game of thrones embroidery designs: Craft Britain David Linley, Helen Chislett, 2023-01-24 Britain is one of a triumvirate of nations - the others being France and Italy - that is revered globally for its fine craftsmanship and heritage skills. However, while France is wedded to the continuation of 17th- and 18th-century master craftsmanship and Italy is focused on particular materials, notably leather working and stone working, Britain is uniquely able to both look back and move forward where craft is concerned. Nowhere else will you find true excellence and mastery of a craft coupled with such innovation and eye for design. Craftsmanship in Britain is neither dying nor dead, but is a continuing and exciting exploration of process, materials and ideas spanning architecture, interiors, fashion and art. Cool, Calm and Collected introduces the vast array of British craft, from the craftspeople who keep the heritage alive, such as Savile Row tailors and stained-glass makers, to crafts on the edge of extinction - clog makers, damask weavers - and urban craft, artists and more. Illustrated throughout with stunning shots of the finished products, to behind-the-scenes images in studios and workshops or craftspeople at work, this timely publication celebrates the bespoke craft skills of Britain as a global force, and will hopefully inspire a new generation to seriously consider a professional life in craft.
