gabriel marquez one hundred years of solitude: *Gabriel Garcia Márquez' "One Hundred Years of Solitude" as critique on latin americans?* Dorothee Koch, 2008-05-29 Essay from the year 2007 in the subject American Studies - Miscellaneous, grade: A-, Bread Loaf School of English, Middlebury College (Bread Loaf School of English), course: 20th Century Latin American History, language: English, abstract: Garcia Marquez' novel One Hundred Years of Solitude records the rise and fall of a fictional town called Macondo. Although this town is invented by the author, its foundation, its development and its fall show social and political realities we know from Latin America's past and Colombia's history in particular. The Buendia family, who founded the town and lives in it for six generations throughout the novel, mirrors Colombian reality post Spanish imperialism e.g. the Civil War, the take over of the United Fruit Company of Boston, the massacre of Cienaga etc. All these events can be found in the book and can be related to Latin American history. Since the novel is amazingly rich and breaks narrative linearity through flashbacks and flashforwards, the similarities and the obvious connection between reality and fiction is used as a framework for this paper and lead to the question of whether there is a political message in the book, or not. Using the history of Latin America and the events in the book referring to it, I will prove that there is more than just a critique on the current behaviour of Latin Americans. The use of magical realism concerning time shows that history is circular, it repeats itself if you do not learn through your experiences, if you refuse to progress but stick to the progress of others. This is the mistake, the Buendias commit and this mistake should be conferred to Latin America in order to finally "combat a plague of amnesia." (Conniff, 167)

gabriel marquez one hundred years of solitude: *Summary of 100 Years of Solitude* Alexander Cooper, 2021-10-16 *Summary of 100 Years of Solitude - A Comprehensive Summary* One Hundred Years of Solitude begins as a flashback, with Colonel Aureliano Buendía recollecting the years immediately following the founding of Macondo, when a band of gypsies frequently bring technological marvels to the dreamy, isolated village. José Arcadio Buendía, the insatiably curious founder of the town, is obsessed with these magical implements. Using supplies given to him by Melquíades, the leader of the gypsies, he immerses himself in scientific study, to the frustration of his more practical wife, Úrsula Iguarán. Eventually, with Melquíades's prodding, José Arcadio Buendía begins to explore alchemy, the pseudo-science of making gold out of other metals. He is driven by a desire for progress and by an intense search for knowledge that forces him into solitude. Increasingly, he withdraws from human contact, becoming unkempt, antisocial, and interested only in his pursuit of knowledge. But José Arcadio Buendía is not always a solitary scientist. On the contrary, he is the leader who oversaw the building of the village of Macondo, an idyllic place dedicated to hard work and order, filled with young people, and as yet, unvisited by death. In his quest for knowledge and progress, José Arcadio Buendía's obsession shifts to a desire to establish contact with civilization.
