent resource for marketers, advertising agencies, brand managers, business leaders and managers, communications professionals, government officials, non-profit organizations, students and educators of higher education, academic libraries, researchers, and academicians.

dan carlins hardcore history podcast by dan carlin: *The Open Question* Peter May, 2021-05-12 Golfing legend Ben Hogan went to his grave believing he had won a record five US Open titles. The USGA says otherwise, and the controversy has endured for over 75 years. In 1942, the United States Golf Association (USGA) cancelled its four golf tournaments for the duration of World War II. But then it did something different in only that year-it sponsored the Hale-America National Open on the same weekend as the cancelled US Open. The great Ben Hogan won that tournament and went to his grave believing he had therefore won a record five US Open titles. In *The Open Question*, Peter May turns his attention to this controversial, colorful Hale-America National Open of 1942. While providing an in-depth look at the tournament itself, May champions Hogan's claim to five US Open titles and debunks some questionable assertions that the tournament was not worthy of a US Open. Set against the backdrop of World War II, May also tells the stories of other professional golfers in the tournament and the impact of the war on all their lives. The USGA has never recognized the Hale-America Tournament as an official US Open and remains firm in its stance. It was a decision that bothered Ben Hogan for the rest of his life. *The Open Question* shows how dominant Ben Hogan was against some of the biggest names in golf, and reveals why he deserves to be recognized as a five-time US Open winner.

dan carlins hardcore history podcast by dan carlin: The Ballad of the Lone Medievalist Kisha G. Tracy, John P. Sexton, 2018 Working medievalists are often the only scholar of the Middle Ages in a department, a university, or a hundred-mile radius. While working to build a body of focused scholarly work, the lone medievalist is expected to be a generalist in the classroom and a contributing member of a campus community that rarely offers disciplinary community in return. As a result, overtasked and single medievalists often find it challenging to advocate for their work and field. As other responsibilities and expectations crowd in, we come to feel disconnected from the projects and subjects that sustain our intellectual passion. An insidious isolation even from one another creeps in, and soon, even attending a conference of fellow medievalists can become a lonely experience. Surrounded by scholars with greater institutional support, lower teaching loads, or more

robust research agendas, we may feel alienated from our work - the work to which we've dedicated our careers. The Lone Medievalist (the collaborative community and the book) is intended as an antidote to the problem of professional isolation. It is offered in the spirit of common weal that marks the ideals (if not always the realities) of so many of the communities we study - agricultural, professional, national, notional, and of course, monastic. The Ballad of the Lone Medievalist isn't only about scholarship, or teaching, or institutional life, or the pursuit of new learning - it's about all of them. The essays in this volume address all aspects of the professional and intellectual life of medievalists. Though many of us acknowledge and address the challenges in being Lone Medievalists, these essays are not intended as voces clamantium; they are offered to provide strategies, camaraderie, and an occasional bit of inspiration. They are a call to action, a sharing of hard-won wisdom, and a helping hand - and, above all, a reminder that we are not alone.

dan carlins hardcore history podcast by dan carlin: *Podcasting* Junior Tidal, 2021-05-06
Podcasting: A Practical Guide guides librarians through the process of creating a podcast. It will help librarians digitally record their podcasts, which can highlight library collections, connect with patrons, provide library instruction, and market library services across the Internet. Resources for help with on marketing the podcast, using freely available and Creative Commons media to enhance episodes, privacy issues related to the medium, and making content accessible.

dan carlins hardcore history podcast by dan carlin: *Podcasting* Dario Llinares, Neil Fox, Richard Berry, 2018-07-24
Podcasting: New Aural Cultures and Digital Media is the first comprehensive interdisciplinary collection of academic research exploring the definition, status, practices and implications of podcasting through a Media and Cultural Studies lens. By bringing together research from experienced and early career academics alongside audio and creative practitioners, the chapters in this volume span a range of approaches in a timely reaction to podcasting's zeitgeist moment. In conceptualizing the podcast, the contributors examine its liminal status between the mechanics of 'old' and 'new' media and between differing production contexts, in addition to podcasting's reliance on mainstream industrial structures whilst retaining an alternative, even outsider, sensibility. In the present tumult of online media discourse, the contributors frame podcasting as indicative of a 'new aural culture' emerging from an identifiable set of industrial, technological and cultural circumstances. The analyses in this collection offer a range of interpretations which begin to open avenues for further research into a distinct Podcast Studies.

dan carlins hardcore history podcast by dan carlin: *Nuclear War* Annie Jacobsen, 2024-03-26
The INSTANT New York Times bestseller Instant Los Angeles Times bestseller One of NPR's Books We Love One of Newsweek Staffers' Favorite Books of the Year Shortlisted for the Baillie Gifford Prize "In Nuclear War: A Scenario, Annie Jacobsen gives us a vivid picture of what could happen if our nuclear guardians fail...Terrifying."—Wall Street Journal There is only one scenario other than an asteroid strike that could end the world as we know it in a matter of hours: nuclear war. And one of the triggers for that war would be a nuclear missile inbound toward the United States. Every generation, a journalist has looked deep into the heart of the nuclear military establishment: the technologies, the safeguards, the plans, and the risks. These investigations are vital to how we understand the world we really live in—where one nuclear missile will beget one in return, and where the choreography of the world's end requires massive decisions made on seconds' notice with information that is only as good as the intelligence we have. Pulitzer Prize finalist Annie Jacobsen's Nuclear War: A Scenario explores this ticking-clock scenario, based on dozens of exclusive new interviews with military and civilian experts who have built the weapons, have been privy to the response plans, and have been responsible for those decisions should they have needed

to be made. *Nuclear War: A Scenario* examines the handful of minutes after a nuclear missile launch. It is essential reading, and unlike any other book in its depth and urgency.

dan carlins hardcore history podcast by dan carlin: *The Power of Podcasting* Siobhán McHugh, 2022-10-11 Now two decades old, podcasting is an exuberant medium where new voices can be found every day. As a powerful communications tool that is largely unregulated and unusually accessible, this influential medium is attracting scholarly scrutiny across a range of fields, from media and communications to history, criminology, and gender studies. Hailed for intimacy and authenticity in an age of mistrust and disinformation, podcasts have developed fresh models for storytelling, entertainment, and the casual imparting of knowledge. Podcast hosts have forged strong parasocial relationships that attract advertisers, brands, and major platforms, but can also be leveraged for community, niche, and public-interest purposes. In *The Power of Podcasting*, award-winning narrative podcast producer and leading international audio scholar Siobhán McHugh dissects the aesthetics and appeal of podcasts and reveals the remarkable power of the audio medium to build empathy and connection via voice and sound. Drawing on internationally acclaimed podcasts she helped produce (*The Greatest Menace*, *The Last Voyage of the Pong Su*, *Phoebe's Fall*), she blends practical insights into making complex narrative podcasts and chatcasts or conversational shows with critical analysis of the art and history of audio storytelling. She also surveys the emerging canon of podcast formats. Grounded in concepts from the affective power of voice to the choreography of sound and packed with case studies and insider tips from McHugh's decades of experience, this richly storied book immerses readers in the enthralling possibilities of the world of sound.

dan carlins hardcore history podcast by dan carlin: *Unplugged* Brian Mackenzie, Andy Galpin, Phil White, 2017-07-11 We're looking at our wrists not only to check the time, but also to see how much we've moved, monitor our heart rate, and see how we're stacking up against yesterday's tallies. By 2020, the global market for fitness-focused apps and devices is expected to grow to \$30 billion. The authors believe we are turning rich experience into yet another task we need to complete to meet our daily goals. They encourage you to reconnect to your instincts and the natural world, and avoid the common mistakes that most people make with wearables and tracking apps.

dan carlins hardcore history podcast by dan carlin: *The Idea of God* Kenneth A. Dobbs, 2020-11-20 What holds society together? How does civilization survive from collapsing in on itself? In this work, Kenneth A. Dobbs describes how religion is the cause of civilization's rise and prosperity. Beginning with psychological theories on human nature, Dobbs establishes that humanity needs the religious values of truth, beauty, and goodness to flourish. He then proves this psychological theory by analyzing religion's role in the historical developments of civilization in Mesopotamia, Egypt, Jerusalem, Greece, Rome, and Christendom. He also responds to rebuttals and objections against the thesis that religion is still necessary for modern civilization. *The Idea of God* explores the historical, political, and philosophical implications of both the implementation and rejection of religion within human civilization. Dobbs articulates religion's necessary role in civilization, while also provocatively predicting Western civilization's fate for rejecting religion: societal collapse. The book follows a long intellectual tradition of historians and philosophers who have argued a similar thesis including Polybius, St. Augustine, Arnold Toynbee, Russel Kirk, Richard M. Weaver, and Christopher Dawson. Dobbs reintroduces these classical ideas to the modern world.

dan carlins hardcore history podcast by dan carlin: *Audio For Authors* Joanna Penn, 2020-03-06 Do you want to create, publish and market your audiobooks? Are you ready to use podcasting to grow your author brand and reach more readers with your books? Audiobooks are the fastest-growing segment in publishing with double-digit growth in markets across the world. Podcasting has gone mainstream with listeners consuming audio on mobile phones and in-car devices, as well as through smart speakers. Advancements in voice technology continue to expand possibilities for audio creation and marketing. With such rapid growth in opportunity, how can you position your books in an increasingly voice-first world? I've been podcasting for over a decade as well as narrating and producing my own audiobooks since 2014. I'm an avid consumer of audio

content and I'm also experimenting with AI voice technologies. In this book, I'll share everything I know so you can position your books and your author brand for the next shift in reader behavior. You will discover: - Introduction - Why audio and why now? - The audio first ecosystem - The audio mindset PART 1: Audiobooks - Types of audiobooks - Writing, adapting and editing your work for audio - Intellectual property considerations for audiobooks - Your options for audiobook publishing and licensing - How to find and work with a professional narrator - Reasons to narrate your own audiobook - Audiobook narration tips - Recording studio options - Audiobook recording, editing, and production - How to self-publish an audiobook - How long does an audiobook take to produce? - How do audiobook readers discover audiobooks? - How to market audiobooks - The money side of audiobooks PART 2: Podcasting - Why podcasting is important for authors - The difference between audiobooks and podcasting - Types of podcasts - How to research and pitch podcasters - How to be a great podcast guest - Should you start your own podcast? - Podcast prerequisites - Intellectual property considerations for podcasting - Podcasting equipment and software - Podcast structure - How to be a great podcast host - Podcast distribution - Show notes and transcripts - Collaboration and freelancers - Podcast workflow and tools - How to launch a podcast - How to market a podcast - Repurpose your content - The money side of podcasting PART 3: Voice Technologies - Overview of voice technologies - Speech to text: dictation - Text to speech - Voice assistants, smart speakers and devices - Artificial Intelligence (AI) and the future of voice

dan carlins hardcore history podcast by dan carlin: Does This Taste Funny? Stephen Colbert, Evie McGee Colbert, 2024-09-17 Stephen and Evie Colbert invite you to pull up a chair as they share their favorite recipes from family and friends and offer a glimpse of food and fun in their South Carolina home. "Hopefully reading this book and cooking these recipes will feel like hanging out with us at home. We basically live in the kitchen anyway." —Evie and Stephen Colbert As Evie and Stephen explain it, Does This Taste Funny? had its beginnings in the Covid lockdown. "We were all stuck together and couldn't go out, so we cooked. We had all three kids back under one roof for the first time in a long time, and we had dinner each night as a family. Cooking together became a major source of entertainment." Now, the Colberts invite us into their kitchen and around their dining room table. Sharing Stephen and Evie's favorite recipes, as well as those of their family and friends, this book offers everything from Party Food (called "party food" because "appetizers" implies something to follow when we all know that, often, this is the only course), to Seafood, to

Poultry and Meat (“Evie and I have different relationships to meat. I like it. Evie can take it or leave it, and mostly she leaves it.”), to Desserts (“This is one of the largest sections of the book. Evie always reminds me that desserts are a great way to postpone clearing up.”), to Drinks (“I love cocktail hour. It feels like a reward for having gone so long without a cocktail”), all tied together with playful dialogue between Stephen and Evie and gorgeous shots of their food, family, and home.

dan carlins hardcore history podcast by dan carlin: Big Podcast - Grow Your Podcast Audience, Build Listener Loyalty, and Get Everybody Talking About Your Show David Hooper, 2019-03-12 Is it worth doing a podcast if nobody listens? You started your podcast because you want to: - Spread an important message - Share your passion - Make money But your podcast hasn't quite taken off like you thought it would. What happened? This book is for podcasters who can't quite figure out what they're doing wrong (and are ready to do things right). You'll learn: - Why your “natural personality” may be repelling to people and how to make it attract listeners to your podcast like a magnet (See p198) - What to do when a company tries to “lowball” you on advertising fees (do nothing, except send them the email on p424) - It's easy to screw up an interview. To be sure you don't run into any problems, use my “guest contract” on p311. - A six-word “trick” (learned from a 20-year radio veteran) that will instantly make you a better host (it's on p210) - 9 reasons to kill an interview before it happens - ignore these “red flags” and you'll be sorry (p299) - What Victoria's Secret models know about podcasting (even though you never hear them talk) - this lesson starts on p208! - Nervous on the mic? You have lots of company - 75% of podcasters to be exact. I give you a 5-step way to cure your “stage fright” on p229. - If you're scared of getting bad reviews, don't worry - I have three simple ways to handle critics on p236 (two of which can turn critics into fans) - Why copying top podcasters may be killing your podcast (I share the story on p116) and how to develop a podcasting style that works for you (and will attract more listeners) - My 3-step “episode teaser” formula - it's boring, but it works (get it on p110) - Thinking of doing a “daily” podcast? You must read p103 before you start. - Want to impress a guest? See the chapter starting on p321 for my 3-step followup “ritual” that will make being on your podcast unforgettable (and encourage guests to promote your episodes) And that's just the start ... This book contains my complete system on how to attract listeners, deliver your message effectively, and build a big podcast. You can't build a big podcast on hope. But you can build a big podcast. And if you're ready to do just that, read this book.

dan carlins hardcore history podcast by dan carlin: *Podcasting with Audacity* Dominic Mazzoni, Scott Granneman, 2007-07-24 This is the eBook version of the printed book. Audacity is universally recognized as the number one software program for creating podcasts. Hundreds of thousands of amateurs and professionals alike have created podcasts using Audacity. This Short Cut is designed to get you podcasting as quickly as possible. The first few chapters show you how to install Audacity, plug in your microphone, record your first podcast, and get it online as quickly as possible. The following chapters cover podcasting-specific topics, such as adding background music or conducting interviews. Finally, the remaining chapters focus on how Audacity works, with lots of tips and tricks to make complicated editing even easier.

dan carlins hardcore history podcast by dan carlin: The Wolves of Gaul Rena Butler, 2025-06-27 58 BCE. Titus Laelius Thrasea is a legionary in the Roman army, at war to defend Rome's allies. Commanded to lead a reconnaissance mission with a group of “barbarian” Gauls, he is warned that they have a special magic—but he is not prepared for what this expedition will uncover. Suddenly thrust into the wild forest with an unlikely team, Titus has to rely on Coro, their leader, who reveals the secret behind the pack—that they have the gift of shapeshifting into wolves. Unlikely allies, Coro the Gaul and Titus the Roman will have to push past their differences when they face the ultimate challenge of war, espionage, and fate. Their mutual attraction is forbidden, but will Titus be able to tame his own desire—and the wolf in front of him? *The Wolves of Gaul* is a thrilling

historical tale of opposites forced to fight together, work together, and in the darkest times, love one another.

dan carlins hardcore history podcast by dan carlin: Podcasting in a Platform Age John L. Sullivan, 2024-01-25 Podcasting in a Platform Age explores the transition underway in podcasting by considering how the influx of legacy and new media interest in the medium is injecting professional and corporate logics into what had been largely an amateur media form. Many of the most high-profile podcasts today, however, are produced by highly-skilled media professionals, some of whom are employees of media corporations. Legacy radio and new media platform giants like Google, Apple, Amazon, and Spotify are also making big (and expensive) moves in the medium by acquiring content producers and hosting platforms. This book focuses on three major aspects of this transformation: formalization, professionalization, and monetization. Through a close read of online and press discourse, analysis of podcasts themselves, participant observations at podcast trade shows and conventions, and interviews with industry professionals and individual podcasters, John Sullivan outlines how the efforts of industry players to transform podcasting into a profitable medium are beginning to challenge the very definition of podcasting itself.

dan carlins hardcore history podcast by dan carlin: iPhone For Seniors For Dummies Dwight Spivey, 2018-11-20 The full-color guide to making the most of your iPhone The iPhone is a hugely popular smartphone that offers many convenient features, including a camera, turn-by-turn driving directions, a calendar, and more. But if you're just adopting one for the first time, chances are you could use a friendly companion to help you make sense of its features. The Eternal Melody: Orpheus's Legacy is an enchanting tale of resilience, hope, and the transformative power of music. Follow Orpheus and his companions, Lyra and Thalia, as they travel through picturesque lands

dan carlins hardcore history podcast by dan carlin: The New Digital Storytelling Bryan Alexander, 2017-07-20 Newly revised and updated, this is the essential guide to state-of-the-art digital storytelling for audiences, creators, and teachers. Written for everyone interested in the communication potential of digital media, including educators, marketers, communication professionals, and community activists, this is the ultimate guide to harnessing technology for storytelling. No other book covers the digital storytelling movement as thoroughly as this updated second edition of a popular work, nor does any incorporate as many technologies, from video to augmented reality, mobile devices to virtual reality. The book combines history, analysis, and practical guidance about digital storytelling. It begins with a history that encompasses an exploration of storytelling itself, as well as a description of narratives using digital tools from the 1980s through 2000. From there, the author dives into modern digital storytelling, offering analysis and guidance regarding the use of digital video, podcasting, social media, gaming, mobile devices, and virtual and augmented reality. The work concludes with practical advice about how to create and share digital stories using the most current tools so even the new would-be storyteller can create their first digital narrative. Of course, the second edition is updated to take into account the many ways the field has advanced since the original book appeared. With many new examples of digital stories, this edition's evidence base is current and fresh. New or transformed technologies are also addressed, including virtual reality; mobile devices that have become mainstream tools for creating, sharing, and experiencing digital stories; and the wide variety of new storytelling apps and

services.
