1960s quiz questions and answers: *The Mediated Mind* Susan Zieger, 2018-06-05 How did we arrive at our contemporary consumer media economy? Why are we now fixated on screens, imbibing information that constantly expires, and longing for more direct or authentic kinds of experience? *The Mediated Mind* answers these questions by revisiting a previous media revolution, the nineteenth-century explosion of mass print. Like our own smartphone screens, printed paper and imprinted objects touched the most intimate regions of nineteenth-century life. The rise of this printed ephemera, and its new information economy, generated modern consumer experiences such as voracious collecting and curating, fantasies of disembodied mental travel, and information addiction. Susan Zieger demonstrates how the nineteenth century established affective, psychological, social, and cultural habits of media consumption that we still experience, even as pixels supersede paper. Revealing the history of our own moment, *The Mediated Mind* challenges the commonplace assumption that our own new media lack a past, or that our own experiences are unprecedented.

1960s quiz questions and answers: *Normal Organizational Wrongdoing* Donald Palmer, 2012-03-29 Instances of wrongdoing in and by organizations have featured heavily in news headlines in recent years. Why do organizational participants--employees, managers, senior officials--engage in illegal, unethical, and socially irresponsible behavior? The dominant view of wrongdoing as an abnormal phenomenon assumes that the perpetrator is a rational, proactive actor, working in isolation. However, Palmer develops an alternative approach in this book, examining wrongdoing as a normal occurrence, produced by boundedly rational actors whose behaviour is shaped by the immediate social context over a period of time. The book provides a comprehensive critical review of the theory and research on organizational wrongdoing. By using rich case study material, it illuminates different perspectives, potential explanations, and policy suggestions for the reduction of organizational wrongdoing.

1960s quiz questions and answers: *Pop Goes the Decade* Ralph G. Giordano, 2017-06-05 Covering significant historical and cultural moments, public figures and celebrities, art and entertainment, and technology that influenced life during the decade, this book documents the 1950s through the lens of popular culture. On the surface, the 1950s was a time of post-war prosperity and abundance. However, in spite of a relaxation of immigration policies, the good life in the 50s was mainly confined to white non-ethnic Americans. A new Cold War with the Soviet Union intended to contain the threat of Communism, and the resulting red scare tinged the experience of

all U.S. citizens during the decade. This book examines the key trends, people, and movements of the 1950s and inspects them within a larger cultural and social context. By highlighting controversies in the decade, readers will gain a better understanding of the social values and thinking of the time. The examination of the individuals who influenced American culture in the 1950s enables students to gauge the tension between established norms of conformity and those figures that used pop culture as a broad avenue for change—either intentionally, or by accident.

1960s quiz questions and answers: TV Format Mogul Albert Moran, 2013-01-06 Since the late 1990s, when broadcasters began adapting such television shows as Big Brother, Survivor, and Who Wants to Be a Millionaire? for markets around the world, the global television industry has been struggling to come to grips with the prevalence of program franchising across international borders. In TV Format Mogul, Albert Moran traces the history of this phenomenon through the lens of Australian producer Reg Grundy's transnational career. Program copycatting, Moran shows, began long before its most recent rise to prominence. Indeed, he reveals that the practice of cultural and commercial cloning from one place to another, and one time to another, has occurred since the early days of broadcasting. Beginning in the late 1950s, Grundy brought non-Australian shows to Australian audiences, becoming the first person to take local productions to an overseas market. By following Grundy's career, Moran shows how adaptation and remaking became the billion-dollar business they are today. An exciting new contribution from Australia's foremost scholar of television, TV Format Mogul will be a definitive history of program franchising.
