

journal of the history of sexuality

Journal of the History of Sexuality: Exploring the Past to Understand Sexual Cultures

journal of the history of sexuality is more than just an academic publication; it is a vibrant space where scholars, historians, and cultural critics come together to explore the complex narratives surrounding human sexuality throughout history. This journal serves as a critical resource for anyone interested in how sexuality has been understood, regulated, and expressed across different societies and time periods. Whether you are a student, researcher, or just a curious reader, diving into the journal offers fascinating insights into the intersection of sexuality with politics, culture, gender, and identity.

Understanding the Journal of the History of Sexuality

At its core, the journal of the history of sexuality is devoted to unraveling historical perspectives on sexuality. It examines how sexual norms, practices, and identities have evolved and how they have been shaped by power structures, religion, law, and social movements. Unlike many other publications focusing solely on modern sexuality, this journal provides a deep historical context, tracing the roots of contemporary sexual attitudes back through centuries.

The Scope and Focus

The journal covers a wide range of topics, including but not limited to:

- Sexual identities and their historical development
- Sexuality and colonialism
- Gender roles and sexual politics
- Medical and scientific discourses on sexuality
- Legal histories concerning sexual behavior
- The impact of religion and morality on sexual norms
- Intersectionality within sexual histories

This broad scope ensures that readers gain a multifaceted understanding of sexuality's place in history, highlighting how it intersects with race, class, and culture.

Why This Journal Matters

The study of sexuality's history is crucial because it helps dismantle myths and assumptions about what is "natural" or "normal." By looking at past societies, the journal reveals how fluid and culturally contingent sexual norms are. This perspective encourages more nuanced discussions about sexual rights, gender equality, and diversity today. For historians, sociologists, anthropologists, and queer theorists, the journal is an indispensable tool for advancing scholarship and fostering critical debates.

Key Themes Explored in the Journal of the History of Sexuality

Each issue of the journal brings fresh research, often challenging entrenched ideas about sexuality. Let's explore some recurring themes that illuminate how the journal contributes to our understanding of sexual history.

Sexuality and Power

One of the most compelling aspects of the journal is its focus on how sexuality is closely linked to power relations. Sexual norms have often been used as instruments of control—whether through legal codes, religious doctrine, or social customs. Articles frequently analyze how authorities have regulated sexual behavior to maintain social hierarchies or reinforce gender roles.

For example, the journal examines how Victorian-era morality shaped public perceptions of sexuality or how colonial administrations imposed sexual regulations on indigenous populations. This theme helps readers understand that sexuality is never just a personal matter but is deeply political.

Queer Histories and Sexual Diversity

The journal of the history of sexuality plays a pivotal role in uncovering the histories of LGBTQ+ communities that have often been erased or marginalized in historical narratives. By bringing to light stories of same-sex desire, transgender identities, and non-normative sexual practices from

various historical contexts, the journal challenges heteronormative frameworks.

These queer histories not only enrich our knowledge of the past but also validate contemporary experiences of sexual and gender diversity. This inclusion is vital for building a more comprehensive and empathetic understanding of human sexuality.

Medicalization and Scientific Discourses

Another significant focus is on how scientific and medical discourses have shaped ideas about sexuality. From the pathologization of homosexuality in early psychiatry to the development of sexology as a discipline, the journal explores how experts have attempted to categorize and control sexual behavior.

This theme is important because it reveals the shifting boundaries between normalcy and deviance, health and illness, and how these categories have been influenced by cultural biases and social anxieties.

How to Access and Utilize the Journal of the History of Sexuality

Whether you're conducting academic research or simply eager to learn more about sexual histories, knowing how to access and make the most of this journal is key.

Finding the Journal

The journal of the history of sexuality is published by a major academic publisher and is available through many university libraries and online databases such as JSTOR, Project MUSE, and Wiley Online Library. Many institutions offer access through their digital collections, and individual subscriptions are also available.

For those without institutional access, some articles may be available through open access platforms or by contacting authors directly.

Tips for Engaging with the Content

Academic articles can sometimes feel dense or jargon-heavy, so here are some tips to engage effectively:

1. Start with the abstracts to get a summary of the article's focus.
2. Pay attention to introductions and conclusions for key arguments.
3. Make notes or highlight passages that connect with your interests.
4. Look up unfamiliar terms or historical contexts for better understanding.
5. Use the journal's bibliographies to discover further reading materials.

Engaging actively with the scholarship will deepen your appreciation of how sexuality has been constructed and contested throughout history.

The Impact of the Journal on Contemporary Discussions

The journal of the history of sexuality does not just dwell in the past; its insights ripple into present-day conversations about sexuality, identity, and rights. By contextualizing contemporary sexual issues within a historical framework, the journal encourages readers and policymakers alike to recognize the contingency of sexual norms.

This historical perspective can foster greater tolerance and inclusivity by showing how norms have changed and can continue to evolve. Moreover, it provides activists and educators with historical arguments to challenge discrimination and advocate for sexual freedom.

Bridging Academia and Public Discourse

While primarily academic, the journal's influence extends into public intellectual spheres, inspiring documentaries, museum exhibitions, and public lectures. This bridging of academia and popular culture helps disseminate knowledge about sexual history to a broader audience, enriching public understanding and empathy.

Encouraging Interdisciplinary Research

The journal also promotes interdisciplinary approaches, drawing from history, sociology, anthropology, literary studies, and queer theory. This cross-pollination of ideas stimulates innovative research methods and perspectives, making the journal a hub for cutting-edge scholarship.

Exploring the journal can thus inspire students and scholars to adopt more holistic and creative approaches in their own work.

The journal of the history of sexuality stands as a testament to the richness and complexity of human sexual experience across time. It invites us to question preconceived notions, appreciate diversity, and recognize the profound ways in which sexuality intertwines with culture, power, and identity. Whether you approach it as a researcher or a curious mind, the journal offers a compelling journey through the many dimensions of sexuality's past.

Frequently Asked Questions

What is the focus of the Journal of the History of Sexuality?

The Journal of the History of Sexuality focuses on the historical study of sexuality, exploring how sexual behaviors, identities, and norms have evolved across different cultures and periods.

Who publishes the Journal of the History of Sexuality?

The Journal of the History of Sexuality is published by the University of Chicago Press.

How often is the Journal of the History of Sexuality published?

The Journal of the History of Sexuality is a quarterly publication, releasing four issues per year.

Is the Journal of the History of Sexuality peer-reviewed?

Yes, the Journal of the History of Sexuality is a peer-reviewed academic journal, ensuring the quality and reliability of its articles.

Where can I access articles from the Journal of the History of Sexuality?

Articles from the Journal of the History of Sexuality can be accessed through academic databases such as JSTOR, Project MUSE, and directly from the University of Chicago Press website.

What types of articles are published in the Journal of the History of Sexuality?

The journal publishes scholarly articles, book reviews, and critical essays related to the historical study of sexuality, including interdisciplinary approaches from history, sociology, anthropology, and cultural studies.

When was the Journal of the History of Sexuality first established?

The Journal of the History of Sexuality was first established in 1990.

Who are the typical contributors to the Journal of the History of Sexuality?

Contributors are typically historians, scholars, and researchers specializing in sexuality studies, gender studies, cultural history, and related disciplines.

Does the Journal of the History of Sexuality cover contemporary sexual issues?

While the journal primarily focuses on historical perspectives, it sometimes addresses contemporary sexual issues through the lens of historical context and analysis.

How can I submit a manuscript to the Journal of the History of Sexuality?

To submit a manuscript, authors should consult the submission guidelines on the University of Chicago Press website and submit their work through the journal's online submission portal for peer review.

Additional Resources

Journal of the History of Sexuality: A Scholarly Exploration of Sexuality Through Time

journal of the history of sexuality stands as a pivotal academic publication dedicated to exploring the multifaceted dimensions of sexuality within historical contexts. Since its inception, this journal has provided a crucial platform for scholars, historians, and social scientists to investigate how sexuality has been constructed, regulated, and experienced across different societies and epochs. As interest in sexuality studies continues to grow within the humanities and social sciences, the Journal of the History of Sexuality remains an indispensable resource for understanding the evolving

narratives, power structures, and cultural frameworks surrounding human sexuality.

Exploring the Scope and Significance of the Journal of the History of Sexuality

The Journal of the History of Sexuality is renowned for its interdisciplinary approach, combining history, sociology, anthropology, gender studies, and cultural theory to provide nuanced insights into sexuality's past. This scholarly journal frequently publishes articles that challenge conventional understandings, revealing how sexual norms and practices have been shaped by broader social, political, and economic forces. By focusing on the historical dimensions, the journal helps contextualize modern sexual identities and behaviors within their genealogies.

One of the journal's core strengths lies in its ability to traverse diverse historical periods – from ancient civilizations and medieval societies to contemporary modernity – and geographic regions, including Europe, Asia, Africa, and the Americas. This global and diachronic perspective enriches readers' comprehension of how sexualities are neither static nor universal, but rather deeply embedded within specific cultural and temporal milieus.

Interdisciplinary Methodologies and Theoretical Frameworks

The Journal of the History of Sexuality encourages submissions that utilize a variety of methodological approaches. Historical archival research, literary analysis, ethnography, and critical theory each find a place within its pages. Scholars often draw upon the works of influential theorists such as Michel Foucault, whose seminal writings on sexuality's relationship to power and knowledge have profoundly shaped the field. Foucault's conceptualization of sexuality as a historical construct rather than an innate biological essence is frequently discussed and critiqued in articles featured by the journal.

Moreover, feminist theory, queer theory, and postcolonial studies consistently inform the journal's discourse, providing critical lenses through which to examine issues of gender, race, class, and colonialism in relation to sexual norms and identities. This blend of theory and history allows for a dynamic interrogation of how sexuality intersects with other axes of power and oppression.

Key Themes and Contributions

The Journal of the History of Sexuality covers a broad array of themes, reflecting the complexity and diversity of sexual histories. Among the most prominent topics are:

- **Sexual Regulation and Control:** Investigations into laws, religious doctrines, and social customs that have governed sexual behavior over time.
- **Sexual Identity and Community Formation:** Studies on the emergence and evolution of sexual identities and subcultures.
- **Sexuality and Medicine:** Analyses of medical discourses around sexuality, including pathologization and the development of sexual health frameworks.
- **Colonial and Postcolonial Sexualities:** Research on how colonial power dynamics shaped sexual norms and practices in colonized societies.
- **Representation and Sexuality in Art and Literature:** Exploration of how sexuality has been portrayed and contested in cultural productions.

These thematic focuses not only broaden academic understanding but also engage with ongoing social debates about sexual rights, identities, and freedoms. By historicizing sexuality, the journal provides a critical context for contemporary discussions around LGBTQ+ rights, sexual ethics, and gender politics.

Comparative Insights: Journal of the History of Sexuality versus Other Academic Journals

When compared to other academic journals in sexuality studies, such as **Sexualities** or **Archives of Sexual Behavior**, the Journal of the History of Sexuality distinguishes itself through its rigorous historical emphasis and interdisciplinary breadth. While many journals prioritize sociological or psychological approaches, this publication foregrounds the temporal and cultural variability of sexual phenomena. This historical depth allows for more layered analyses that trace the genealogy of sexual norms and challenge ahistorical assumptions.

Furthermore, the journal's commitment to global perspectives contrasts with more Western-centric publications, offering readers access to scholarship on non-Western sexualities and colonial/postcolonial contexts. This inclusiveness enhances the journal's relevance in an increasingly globalized

academic environment.

Editorial Standards and Accessibility

The Journal of the History of Sexuality maintains high editorial standards, ensuring peer-reviewed, well-researched, and methodologically sound articles. It is published by a major academic press, which lends credibility and wide distribution within the scholarly community. Contributors to the journal are often leading experts in their fields, ensuring the content reflects cutting-edge research and theoretical innovation.

Access to the journal is generally available through academic institutions, libraries, and online databases such as JSTOR or Project MUSE. While subscription fees can present barriers for independent researchers or those outside academia, some articles and issues are periodically made open access, broadening the journal's reach.

Pros and Cons of Using the Journal for Research

- **Pros:**

- Comprehensive historical analysis of sexuality across time and cultures.
- Interdisciplinary and theoretically rich content.
- Access to cutting-edge scholarship from global perspectives.
- High academic rigor and editorial quality.

- **Cons:**

- Subscription costs may limit access for some readers.
- Highly specialized content might be challenging for non-expert audiences.
- Occasional focus on theoretical complexity can hinder straightforward application.

Despite these challenges, the journal's contribution to the field of sexuality studies remains significant and irreplaceable for those seeking a thorough understanding of sexuality's historical trajectories.

Continued Relevance in Contemporary Scholarship

As debates over gender, sexuality, and identity continue to evolve globally, the Journal of the History of Sexuality's role becomes even more crucial. By offering a historical lens, it helps scholars, policymakers, and activists comprehend the roots of contemporary sexual politics and cultural attitudes. This perspective fosters informed dialogue and critical reflection on how past sexual regimes influence present-day realities.

The journal also serves as a vital educational tool, integrating historical perspectives into gender and sexuality curricula at universities worldwide. Its articles support the development of more inclusive and historically aware frameworks that challenge normative assumptions about sex and gender.

Ultimately, the Journal of the History of Sexuality exemplifies how academic inquiry into sexuality's past can illuminate broader social, political, and cultural dynamics. For anyone invested in understanding the complex interplay between sexuality, history, and power, this journal remains an essential resource.

journal of the history of sexuality: Journal of the History of Sexuality , 2002

journal of the history of sexuality: Sources and Methods in the History of Sexuality Anna Clark, Elizabeth W. Williams, 2024-09-12 Sources and Methods in the History of Sexuality outlines some of the challenges of retracing sexual acts, identities, and desires in the past, and shows how historians have responded to these methodological challenges with ingenuity and creativity. The volume acknowledges that the history of sexuality poses particularly interesting challenges in relation to sources due the peculiar nature of sexuality. On one hand, sexuality is frequently hidden and private, its practices often unknown, denied, and evaded, its desires fleeting or obsessive, its reality confused or illuminated by fantasy; yet on the other, sexuality consistently breaks into the public sphere through moral panics, waves of persecution, taxonomizing projects, and medical/juridical interventions. With vivid case studies from renowned contributors, the chapters provide different theoretical approaches along with more practical examples of how to study the history of sexuality. The volume has a broad chronology from the ancient world to the present, an extensive geography covering not only Europe and the Americas but also Latin America and Africa, and also includes a variety of gender and sexual expressions. The book also privileges texts that offer an intersectional approach, asking how sex and sexualities were constructed alongside/against other categories of difference. With accessible writing, this volume encourages the reader to think creatively about how to find evidence of sex/sexuality in the past and will be of value to students as well as scholars interested in the history of sexuality.

journal of the history of sexuality: Sexuality in Modern German History Katie Sutton, 2023-01-12 Sexuality in Modern German History offers both a detailed survey of this key subject and a new intervention in the history of sexuality in modern Germany. It investigates the diverse and often contradictory ways in which individuals, activists, doctors, politicians, artists, church leaders, reform movements and cultural commentators have defined 'normal' or 'natural' sexuality in Germany over the past two centuries. Katie Sutton explores how these definitions have been used to shape identities, behaviours, bodies and practices, from norms of heterosexual, marital, reproductive sex to ideas around the policing and categorisation of 'unnatural' or 'deviant' bodies and practices. Covering a range of crucial themes, including birth control, prostitution, queer and trans rights and heterosexual intimacy, this important text comes with 30 illustrations and a wealth of primary source extracts and secondary literature, helpfully integrated to enable further insight and analysis. This is a vital volume for all students and scholars with an interest in modern Germany or the history of sexuality in modern Europe.

journal of the history of sexuality: Understanding Global Sexualities Peter Aggleton, Paul Boyce, Henrietta L Moore, Richard Parker, 2012-07-26 Over the course of the past thirty years, there has been an explosion of work on sexuality, both conceptually and methodologically. From a relatively limited, specialist field, the study of sexuality has expanded across a wide range of social sciences. Yet as the field has grown, it has become apparent that a number of leading edge critical issues remain. This theory-building book explores some of the areas in which there is major and continuing debate, for example, about the relationship between sexuality and gender; about the nature and status of heterosexuality; about hetero- and homo-normativity; about the influence and intersection of class, race, age and other factors in sexual trajectories, identities and lifestyles; and about how best to understand the new forms of sexuality that are emerging in both rich world and developing world contexts. With contributions from leading and new scholars and activists from across the globe, this book highlights tensions or 'flash-points' in contemporary debate, and offers some innovative ways forward in terms of thinking about sexuality - both theoretically and with respect to policy and programme development. An extended essay by Henrietta Moore introduces the volume, and an afterword by Jeffrey Weeks offers pointers for the future. The contributors bring together a range of experiences and a variety of disciplinary perspectives in engaging with three key themes of sexual subjectivity and global transformations, sexualities in practice, and advancing new thinking on sexuality in policy and programmatic contexts. It is of interest to students, researchers and activists in sexuality, sexual health and gender studies, especially those working from public health, sociological and anthropological perspectives.

journal of the history of sexuality: London and the Culture of Homosexuality, 1885-1914 Matt Cook, 2003 London and the Culture of Homosexuality explores the relationship between London and male homosexuality from the criminalisation of all 'acts of gross indecency' between men in 1885 to the outbreak of the First World War in 1914 - years marked by an intensification in concern about male-male relationships and also by the emergence of an embryonic homosexual rights movement. Taking his cue from literary and lesbian and gay scholars, urban historians and cultural geographers, Matt Cook combines discussion of London's homosexual subculture and various major and minor scandals with a detailed examination of representations in the press, in science and in literature. The conjunction of approaches used in this study provides fresh insights into the development of ideas about the modern homosexual and into the many different ways of comprehending and taking part in London's culture of homosexuality.

journal of the history of sexuality: Gender, Sex and the Shaping of Modern Europe Annette F. Timm, Joshua A. Sanborn, 2022-01-13 At a time when issues of gender and sexuality are as prominent as they have ever been, Gender, Sex and the Shaping of Modern Europe provides an authoritative exploration of the history of these deeply connected subjects over the last 250 years. Incorporating a blend of history and historiography, Annette F. Timm and Joshua A. Sanborn write engagingly on gender and sexuality in a way that illuminates our understanding of historical change and individual experience throughout Europe. The new and improved 3rd edition of this textbook

now includes: · Personal vignette textboxes which shed light on key themes through individual life stories · Added material on Russia, Eastern Europe, the Holocaust and the 21st century · Historiographical updates throughout that bring the text up-to-date with new scholarship · 30 new images and maps Through 6 thematic chapters that cover democracy, capitalism, imperialism and war, Timm and Sanborn trace the social construction of gender roles, consider gender's influence on political and economic developments during the period and reflect on where European society's relationship with gender will go both now and in the future.

journal of the history of sexuality: *Sex, Politics and Society* , 2014-05-22 A pioneering study which has become an established classic in its field, *Sex, Politics and Society* provides a lucid and comprehensive analysis of the transformations of British sexual life from 1800 to the present. These changes are firmly located in the wider context of social change, from industrialization and the experience of Empire through the establishment of the welfare state to the rise of new social movements, such as feminism and gay liberation, and new forms of social conservatism. Now fully revised and updated, and with a new chapter bringing the story right up to date, this new edition considers: the transformation of the sexual world through globalization and the internet the changing impact of the AIDS pandemic over the last thirty years the influence of new currents in social and cultural theory on the study of sexuality the gradual depoliticization and mainstreaming of sexuality within historical study Combining rich empirical detail with innovative theoretical insights, *Sex, Politics and Society* remains at the cutting edge of the subject and this third edition will inspire and provoke a whole new generation of readers in history, sociology, social policy, and the study of sexuality.

journal of the history of sexuality: *The Ambivalence of Gay Liberation* Craig Griffiths, 2021-02-25 *The Ambivalence of Gay Liberation* explores ways of thinking, feeling, and talking about being gay in the 1970s, an influential decade sandwiched between the partial decriminalisation of male homosexuality in 1969, and the arrival of the HIV/AIDS crisis in the early 1980s. Moving beyond divided Cold War Berlin, it also focuses on lesser-known cities, such as Aachen, Cologne, Frankfurt, Münster, and Stuttgart, to name just a few of the 53 localities that were home to a gay group by the end of the 1970s. These groups were important, and this book tells their story. In 1970s West Germany gay liberation did not take place only in activist meetings, universities, and on street demonstrations, but also on television, in magazine editorial offices, ordinary homes, bedrooms, and beyond. In considering all these spaces and individuals, this book provides a more complex account than previous histories, which have tended to focus only on a social movement and only on the idea of 'gay pride'. By drawing attention to ambivalence, this book shows that gay liberation was never only about pride, but also about shame; characterized not only by hope, but also by fear; and driven forward not just by the pushes of confrontation, but also by the pulls of conformism. Ranging from the painstaking emergence of the gay press to the first representation of homosexuality on television, from debates over the sexual legacy of 1968 and the student movement to the memory of Nazi persecution, *The Ambivalence of Gay Liberation* is the first English-language book to tell the story of male homosexual politics in 1970s West Germany. In doing so, this book changes the way we think about modern queer history.

journal of the history of sexuality: *The World We Have Won* Jeffrey Weeks, 2007-06-21 This book explores the life changes since 1945, from welfarism to the pill and from globalization to individualization. Rejecting the cultural pessimism, it argues that this is a world we are increasingly making for ourselves, a world we have won.

journal of the history of sexuality: *Sexuality, Health and Human Rights* Sonia Corrêa, Rosalind Petchesky, Richard Parker, 2008-08-18 *Sexuality, Health and Human Rights* surveys the rapid changes taking place at the start of the twenty-first century in the social, cultural, political and economic domains and their impact on sexuality, health and human rights.

journal of the history of sexuality: *Lesbian Intimacies and Family Life* Rebecca Jennings, 2023-11-16 Focusing on patterns of intimacy, this book traces the historical roots of parenting practices and familial patterns constructed by lesbians and same-sex attracted women living in

Britain and Australia between 1945 and 2000. It foregrounds women's unique lived experiences, as they expressed desire, fell in love, and created families against the backdrop of changing cultural, legal, and medical attitudes to female same-sex desire in the late 20th century. Including almost 100 original oral history interviews conducted by the author, *Lesbian Intimacies and Family Life* reveals the subjective histories of lesbian intimacy during the period, both highlighting the huge variety in women's experiences, and tracing shifting patterns of relationship and family formation. Combined with analysis of representations of lesbian intimacy in literature, press articles, medical texts, and archival material, the book demonstrates the ways in which changing political and cultural concepts of sexuality impacted on individual and collective attitudes. With a unique transnational perspective, Jennings uncovers how feminist and lesbian networks between Britain and Australia promoted knowledge sharing and helped foster change in the familial practices of each country – such as through the adoption of reproductive technologies and alternate routes into motherhood. Through considering the rise of divorce and challenges to traditional marriage practices in the period, this book highlights how lesbian relationships provided alternative models of interpersonal relations, impacting on broader patterns of sexuality, and helping redefine notions of the family in the modern era.

journal of the history of sexuality: *Medicine, the Penal System and Sexual Crimes in England, 1919-1960s* Janet Weston, 2017-12-14 Sexual crime, past and present, is rarely far from the headlines. How these crimes are punished, policed and understood has changed considerably over the last century. From hormone injections to cognitive behavioural therapy, medical and psychological approaches to sexual offenders have proliferated. This book sets out the history of such theories and treatments in England. Beginning in the early 20th century, it traces the evolution of medical interest in the mental state of those convicted of sexual crime. As part of a broader interest in individualised responses to crime as a means to rehabilitation, doctors offered new explanations for some sexual crimes, proposed new solutions, and attempted to deliver new cures. From indecent exposure to homosexuality between men, from sadistic violence to thefts of underwear from washing lines, the interpretation and treatment of some sexual offences was thought to be complex. Of less medical interest, though, were offences against children, prostitution, and rape. Using a range of material, including medical and criminological texts, trial proceedings, government reports, newspapers, and autobiographies and memoirs, Janet Weston offers powerful insights into changing medico-legal practices and attitudes towards sex and health. She highlights the importance of prison doctors and rehabilitative programmes within prisons, psychoanalytically-minded private practitioners, and the interactions between medical and legal systems as medical theories were put into practice. She also reveals the extent and legacy of medical thought, as well as the limitations of a medical approach to sexual crime.

journal of the history of sexuality: Routledge Handbook of Sexuality, Gender, Health and Rights Peter Aggleton, Rob Cover, Carmen H. Logie, Christy E. Newman, Richard Parker, 2023-12-22 Thoroughly updated with over 30 newly written chapters, this edition of the Routledge Handbook of Sexuality, Gender, Health and Rights brings together academics and practitioners from around the world to provide an authoritative and up-to-date account of the field. Social researchers and their allies have worked hard in past decades to find new ways of understanding sexuality in a rapidly changing world. Growing attention is now given to the way sexuality intersects with other structures such as gender, age, ethnicity/race and disability, and increasing value is seen in a positive approach focused on ethics, pleasure, mutuality and reciprocity. This Handbook explores: theory, politics and early development of sexuality studies ways in which language, discourse and identification have become central to research on sex, sexuality and gender key issues across the broad media and digital ecology, demonstrating the centrality of representation, communication and digital technologies to sexual and gender practices research focusing on the body and its sexual pleasures work on forms of inequality, violence and abuse that are linked to sex, gender and sexuality The Handbook is an essential reference for researchers and educators working in the fields of sexuality studies, gender studies, sexual health and human rights, and offers key reading for

mid-level and advanced students.

journal of the history of sexuality: *Sex, Time and Place* Simon Avery, Katherine M. Graham, 2016-10-06 *Sex, Time and Place* extensively widens the scope of what we might mean by 'queer London studies'. Incorporating multidisciplinary perspectives – including social history, cultural geography, visual culture, literary representation, ethnography and social studies – this collection asks new questions, widens debates and opens new subject terrain. Featuring essays from an international range of established scholars and emergent voices, the collection is a timely contribution to this growing field. Its essays cover topics such as activist and radical communities and groups, AIDS and the city, art and literature, digital archives and technology, drag and performativity, lesbian Londons, notions of bohemianism and deviancy, sex reform and research and queer Black history. Going further than the existing literature on Queer London which focuses principally on the experiences of white gay men in a limited time frame, *Sex, Time and Place* reflects the current state of this growing and important field of study. It will be of great value to scholars, students and general readers who have an interest in queer history, London studies, cultural geography, visual cultures and literary criticism.

journal of the history of sexuality: *The Bloomsbury Companion to Modernist Literature* Ulrika Maude, Mark Nixon, 2018-11-01 In this book, leading international scholars explore the major ideas and debates that have made the study of modernist literature one of the most vibrant areas of literary studies today. *The Bloomsbury Companion to Modernist Literature* offers a comprehensive guide to current research in the field, covering topics including: · The modernist everyday: emotion, myth, geographies and language scepticism · Modernist literature and the arts: music, the visual arts, cinema and popular culture · Textual and archival approaches: manuscripts, genetic criticism and modernist magazines · Modernist literature and science: sexology, neurology, psychology, technology and the theory of relativity · The geopolitics of modernism: globalization, politics and economics · Resources: keywords and an annotated bibliography

journal of the history of sexuality: *Changing Gay Male Identities* Andrew Cooper, 2013-04-12 As the world changes, so sexual identities are changing. In a context of globalisation, mass communication and technological advances, individuals find themselves able to make lifestyle choices in new and different ways. In this increasingly confusing world, sociologists have argued that identities are in flux, and that traditional patterns of identity and intimacy are being disrupted and reshaped, with all the implications for sexual identities that this suggests. *Changing Gay Male Identities* draws on the powerful life stories of twenty-one gay men to explore how individuals construct and maintain their sense of self in contemporary society. The book draws upon theoretical debates on topics such as gender, performance, sex, class, camp, race and ethnicity, to explore four aspects of identity: the role of the body in who we are relationships and communities performing in everyday life reconciling different aspects of our selves (such as religion and sexuality). In *Changing Gay Male Identities* Andrew Cooper assesses the magnitude of these social and sexual changes. He argues that although there are many opportunities for new forms of identity in a changing world, the possibilities can be significantly constrained, and that this has major implications for the freedoms and choices of individuals in contemporary societies. This book will be of interest to students and scholars of sociology, sexuality studies, gender studies, and GLBTQ studies.

journal of the history of sexuality: *Violence, Prejudice and Sexuality* Stephen Tomsen, 2013-05-13 The binary model of sexuality can be devastating and even fatal for people left outside the category of heterosexuality. Essentialist categories of sexuality and gender are often enforced by harassment and violence, as is clear in the case of violence directed against sexual minorities such as homosexual men. This book investigates why men launch assaults on sexual minorities, why these attacks are so vicious and frequently irrational, the identities of perpetrators and their victims, and why such violence seems to have some acceptance in fields such as law, psychiatry, the media and popular opinion. Tomsen discusses the theoretical and research literatures on models of understanding human sexuality and gender and the nature of hate violence and prejudice in contemporary societies, and also provides an analysis from his own original research to draw out the

contradictory nature of both sexual identity and violence and the significance of viewing both fields as linked domains. This text makes an important contribution to current and future discussions of the nature of social prejudice and its ties to legal rulings, collective beliefs and mainstream culture.

journal of the history of sexuality: Taboo Shirley R. Steinberg, Lindsay Cornish, 2010 *Taboo: Essays on Culture and Education* is a collection of 15 compelling and controversial articles from the pages of *Taboo: The Journal of Cultural Studies and Education*. Scholars including Henry A. Giroux, Deborah P. Britzman, and Lawrence Grossberg explore intersections of race, gender, sexuality, social class, and power by examining cultural icons such as *Forrest Gump* and *Borat*, and social phenomena including cheerleading and the depiction of Jewish mothers on television. *Taboo: Essays on Culture and Education* is an indispensable resource for cultural studies scholars and students alike.

journal of the history of sexuality: Criminal Conversations Judith Rowbotham, Kim Stevenson, 2005 The essays in this book set out to explore the ways in which Victorians used newspapers to identify the causes of bad behavior and its impacts, and the ways in which they tried to distance criminals and those guilty of bad behavior from the ordinary members of society, including identification of them as different according to race or sexual orientation. It also explores how threats from within normal society were depicted and the panic that issues like baby-farming caused. Victorian alarm was about crimes and bad behavior which they saw as new or unique to their period - but which were not new then and which, in slightly different dress, are still causing panic today. What is striking about the essays in this collection are the ways in which they echo contemporary concerns about crime and bad behavior, including panics about new types of crime. This has implications for modern understandings of how society needs to understand crime, demonstrating that while there are changes over time, there are also important continuities.--BOOK JACKET.
