

trump speech in new hampshire

Trump Speech in New Hampshire: A Closer Look at Its Impact and Significance

trump speech in new hampshire often draws significant attention from not only local residents but also national political observers. This state, known for its early primary in the presidential election cycle, has historically been a critical battleground for candidates seeking to gain momentum. When Donald Trump takes the stage in New Hampshire, it is more than just a campaign event—it's a carefully orchestrated moment that often sets the tone for broader political discourse.

Why New Hampshire Matters in American Politics

New Hampshire holds a unique position in the U.S. political landscape. As the first primary state, it plays a crucial role in shaping the trajectory of presidential campaigns. Candidates invest considerable time and resources in New Hampshire to connect with voters, understand local concerns, and build grassroots support. This is why a trump speech in New Hampshire is closely analyzed, as it offers insights into his strategy, messaging, and appeal to key voter blocs.

The state's voters tend to be well-informed and highly engaged, making their reactions a valuable barometer for campaign success. Additionally, New Hampshire's independent-minded electorate often challenges politicians to address issues beyond party lines, encouraging authenticity and direct communication.

The Themes and Messages in Trump's New Hampshire Speeches

When Donald Trump delivers a speech in New Hampshire, several recurring themes often emerge, reflecting his broader political agenda while addressing local priorities.

Economic Revival and Job Creation

One of the most emphasized points in trump speech in New hampshire is the focus on economic growth. Trump frequently highlights his administration's efforts to bring back manufacturing jobs, reduce taxes, and deregulate industries to stimulate business development. Given New Hampshire's mix of small businesses and manufacturing sectors, this message resonates strongly with many attendees.

Border Security and Immigration

Border security remains a central topic in Trump's rhetoric. In New Hampshire, where national security and immigration policies are hot-button issues, his speeches often stress the need for

stricter controls and reforms. This approach aims to appeal to voters concerned about safety and economic competition.

Healthcare and Social Services

Healthcare is a critical concern for New Hampshire residents, and Trump's speeches sometimes address this by critiquing existing systems and proposing alternative solutions. Whether discussing the repeal of the Affordable Care Act or promising more affordable options, healthcare remains a pivotal element in his local messaging.

How Trump's New Hampshire Speeches Influence Voter Sentiment

Understanding voter sentiment following a Trump speech in New Hampshire requires looking beyond the words to the reactions and subsequent polling shifts. His ability to energize the base while appealing to undecided voters can significantly impact early primary results.

Mobilizing the Republican Base

Trump's direct and often provocative style tends to galvanize his supporters. In New Hampshire, this enthusiasm translates into increased volunteer activity, higher attendance at campaign events, and greater visibility at the polls. This grassroots energy is vital in a state where retail politics and personal connections matter.

Engaging Independent and Swing Voters

New Hampshire is known for its large independent voter population. Trump's speeches often attempt to bridge partisan divides by focusing on economic and security issues that transcend party politics. However, his approach can be polarizing, and reactions among independents vary widely, making this group a critical focus in post-speech analyses.

Media Coverage and Public Perception of Trump's New Hampshire Appearances

The media plays a significant role in shaping how a Trump speech in New Hampshire is perceived nationally and locally. Coverage ranges from detailed breakdowns of his policy proposals to critiques of his delivery and rhetoric.

Local Media Focus

New Hampshire outlets often provide in-depth reporting that highlights how Trump's message aligns with state-specific issues. Interviews with residents and political analysts add context to the speech's impact on the community, influencing public opinion.

National and Social Media Reactions

Beyond traditional media, social media platforms amplify the reach and immediacy of Trump's speeches. Supporters share clips and endorsements, while critics offer counterpoints and fact-checks. This digital dialogue shapes the broader narrative and keeps the conversation dynamic.

Tips for Attending or Following a Trump Speech in New Hampshire

For those interested in experiencing a Trump speech in New Hampshire firsthand or following it closely, a few tips can enhance the experience and understanding.

- **Arrive Early:** Events often attract large crowds, and early arrival ensures better access and seating.
- **Stay Informed:** Research local issues beforehand to better grasp the relevance of Trump's messaging to New Hampshire voters.
- **Engage Respectfully:** Political events can be passionate, so maintaining respect and open-mindedness helps foster productive conversations.
- **Use Multiple Sources:** Follow diverse media outlets and social platforms to get a well-rounded perspective on the speech and its reception.

The Broader Implications of Trump's New Hampshire Speeches

Beyond immediate electoral outcomes, Trump's speech in New Hampshire often signals broader political trends. His ability to connect with voters in this early primary state can influence party dynamics, policy debates, and campaign strategies nationwide.

Moreover, the themes emphasized in New Hampshire speeches often foreshadow priorities for the coming election cycle. Observers watch closely for shifts in tone, policy emphasis, or rhetorical style, all of which can indicate how Trump and his team are adjusting to the evolving political landscape.

In sum, a Trump speech in New Hampshire is not just a local event; it's a pivotal moment with ripple effects that extend far beyond the Granite State. Whether you are a political enthusiast, a voter, or simply curious about American politics, paying attention to these speeches offers valuable insights into the country's democratic process.

Trump Speech in New Hampshire: A Critical Examination of Messaging and Impact

trump speech in new hampshire has consistently drawn significant attention from political analysts, media outlets, and the public alike. As one of the early and pivotal states in the American electoral landscape, New Hampshire serves as a crucial testing ground for presidential candidates to gauge voter sentiment and build momentum. Former President Donald Trump's addresses in this

state offer a rich case study in political communication, campaign strategy, and public reception.

This article explores the content, context, and implications of Trump's speeches in New Hampshire, assessing how his rhetoric aligns with broader campaign objectives and voter concerns. It also evaluates the response from various demographics within the state, providing a nuanced view of the speech's effectiveness and the challenges it presents.

Contextualizing Trump's Speeches in New Hampshire

New Hampshire holds a unique position in American politics due to its first-in-the-nation primary status, which often sets the tone for the rest of the election cycle. Trump's speeches in this state are therefore not merely routine campaign stops but strategic overtures aimed at solidifying his base while attempting to sway undecided voters.

Historically, New Hampshire voters have demonstrated an independent streak, often diverging from national trends. This independence demands that candidates tailor their messages carefully to resonate on a local level. Trump's approach has involved blending nationalistic themes with appeals to economic concerns prevalent among New Hampshire residents, such as job security, manufacturing revival, and border control.

Key Themes in Trump's New Hampshire Addresses

Throughout his appearances, several recurrent themes emerge in Trump's speeches:

- **Economic Nationalism:** Emphasizing "America First" policies, Trump highlights trade deals, tariffs, and efforts to bring manufacturing jobs back to the United States.
- **Immigration and Border Security:** Strong rhetoric on border control and immigration reform is a staple, aiming to address voter anxieties about security and cultural change.
- **Critique of Political Establishment:** Positioning himself as an outsider, Trump often contrasts his agenda with that of traditional politicians, promising to disrupt the status quo.
- **Law and Order:** Calls for supporting law enforcement and addressing crime resonate with segments of New Hampshire's electorate concerned about community safety.

These themes align with Trump's broader national messaging but are often tailored with specific references to New Hampshire's economic and social landscape, thereby enhancing local relevance.

Analyzing the Impact and Reception of Trump's Speech

in New Hampshire

The effectiveness of Trump's speech in New Hampshire can be measured through various lenses, including polling data, media reactions, and public engagement.

Polling and Voter Sentiment

Following key speeches, polling data often reveal shifts in voter preferences, although these are sometimes modest and short-lived due to the volatile nature of early primary electorates. For example, after Trump's campaign announcement events and subsequent speeches in New Hampshire, some polls indicated an increase in his favorability ratings, particularly among Republican primary voters.

However, New Hampshire's electorate is not monolithic. Independent voters and moderate Republicans have at times shown skepticism toward Trump's more divisive rhetoric. This division is evident in polling that juxtaposes strong support within conservative enclaves against lukewarm or negative responses elsewhere.

Media Analysis and Criticism

Media coverage of Trump's speech in New Hampshire ranges from laudatory to highly critical, reflecting the polarized political environment. Supportive outlets often emphasize his directness and ability to connect with working-class voters, while critics highlight instances of misinformation, inflammatory language, or oversimplification of complex issues.

Fact-checking organizations have scrutinized several claims made during these speeches, sometimes correcting or contextualizing statements about employment figures, trade impacts, and immigration statistics. This dynamic contributes to an ongoing debate about the role of political rhetoric in shaping public understanding.

Voter Engagement and Rally Atmosphere

Trump's rallies in New Hampshire typically attract enthusiastic crowds, demonstrating his ability to energize a core constituency. The atmosphere at these events often features chants, patriotic displays, and a sense of communal solidarity among supporters.

Conversely, these rallies have occasionally sparked protests and counter-demonstrations, indicating that the speech also serves as a flashpoint for political tensions within the state. The polarized reactions underscore the complexity of Trump's appeal and the challenges of uniting a diverse electorate.

Comparative Perspectives: Trump's New Hampshire Speeches vs. Other States

When comparing Trump's speeches in New Hampshire to those delivered in other early primary or swing states such as Iowa, South Carolina, or Nevada, several distinctions emerge:

- **Local Issue Emphasis:** In New Hampshire, greater emphasis is placed on manufacturing and small business concerns, reflecting the state's economic profile, whereas in states like Nevada, immigration and labor rights may take precedence.
- **Voter Demographics:** The predominantly white, older, and more independent voter base in New Hampshire shapes the tone and content of speeches, contrasting with more diverse electorates elsewhere.
- **Campaign Strategy:** Trump's New Hampshire speeches often serve as attempts to pre-emptively secure Republican primary voters while also appealing to independents, a balancing act less critical in solidly partisan states.

This comparative analysis helps to illuminate how Trump's communication strategy adapts to local political climates while maintaining core messaging pillars.

The Role of Media Markets and Broadcast Coverage

New Hampshire's media landscape, characterized by local newspapers, regional television stations, and active social media communities, plays a vital role in amplifying or scrutinizing Trump's speeches. The state's relatively small media market allows for intensive coverage and facilitates rapid feedback loops between the candidate and the electorate.

National media outlets also converge on New Hampshire during key campaign moments, magnifying the impact of Trump's speeches far beyond state borders. This convergence underscores New Hampshire's outsized influence in shaping national electoral narratives.

Challenges and Critiques Surrounding Trump's Messaging in New Hampshire

While Trump's speeches have galvanized a significant portion of the Republican base, they have also exposed certain vulnerabilities:

1. **Polarization Risk:** The divisive nature of some rhetoric may alienate moderate Republicans and independent voters critical in a swing state context.

2. **Policy Substance:** Critics argue that speeches often prioritize emotional appeals over detailed policy proposals, limiting their persuasive power among policy-focused voters.
3. **Fact-Checking and Credibility:** Repeated factual inaccuracies or oversimplified claims risk undermining credibility and providing fodder for opponents and media scrutiny.
4. **Changing Demographics:** New Hampshire's evolving voter demographics, including younger and more diverse populations, pose long-term challenges to messaging that relies heavily on traditional conservative platforms.

Addressing these challenges requires nuanced communication strategies that balance core messaging with responsiveness to local concerns and broader electoral trends.

Prospects for Future Campaigns

Looking ahead, the role of speeches in New Hampshire will remain pivotal for any candidate seeking national office. For Trump or similar political figures, evolving these speeches to incorporate more tailored policy discussions, acknowledge local issues in greater depth, and engage with a broader voter coalition could prove decisive.

Innovations in digital outreach, combined with traditional rally formats, may also redefine how speeches in New Hampshire influence voter perceptions and mobilization efforts.

The ongoing analysis of Trump's speech in New Hampshire contributes to a deeper understanding of the interplay between political messaging, voter behavior, and electoral outcomes in a key battleground state. This scrutiny not only informs campaign strategies but also enriches public discourse around democratic participation and representation.

Trump Speech In New Hampshire

trump speech in new hampshire: *Donald Trump and New Hampshire Politics* Christopher J. Galdieri, 2019-09-03 The state of New Hampshire has played a pivotal role in Donald Trump's rise. This volume examines how the Granite State incubated Trump's political ambitions as early as the 1988 campaign cycle, how Trump's return to the state in 2014 presaged his 2016 candidacy, and how the state rescued his ambitions after his defeat in the Iowa caucuses. The book also examines how Trump lost the state to Hillary Clinton in the general election, and how the state has in many ways been a microcosm of national politics since Trump's election, as a Republican governor and legislature attempt to pursue their long-deferred agenda in the face of Democratic opposition and as Democrats racked up victories in special and off-year elections. Finally, this book examines what Trump's impact will be on the 2020 presidential primaries.

trump speech in new hampshire: Front Row at the Trump Show Jonathan Karl, 2021-03-16
The Instant New York Times Bestseller A book historians will relish. —Peggy Noonan, Wall Street Journal Must read. I've read every book about the Trump presidency. This is the best. —Bill Press An account like no other, from the White House reporter who has known President Donald Trump for more than 25 years. We have never seen a president like this...norm-breaking, rule-busting,

dangerously reckless to some and an overdue force for change to others. One thing is clear: We are witnessing the reshaping of the presidency. Jonathan Karl brings us into the White House in a powerful book unlike any other on the Trump administration. He's known and covered Donald Trump longer than any other White House reporter. With extraordinary access to Trump during the campaign and at 1600 Pennsylvania Avenue, Karl delivers essential new reporting and surprising insights. These are the behind-the-scenes moments that define Trump's presidency—an extraordinary look at the president, the person, and those closest to him. This is the real story of Trump's unlikely rise; of the struggles and battles of those who work in the administration and those who report on it; of the plots and schemes of a senior staff enduring stunning and unprecedented unpredictability. Karl takes us from a TV set turned campaign office to the strange quiet of Trump's White House on Inauguration Day to a high-powered reelection campaign set to change the country's course. He shows us an administration rewriting the role of the president on the fly and a press corps that has never been more vital. Above all, this book is only possible because of the surprisingly open relationship Donald Trump has had with Jonathan Karl, a reporter he has praised, fought, and branded an enemy of the people. This is Front Row at the Trump Show.

trump speech in new hampshire: *Linguistic Inquiries into Donald Trump's Language* Ulrike Schneider, Matthias Eitelmann, 2020-10-15 From an abundance of intensifiers to frequent repetition and parallelisms, Donald Trump's idiolect is highly distinctive from that of other politicians and previous Presidents of the United States. Combining quantitative and qualitative analyses, this book identifies the characteristic features of Trump's language and argues that his speech style, often sensationalized by the media, differs from the usual political rhetoric on more levels than is immediately apparent. Chapters examine Trump's tweets, inaugural address, political speeches, interviews, and presidential debates, revealing populist language traits that establish his idiolect as a direct reflection of changing social and political norms. The authors scrutinize Trump's conspicuous use of nicknames, the definite article, and conceptual metaphors as strategies of othering and antagonising his opponents. They further shed light on Trump's fake news agenda and his mutation of the conventional political apology which are strategically implemented for a political purpose. Drawing on methods from corpus linguistics, conversation analysis, and critical discourse analysis, this book provides a multifaceted investigation of Trump's language use and addresses essential questions about Trump as a political phenomenon.

trump speech in new hampshire: *Trump's America* Kennedy Liam Kennedy, 2020-09-09 Explores the cultural and political significance of the election of President TrumpDonald J. Trump's presidency has delivered a seismic shock to the American political system, its public sphere, and to our political culture worldwide. Written by leading scholars across a range of disciplines, as well as professionals in the field of political journalism, this collection of essays offers a deeper understanding of Trump and the impact that his rise to power has had both domestically and worldwide. The first section provides varied perspectives on the realignments of political culture in the United States that signify a paradigm shift, a radical disruption of fundamental beliefs and values about the political process and national identity. The second section of the book focuses on US foreign policy and diplomacy, taking stock of how the Trump presidency has disturbed the international system and US primacy within it. The third section of the book addresses the dynamics and consequences of what has come to be called e;post-truthe; politics, where conviction surpasses facts and the norms of political communication have been profoundly disrupted. Liam Kennedy is Professor of American Studies and Director of the Clinton Institute for American Studies at University College Dublin.

trump speech in new hampshire: *The Making of the President 2016* Roger Stone, 2017-01-31 In the tradition of Theodore White's landmark books, the definitive look at how Donald J. Trump shocked the world to become president From Roger Stone, a New York Times bestselling author, longtime political adviser and friend to Donald Trump, and consummate Republican strategist, comes the first in-depth examination of how Trump's campaign tapped into the national mood to deliver a stunning victory that almost no one saw coming. In the early hours of November 9,

2016, one of the most contentious, polarizing, and vicious presidential races came to an abrupt and unexpected end when heavily favored presidential hopeful Hillary Clinton called Donald J. Trump to concede, shocking a nation that had, only hours before, given little credence to his chances. Donald Trump pulled the greatest upset in American political history despite a torrent of invective and dismissal of the mainstream media. Stone, a long time Trump retainer and confidant, gives us the inside story of how Donald Trump almost single-handedly harnessed discontent among “Forgotten Americans” despite running a guerrilla-style grass roots campaign to compete with the smooth running and free-spending Clinton political machine. From the start, Trump’s campaign was unlike any seen on the national stage—combative, maverick, and fearless. Trump’s nomination was the hostile takeover of the Republican party and a resounding repudiation of the failed leadership of both parties whose policies have brought America to the brink of financial collapse as well as endangering our national security. Here Stone outlines how Donald Trump skillfully ran as the anti-Open Borders candidate as well as a supporter of American sovereignty, and how he used the Globalist trade deals like NAFTA to win over three of ten Bernie Sanders supporters. The veteran adviser to Nixon, Reagan, and Trump charts the rise of the alt-conservative media and the end of the mainstream media monopoly on voter impacting information dissemination. This is an insider’s view that includes studying opposition research into Bill, Hillary, and Chelsea Clinton’s crimes, and the struggle by the Republican establishment to stop Trump and how they underestimated him. Stone chronicles Trump’s triumph in three debates where he skillfully lowered expectation levels but skewered Mrs. Clinton for the corruption of the Clinton Foundation, her mishandling of government email, and her incompetence as Secretary of State. Stone gives us the inside word on Julian Assange, Wikileaks, Clinton campaign chief John Podesta, Huma Abedin, Anthony Weiner, Carlos Danger, Doug Band, Jeffery Epstein, and the efforts to hide the former first lady’s infirmities and health problems. Stone dissects the phony narrative that Trump was in cahoots with Russian strongman Vladimir Putin or that the e-mails released by Wikileaks came from the Russians. *The Making of the President 2016* reveals how Trump brilliantly picked at Hillary Clinton’s weaknesses, particularly her reputation as a crooked insider, and ignited the passions of out-of-work white men and women from the rust belt and beyond, at a time when millions of Americans desperately wanted change. Stone also reveals how and why the mainstream media got it wrong, including how the polls were loaded and completely misunderstood who would vote. Stone’s analysis is akin to Theodore H. White’s seminal book *The Making of the President 1960*. It is both a sweeping analysis of the trends that elected Trump as well as the war stories of a hard-bitten political survivor who Donald Trump called “one tough cookie.”

trump speech in new hampshire: The Politics of Antagonism Georg Löffmann, 2024-03-05 This book demonstrates how populist security narratives served as the driving force behind the mobilization of Republican voters and the legitimation of an ‘America First’ policy agenda under the Trump presidency. Going beyond existing research on both populism and security narratives, the author links insights from political psychology on collective narcissism, blame attribution and emotionalization with research in political communication on narrative and framing to explore the political and societal impact of a populist security imaginary. Drawing on a comprehensive range of sources including key interviews, campaign and policy speeches, presidential addresses, and posts on social media, it shows how progressives, political opponents, immigrants, racial justice activists, and key institutions of liberal democracy collectively became an internal Other, delegitimated as ‘enemies of the people’. Developing an innovative conceptual-analytical framework of nationalist populism that expands on established concepts of political identity and ontological security, the book will appeal to students of critical security studies, critical constructivist approaches in International Relations, and US politics.

trump speech in new hampshire: Meeting Globalization's Challenges Luís Catão, Maurice Obstfeld, 2019-11-05 Leading economists propose solutions to the problems of globalization. Globalization has expanded economic opportunities throughout the world, but it has also left many people feeling dispossessed, disenfranchised, and angry. Luís Catão and Maurice Obstfeld bring

together some of today's top economists to assess the benefits, costs, and daunting policy challenges of globalization. This timely and accessible book combines incisive analyses of the anatomy of globalization with innovative and practical policy ideas that can help to make it work better for everyone. Meeting Globalization's Challenges draws on new research to examine the channels through which international trade and the diffusion of technology have enhanced the wealth of nations while also producing unequal benefits within and across countries. The book provides needed perspectives on the complex interplay of trade, deindustrialization, inequality, and the troubling surge of nationalism and populism—perspectives that are essential for crafting sound economic policies. It tackles the vexing issue of how to most effectively compensate globalization's losers and reintegrate them into job markets. The book also explores how to design social insurance policies that can mitigate the risks posed by automation and offshoring, such as mass unemployment and its inherent dangers to democracy. With a foreword by International Monetary Fund Managing Director Christine Lagarde and a history-rich synthesis by Catão and Obstfeld of main policy takeaways, Meeting Globalization's Challenges features contributions by Ufuk Akcigit, Edward Alden, François Bourguignon, Angus Deaton, Rafael Dix-Carneiro, Jeffry Frieden, Gordon H. Hanson, Keyu Jin, Lori G. Kletzer, Anne Krueger, Paul Krugman, Nina Pavcnik, Andrés Rodríguez-Clare, Dani Rodrik, Michael Trebilcock, Laura D. Tyson, Martin Wolf, and Ernesto Zedillo.

trump speech in new hampshire: Free Speech and Censorship Cari Lee Skogberg Eastman, 2022-02-15 This annotated document collection surveys the history and evolution of laws and attitudes regarding free speech and censorship in the United States, with a special emphasis on contemporary events and controversies related to the First Amendment. The United States' collective understanding of First Amendment freedoms was formed by more than 200 years of tensions between the power of word and the power of the government. During that time, major laws and legal decisions defined the circumstances and degree to which personal expression could be rightfully expressed—and rightfully limited. This struggle to define the parameters of free speech continues today. Vibrant and passionate debates about First Amendment limitations once inspired by the dissemination of birth control information now address such issues as kneeling during the national anthem, removing controversial books from public libraries, attempts by the Trump administration to discredit the press, and disseminating false or hateful information through social media platforms. By exploring diverse examples of censorship victories and triumphs of free expression, readers will better understand the enormous impact of First Amendment freedoms on American society.

trump speech in new hampshire: 2016: the Campaign Chronicles JD Foster, 2017-01-19 How did Donald Trump, a man with zero direct political experience and no particular affiliation to either political party go in the span of a two-year campaign from preposterous aspirant to President-elect of the United States? It will likely take years, if not decades, before a confident consensus develops, but formulating an answer begins with chronicling the key events in the campaign, in the country, and sometimes in the wider world as they happened. This book is an attempt to provide such a chronicle, by no means the last word but perhaps a useful and entertaining first word toward answering the question, What the heck?

trump speech in new hampshire: The Politics of the Presidency John Anthony Maltese, Andrew Rudalevige, Joseph A. Pika, 2023-12-26 Get the most up-to-date coverage and analysis of the presidency with this comprehensive text. Never losing sight of the foundations of the office, The Politics of the Presidency maintains a balance between historical context and contemporary scholarship on the executive branch, providing a solid foundation for any presidency course. Now in its Eleventh Edition, Maltese, Rudalevige, and Pika thoroughly analyze the change and continuity in Biden's first two and a half years in office and look forward to the competitive setting for the 2024 presidential race.

trump speech in new hampshire: *The Rhetoric of Donald Trump* Robert C. Rowland, 2021-04-30 The Rhetoric of Donald Trump identifies and analyzes the nationalist and populist themes that dominate the rhetoric of President Trump and links those themes to a persona that has

evolved from celebrity outsider to presidential strongman. In the process Robert C. Rowland explains how the nationalist populism and strongman persona in turn demands a vernacular rhetorical style unlike any previous modern president—a style that makes no attempt to lay out a case, requires constant lies, and breaks every norm for how a presidential candidate or president should talk. In stark contrast, our most effective presidents have used rhetoric to present a positive vision of what the nation could achieve. The three most effective presidential uses of rhetoric in the past century—FDR, Reagan, and Obama—all presented a coherent ideological message that, while focused on problems of the moment, was also rooted in a fundamental optimism. In contrast, Trump's message is fundamentally negative. *The Rhetoric of Donald Trump* explores how the nation could so abruptly shift from a president such as Barack Obama, who emphasized the audacity of hope, to one who in his inaugural address spoke about "American carnage." At its core, Trump's message is well designed to appeal to voters with an authoritarian personality structure, especially in the white working-class, who feel threatened by the pace of societal change, especially demographic change. Rowland's work illustrates how President Trump's ceremonial speeches violate norms calling for a message of national unity and instead present a divisive message designed to create strongly negative emotions, especially fear and hate. It further reveals how Trump sustains those strong visceral reactions with his use of Twitter to make the rally atmosphere a daily reality for his supporters, a prime example being the Coronavirus Task Force briefings, which he transformed from an exercise in desperately needed public health education into a partisan rally. *The Rhetoric of Donald Trump* is essential reading for scholars, students, and the informed citizen to understand how Trump's rhetoric of nationalist populism with a strongman persona undermines basic principles at the heart of American democracy.

trump speech in new hampshire: *Vote First or Die* Scott Conroy, 2017-04-18 New Hampshire—a small state with a small, distinct population—is nevertheless the beacon of American democracy. Since 1920, its residents have been the first in the nation to cast their votes in the presidential primaries. History has shown that if you want to be commander in chief, you have to win, or at least place a strong second, in New Hampshire. Donald Trump bolstered the trend with his victory in 2016. For that reason, the state is also the graveyard of political ambitions: incumbent presidents Harry Truman, Lyndon Johnson, Gerald Ford, and George H. W. Bush were all wounded by strong primary challengers in New Hampshire—and well-known, well-funded candidates see the White House disappear when they can't figure out how to win it. For a year and a half leading up to Primary Day, Scott Conroy followed the often absurd 2016 campaign up and down New Hampshire. Along the way, he got up close and personal with the candidates themselves, while absorbing local insights and entertaining anecdotes from the peppery state officials and wily operatives who have determined national political fates for generations. From far-flung towns like Dixville Notch and Berlin to big cities like Manchester and Portsmouth, in *Vote First or Die*, Conroy reveals the inner workings of American politics through the unforgettable characters who populate the exceedingly influential state of New Hampshire.

trump speech in new hampshire: Rhetoric of the Opioid Epidemic Tiara K. Good, 2021-11-05 *Rhetoric of the Opioid Epidemic* demonstrates that framing the epidemic as a medical issue instead of an effect of moral failing holds more potential for solving the epidemic through medical treatment and reconnecting sufferers back to society. This rhetorical move separates the opioid epidemic from the criminal and immoral frames that were cast upon the crack epidemic and initial framing of the AIDS epidemic. Popular culture and governmental response case studies include: President Trump's March 19, 2018 address to the nation, ODMAP produced by the Washington/Baltimore High Intensity Drug Trafficking in January 2017, news stories from national sources dating from 2015 to 2020 about the chronic pain management debate, two documentaries, *Heroin(e)* (2017) and *One Nation Under Stress: Deaths of Despair in the United States* (2019), and *Ben is Back* (2018).

trump speech in new hampshire: The Cult of Trump Steven Hassan, 2019-10-15 *As featured in the streaming documentary #UNTRUTH—now with a new foreword by George Conway

and an afterword by the author* A masterful and eye-opening examination of Trump and the coercive control tactics he uses to build a fanatical devotion in his supporters written by “an authority on breaking away from cults...an argument that...bears consideration as the next election cycle heats up” (Kirkus Reviews). Since the 2016 election, Donald Trump’s behavior has become both more disturbing and yet increasingly familiar. He relies on phrases like, “fake news,” “build the wall,” and continues to spread the divisive mentality of us-vs.-them. He lies constantly, has no conscience, never admits when he is wrong, and projects all of his shortcomings on to others. He has become more authoritarian, more outrageous, and yet many of his followers remain blindly devoted. Scott Adams, the creator of Dilbert and a major Trump supporter, calls him one of the most persuasive people living. His need to squash alternate information and his insistence of constant ego stroking are all characteristics of other famous leaders—cult leaders. In *The Cult of Trump*, mind control and licensed mental health expert Steven Hassan draws parallels between our current president and people like Jim Jones, David Koresh, Ron Hubbard, and Sun Myung Moon, arguing that this presidency is in many ways like a destructive cult. He specifically details the ways in which people are influenced through an array of social psychology methods and how they become fiercely loyal and obedient. Hassan was a former “Moonie” himself, and he presents a “thoughtful and well-researched analysis of some of the most puzzling aspects of the current presidency, including the remarkable passivity of fellow Republicans [and] the gross pandering of many members of the press” (Thomas G. Gutheil, MD and professor of psychiatry, Harvard Medical School). *The Cult of Trump* is an accessible and in-depth analysis of the president, showing that under the right circumstances, even sane, rational, well-adjusted people can be persuaded to believe the most outrageous ideas. “This book is a must for anyone who wants to understand the current political climate” (Judith Stevens-Long, PhD and author of *Living Well, Dying Well*).

trump speech in new hampshire: *The Inter- and Transnational Politics of Populism* Thorsten Wojczewski, 2023-01-01 Populism has lately experienced a meteoric rise to become one of the most widely used terms in academic and wider public discourses and a supposedly defining feature of both domestic and world politics. Situated at the intersection of International Relations (IR), Political Theory and Comparative Politics, this book makes a critical intervention into the burgeoning IR scholarship on populism and problematizes the often hyperbolic and sweeping usage of the term as a general descriptor for non-centrist politics of different persuasions. The book seeks to move into a different theoretical direction and broaden the empirical focus of existing IR research. Theoretically, it bridges the gap between theories of populism and IR by bringing the Laclauian, discursive approach and IR poststructuralism together in a theoretical framework. The proposed framework moves away from the search for the policy preferences and impact of populism, and instead conceptualizes foreign policy and world politics as potential sites for practicing populism, ranging from the articulation of societal grievances to the construction of populist identities such as ‘the people’. Empirically, the book takes IR scholarship beyond the predominant focus on the populist radical right and single-country and -region studies. Building on the discourse analysis of an original data set, it offers a comparative analysis of right-wing and left-wing populist discourses in different world regions as well as populist cross-border collaboration and identity construction.

trump speech in new hampshire: Divided America, Divided Korea David P. Fields, Mitchell B. Lerner, 2024-03-28 Experts provide a broad and nuanced look at the critical relationship between the US and Korea during the Trump years.

trump speech in new hampshire: Trump This! Marc Shapiro, 2016-02-26 Who is Donald Trump? Even after a yearlong presidential campaign, and constant media coverage, many Americans don’t know if he’s for real or just a businessman turned showman turned politician who has become President of the United States. His path to the White House, from early childhood through the 2016 campaign and Election are laid bare in *Trump This! The Life And Times of Donald Trump: An Unauthorized Biography* written by New York Times Bestselling Author Marc Shapiro. Bringing insight into the psychology and motivation of Donald Trump was the equivalent of solving a mystery. What guides Trump to the decisions he makes? Is his personality real or just a caricature driven

smokescreen? Is he the living embodiment of a brand or does a heart and soul lurk beneath his flamboyant and often-bullying exterior? In answering those questions many heretofore unknown facts came to life. Trump's grandfather ran brothels during The Gold Rush years. His father allegedly ran with The Ku Klux Klan. Trump punched out a teacher in the second grade. Trump lived a wild, sexually charged life at Studio 54. The true story of how Trump avoided the draft. The affair that wrecked his first marriage. Why Trump sued a man because he had the same last name. His biggest business successes and failures. If you only discovered Donald Trump with the television show *The Apprentice* or with his race for President of the United States, the chances are you think you know quite a bit about Donald Trump. But the reality is that, like all larger than life personalities, Trump has cultivated his public image well. He's been selective in what he's let out and, when pressed, he's been quick to deny. *Trump This! The Life And Times of Donald Trump: An Unauthorized Biography* has dug deep into the truth that is Donald Trump. And this is what we've found.

trump speech in new hampshire: Conventional Wisdom, Parties, and Broken Barriers in the 2016 Election Jennifer C. Lucas, Tauna Starbuck Sisco, Christopher J. Galdieri, 2017-11-20 The 2016 presidential election was unconventional in many ways. The election of President Donald Trump caught many by surprise, with a true outsider — a candidate with no previous governmental experience and mixed support from his own party — won the election by winning in traditionally Democratic states with coattails that extended to Republican Senate candidates and resulted in unified Republican government for the first time since 2008. This result broke with the pre-election conventional wisdom, which expected Hillary Clinton to win the presidency and a closer Senate divide. This surprising result led many political scientists to question whether 2016 truly marked a major turning point in American elections as portrayed in the media — a break from the conventional wisdom — or whether it was really the exception that proved the rule. In this volume, political scientists examine previous theories and trends in light of the 2016 election to determine the extent to which 2016 was a break from previous theories. While in some areas it seems as though 2016 was really just what would have been predicted, in others, this election and the new president pose significant challenges to mainstream theories in political science. In particular, prominent political scientists examine whether voter trends, with particular focus on groups by gender, age, geography, and ethnicity, and election issues, especially the role of the Supreme Court, followed or bucked recent trends. Several political scientists examine the unconventional nomination process and whether this signals a new era for political parties. The role of conspiracy theories and voter confidence in the administration of elections are also discussed. Finally, contributors also examine the indirect effect the presidential candidates, especially Trump, played in congressional election rhetoric.

trump speech in new hampshire: The Politics of the Presidency Joseph A. Pika, John Anthony Maltese, Andrew Rudalevige, 2019-12-20 The most up-to-date coverage and analysis of the presidency Never losing sight of the foundations of the political office, *The Politics of the Presidency* maintains a balance between historical context and contemporary scholarship on the executive branch, providing a solid foundation for any presidency course. In the highly anticipated Tenth Edition of this bestseller, Pika, Maltese, and Rudalevige thoroughly analyze the change and continuity in the presidency during President Trump's first term, his relations with Congress and the judiciary, the outcomes of the 2018 midterm election, and the competitive setting for the 2020 presidential race.

trump speech in new hampshire: Co-Illusion David Levi Strauss, 2020-03-31 Reports from America's political crisis, exposing a new "iconopolitics," in which words and images lose their connection to reality. The political crisis that sneaked up on America—the rise of Trump and Trumpism—has revealed the rot at the core of American exceptionalism. Recent changes in the way words and images are produced and received have made the current surreality possible; communication through social media, by design, maximizes attention and minimizes scrutiny. In *Co-Illusion*, the noted writer on art, photography, and politics David Levi Strauss bears witness to

the new “iconopolitics” in which words and images lose their connection to reality. The collusion that fueled Trump's rise was the secret agreement of voters and media consumers—their “co-illusion”—to set aside the social contract. Strauss offers dispatches from the epicenter of our constitutional earthquake, writing first from the 2016 Democratic and Republican conventions and then from the campaign. After the election, he switches gears, writing in the voices of the regime and of those complicit in its actions—from the thoughts of the President himself (“I am not a mistake. I am not a fluke, or a bug in the system. I am the System”) to the reflections of a nameless billionaire tech CEO whose initials may or may not be M. Z. Finally, Strauss shows us how we might repair the damage to the public imaginary after Trump exits the scene. Photographs by celebrated documentary photographers Susan Meiselas and Peter van Agtmael accompany the texts.
