a gift of wings richard bach: On Laughter-Silvered Wings Gail Strever-Morkel, 2013-06-19 This well written and thoroughly researched biographical account of the life and times of a South African WW2 pilot (the author's father) is sure to appeal widely. The story is by necessity highly personal, drawing on family history and changing lifestyles as the central figure fights his way through a series of challenging experiences, flying coastal strike missions in the Mediterranean and North Africa, then in the Far East against the Japanese. The story is full of personal perspectives and gets off to a thorough and engrossing operational start, before retracing the personal family story to place everything in context. Images of a lost world haunt the pages, evocative of an era where a decisive individual could challenge the system and get results, despite massive inflexibility within the Services. This work is sure to make a welcome addition to any discerning readers collection; the story of Coastal Command is often overlooked, with histories focusing largely on the Fighter boys and Bomber Boys of World War Two and their associated experiences. The exploits recorded in this book therefore serve as an overdue reminder of the Unit, and the part they played in the Allied effort. Ted's wartime exploits include the first midair skyjacking in history, a daring solitary attack on the Italian fleet after losing the rest of his strike team, narrowly surviving being burnt in the subsequent inferno of a horrific air crash in the Ceylon jungle, many emergency crash landings and finally as Commander of 27 Squadron carrying out dangerous rescue operations behind enemy lines for members of the Indian Resistance Movement who were operating in the jungle of Burma. Written largely in the first person, and illustrated extensively, these exploits come vividly to life.

a gift of wings richard bach: Life Takes Wings Lynn Rippelmeyer, 2022-02-01 “A true story of a woman's drive and intensity, told with humility, grace and humor. Life Takes Wings is a great American flying story.” —Deborah Douglas, author of American Women and Flight In Life Takes Wings, Captain Lynn Rippelmeyer soars with inspiration from a starry-eyed farm girl gazing at the sky to flight attendant to first female pilot of the revolutionary Boeing 747. More than just a story of one woman's love affair with the skies, Life Takes Wings combines lessons in tenacity, humility, humor, perseverance, and partnership with the exhilaration of defying social norms, and the rewards of being true to oneself. Inspired to become a commercial airline pilot in an age when it was not an option for girls, serendipitous relationships lead Lynn to her first flying lessons in a seaplane, then to becoming flight instructor and charter pilot while also working as a flight attendant. Perceived as being incapable of flying, women were relegated to the cabin. Ignoring the pilots' negative comments, Lynn became a number of aviation's female firsts—member of first all-female commercial airline crew, first flight attendant-to-pilot, and first female pilot of the Boeing 747. Through laughter and tears, Life Takes Wings shows the sky is no limit for those who follow their dreams. “Captain Rippelmeyer's book is one of the best chronicles of a flying life that I have ever read. She meets turbulence with determination and fortitude, but with a positive approach and a marvelous sense of humor, which seems to be rare these days.” —Jacqueline Boyd, PhD, chair, Amelia Earhart Memorial Scholarship Fund and 99s 2020 recipient of the Award of Achievement for Contributions to Aviation
