devon k dev mahadev: Legends of Sri Krishna & Mahadev Sharad Mohan, 2023-06-11 To Believe or Not to Believe? You aren't the first to grapple with the question of belief in God. The vast

number of different religions already tell us that humans have been grasping at the divine from the very beginning. This alone speaks to the existence of God. All humans have an innate desire for something, an emptiness that longs for fulfillment. Filling this void with worldly desires like riches, power, and sensual pleasures might distract you for a little while, but it's ultimately unfulfilling. It comes down to two choices. First, you can trust in human's limited knowledge of religions, philosophies, 'isms,' and many others that were made by humans looking for answers. But this reasoning can only go so far because it starts with itself and ends with itself. The second option is to lean not on your understanding but on God. Many skeptics equate trust in religion to a rejection of logic or reason. But belief in God doesn't mean you aren't using sense. Seeking God can open your eyes and grant you wisdom (Psalm 119:18, Proverbs 8). While there are many reasons to put your faith in God, here are some compelling reasons we must believe. God of Tactics VS. God of Ethics

Focusing on the world's third-largest religion, followed by a one billion-plus population. It brings forth stories, ideas, and philosophies, its societal formation, culture, and the main tenets of Hindu philosophies: Dharma, Kama, Karma, and Moksha. The author has not used this book to make a comparative study of other religions but rather focused on Sanatan ideas only. Para Brahma Tattva (God's Particle / Higgs Boson) Truth is found in his various manifestations that have been covered in simple Leelas (God's stories). Shiva and Sri Krishna are the two Hindu Gods being discussed here. This book will help the younger generation across the globe to know their religion and heritage and is highly recommended for reading by them, their parents, families, and friends. To understand Space, Time, Matter, and Multiple Universes concepts in Sanatan Dharma, you must read this book. In this 75th year of India's Independence, also called Amrit Kal, this is the author's gift to the great nation of India, also called Bharat. Why so many Gods? Who is Supreme? Who should we pray to? Vedas define 33 koti (category) of Gods, which Sanskrit to English language translations made this 'koti/ category' to crore and started saying 33 crore devi and devtas; it should be 33 categories. The 33 categories of gods are calculated as eight Vasus, eleven Rudras (different forms of Shiva), twelve Adityas (different forms of Vishnu), one Indra, and one Prajapati (Brahma). This adds up to 33. The Prism Theory to Understand Why So Many Faiths and Gods Globally To make you understand better, the author has formed a theory named - The Prism Theory. This is Copyright of the author Sharad Mohan. His Interpretation of Para Brahma (One God Tattva) satisfying various distinct manifestations and incarnations is used as an analogy to understand why Sanatan Dharma (loosely referred to as Hinduism) has so many gods & goddesses and how they are all the same eventually. Para Brahma is like a White light falling on the Prism (Puranas) and then dividing it into Seven distinct lights: VIBGYOR. V = Vishnu (Krishna), I = Ishwar (Shiva), B = Brahma, G = Ganesh, Y = Youvanaakarayai (Adi- Shakti), O = Omkar-Pranav Guru (Karthikey) or even Others (Any Deity/Any Faith/No Faith), R = Ravi (Surya). These 7-colors represent not only 7 primary Deities as mentioned above, also 7-primary sects within Sanatan. (Vaishnavites, Shaivites, Saktas, Ganapatyas, Kumaras, Suryas, and Others (Cahrvakas, Jainism, Buddhism, Atheism, Rationalism Various Indigenous Tribals beliefs around the World, etc). Now, within these colors, only Three are Primary colors. 1. Red = Rudra (Arupa - Plasma Gaseous State - Sadashiv), 2. Yellow = Parvati (Rupaarupa - Liquid State - Adi Shakti), and 3. Blue = Nilesa (Swaarupa - Solid State -Sri Krishna / Sri Ram / Vishnu). Now, when the VIBGYOR is passed through another inverted Prism (Vedas), it again becomes a single White light (Para Brahma). Para Brahma is a particle very similar to God's particle, and from this, Hindus believe that their multiple gods (manifestations/incarnations/Avatar come from. So, primarily the same Para Brahma element but for different names. The above theory can also apply to all the existing 'ism,' be it Atheism, Rationalism, Sanatan Dharma, Abrahamic religions, or Wokeism. In addition, it can fit into any other views that may come from the 8.4 million living organisms on this planet. This is a lovely book for students, non-Hindus, Sanatanis, Researchers, Politicians, and Business folks to know more about the "only" ancient living civilization country and its people: India, the emerging geo-political important democracy. Already 5th largest economy in GDP terms, the largest population of 1.45 billion folks, and still believes in Vasudhaiva Kutumbakam; meaning the entire world is one big family. Do read and share with friends and family. - Author Sharad Mohan,

devon k dev mahadev: Styling South Asian Youth Cultures Lipi Begum, Rohit K. Dasgupta, Reina Lewis, 2018-07-30 For South Asia, fashion and consumption have come to play an increasingly important role in the lives of young people and in the formation of youth cultures. This book explores South Asian youth cultures and fashion across the countries of this region and their diasporas from a transnational perspective. Through visual and textual analysis of film, photography and digital cultures, as well as ethnographic fieldwork, the expert contributors look at how gender, sexuality, class, the media and faith intersect with and style youth cultures. devon k dev mahadev: *Appreciating Melodrama* Piyush Roy, 2022-01-30 *Appreciating Melodrama: Theory and Practice in Indian Cinema and Television* seeks to identify and appreciate the continual influence of the ancient Sanskrit drama treatise, the *Natyashastra*, and its theory of aesthetics, the *rasa* theory, on the unique narrative attributes of Indian cinema. This volume of work critically engages with a representative sample of landmark films from 100 years of Indian film history across genres, categories, regions and languages. This is the first time a case study-based rigorous academic review of popular Indian cinema is done using the Indian aesthetic appreciation theory of *rasa* (affect/emotion). It proposes a theoretical model for film appreciation, especially for content made in the melodramatic genre, and challenges existing First World/Euro-American film criticism canons and notions that privilege cinematic 'realism' over other narrative forms, which will generate passionate debates for and against its propositions in future studies and research on films. This is a valuable academic reference book for students of film and theatre, world cinema and Indian cinema studies, South Asian studies and culture, Indology and the 'Sociology of Cinema' studies. It is a must-have reference text in the curriculum of both practical-oriented acting schools, as well as courses and modules focusing on a theoretical study of cinema, such as film criticism and appreciation, and the history of movies and performance studies.

devon k dev mahadev: Pilgrimage and Politics in Colonial Bengal Imma Ramos, 2017-03-16 From the late nineteenth century onwards the concept of Mother India assumed political significance in colonial Bengal. Reacting against British rule, Bengali writers and artists gendered the nation in literature and visual culture in order to inspire patriotism amongst the indigenous population. This book will examine the process by which the Hindu goddess Sati rose to sudden prominence as a personification of the subcontinent and an icon of heroic self-sacrifice. According to a myth of cosmic dismemberment, Sati's body parts were scattered across South Asia and enshrined as Shakti Pithas, or Seats of Power. These sacred sites were re-imagined as the fragmented body of

the motherland in crisis that could provide the basis for an emergent territorial consciousness. The most potent sites were located in eastern India, Kalighat and Tarapith in Bengal, and Kamakhya in Assam. By examining Bengali and colonial responses to these temples and the ritual traditions associated with them, including Tantra and image worship, this book will provide the first comprehensive study of this ancient network of pilgrimage sites in an art historical and political context.
