

robert diyanni literature second edition

Robert Diyanni Literature Second Edition: A Deep Dive into a Timeless Text

robert diyanni literature second edition stands as a significant resource for students, educators, and literature enthusiasts seeking a comprehensive introduction to literary study. Whether you're delving into poetry, drama, fiction, or essays, this edition provides a well-rounded approach to appreciating and analyzing various forms of literature. Its enduring popularity and thoughtful organization make it a staple in many academic settings.

Understanding Robert Diyanni Literature Second Edition

Robert Diyanni's literature anthology is designed not just to present literary works but to engage readers in the process of interpretation and critical thinking. The second edition builds on the success of the original, refining its content and structure to better serve its audience. It offers a diverse selection of classic and contemporary pieces from a wide range of authors, genres, and cultural backgrounds, which enriches the reader's perspective on literature.

A Curated Collection of Literary Works

One of the standout features of the robert diyanni literature second edition is its carefully curated anthology. The selection spans centuries and styles, including poetry from Romantic to Modernist eras, short stories that highlight narrative craft, plays that capture dramatic tension, and thought-provoking essays.

This diversity allows readers to explore:

- The evolution of literary movements over time
- Different narrative voices and techniques
- Thematic connections across genres
- Contextual backgrounds that deepen understanding

Such variety not only keeps the material engaging but also prepares students to encounter a broad spectrum of literary traditions.

Features That Set the Second Edition Apart

The second edition of Robert Diyanni's literature anthology is more than just a collection of texts; it's a learning tool packed with features that aid comprehension and analysis.

Accessible Language and Clear Explanations

Diyanni's approach emphasizes clarity without sacrificing depth. The introductions to each section and individual work are written in an approachable tone, helping readers grasp complex literary concepts and historical contexts without feeling overwhelmed. This is particularly helpful for students new to literary analysis.

Focus on Critical Thinking and Writing

Another hallmark of this edition is its emphasis on developing critical thinking skills. Alongside the literary pieces, the book includes:

- Discussion questions that challenge assumptions and encourage debate
- Writing prompts designed to foster analytical and creative responses
- Guidelines for literary criticism and essay writing techniques

These features turn the anthology into an interactive experience, making it ideal for classroom use or self-study.

The Role of Context in Appreciating Literature

One of the strengths of Robert Diyanni's literature second edition is its commitment to contextualizing literary works. Understanding the social, historical, and cultural backdrop of a piece enriches the reading experience and deepens interpretation.

Historical and Cultural Insights

Each section provides background information that situates the texts within their time periods and cultural movements. For example, when reading a poem from the Harlem Renaissance or a play from the Elizabethan era, the reader gains insight into the societal influences shaping the work.

This context helps demystify references and allusions, making the literature more accessible and meaningful.

Author Biographies and Literary Terms

Brief biographies of featured authors offer a glimpse into their lives and motivations, which can illuminate their writing styles and themes. Additionally, glossaries of literary terms throughout the book ensure that readers are equipped with the vocabulary needed to discuss literature effectively.

Why Educators and Students Favor Robert DiYanni's Anthology

The popularity of the Robert DiYanni Literature Second Edition in academic circles is no accident. Its thoughtful assembly and pedagogical features make it a favorite among instructors and learners alike.

Comprehensive Yet Manageable

The book strikes a balance between breadth and depth. It covers essential literary works without overwhelming readers with excessive length or overly dense analysis. This makes it a practical choice for courses that aim to provide a solid foundation in literature.

Encouraging Independent Exploration

Thanks to its discussion questions and writing prompts, the anthology encourages students to go beyond passive reading. It invites them to form their own interpretations, connect themes across texts, and express their insights in writing.

Tips for Getting the Most Out of the Robert Diyanni Literature Second Edition

If you're using this anthology for coursework or personal enrichment, here are some strategies to enhance your experience:

1. **Read Actively:** Take notes as you read, highlighting passages that stand out or raise questions.
2. **Engage with the Questions:** Use the discussion and writing prompts to reflect more deeply on the texts.
3. **Explore Context:** Don't skip the background information; understanding the historical and cultural setting can unlock new meanings.
4. **Use the Glossary:** Familiarize yourself with literary terms to enhance your analytical vocabulary.
5. **Compare and Contrast:** Look for thematic or stylistic connections between works within the anthology.

Where to Find Robert Diyanni Literature Second Edition

For those interested in acquiring the Robert Diyanni Literature Second Edition, it's widely available through major booksellers and online platforms. Whether you prefer a physical copy or an e-book version, options abound to suit different reading preferences and budgets.

Additionally, many academic libraries hold this edition, making it accessible for students who want to explore the text without purchasing it outright.

Overall, the Robert Diyanni Literature Second Edition remains a valuable asset in the world of literary studies. Its combination of diverse content, clear explanations, and critical thinking tools offers readers a rich and rewarding experience with literature. Whether you're approaching the field for the first time or looking to deepen your understanding, this anthology is designed to guide you every step of the way.

Robert DiYanni Literature Second Edition: A Comprehensive Review and Analysis

robert diyanni literature second edition stands as a noteworthy contribution to the field of literary studies, blending a rich anthology of texts with insightful commentary designed to engage both students and educators alike. This edition builds upon the foundation laid by its predecessor, aiming to offer a balanced and accessible exploration of literature that spans historical periods, genres, and cultural perspectives. In the evolving landscape of literature anthologies, DiYanni's second edition invites scrutiny regarding its scope, pedagogical features, and overall relevance for contemporary readers.

Overview of Robert DiYanni Literature Second Edition

The second edition of Robert DiYanni's Literature anthology is structured to serve as a comprehensive resource for introductory literature courses. It presents a curated selection of poetry, prose, and drama, carefully selected to illustrate key literary movements and themes. Unlike many anthologies that heavily favor Western canonical works, DiYanni's compilation reflects a more inclusive approach, incorporating voices from diverse cultural backgrounds and contemporary writers alongside classical authors.

This edition is distinguished by its editorial framework, which integrates contextual essays, author biographies, and critical analysis prompts. These features aim to deepen readers' understanding and foster critical thinking, making the anthology not just a collection of texts but a pedagogical tool designed for active engagement.

Content Diversity and Selection Criteria

One of the prominent strengths of the Robert DiYanni literature second edition lies in its diverse selection of literary works. The anthology spans from ancient epics and classical drama to modern poetry and short stories. This breadth allows readers to trace literary evolution and compare thematic concerns across different epochs.

What sets this edition apart is its commitment to diversity—not only in terms of chronology but also cultural representation. For example, alongside Shakespearean sonnets, readers encounter works by authors from Latin America, Asia, and Africa, reflecting a global literary landscape. This approach aligns with current academic trends emphasizing multiculturalism and global perspectives in literature curricula.

Pedagogical Features and Usability

A key consideration for educators evaluating the Robert DiYanni literature second edition is its usability in classroom settings. The anthology includes several features designed to facilitate learning and discussion:

- **Contextual Introductions:** Each section begins with an overview that situates the texts historically and thematically, aiding comprehension.
- **Author Biographies:** Brief yet informative biographies provide essential background, helping readers connect with the authors' perspectives.
- **Analytical Questions:** Thought-provoking prompts encourage readers to engage critically with the texts, fostering analytical skills.
- **Glossaries and Notes:** Definitions of literary terms and explanatory notes are sprinkled throughout, assisting readers unfamiliar with complex concepts.

These features collectively enhance the anthology's function as more than a mere text repository but as an educational instrument tailored to varying levels of literary proficiency.

Comparative Analysis: Second Edition versus First Edition

When comparing the second edition to the original, several notable updates and improvements emerge. The second edition expands its inclusivity by incorporating more contemporary voices and underrepresented authors, reflecting a conscious effort to modernize the curriculum. Additionally, the editorial commentary has been refined to provide clearer analysis and more accessible language, which benefits readers who may be new to literary studies.

However, some critics argue that the expanded scope occasionally results in a trade-off regarding depth—certain works receive only brief treatment, which may limit comprehensive analysis. Nonetheless, this breadth-versus-depth balance is a common challenge in anthology design and reflects DiYanni's intent to offer a panoramic rather than exhaustive literary overview.

Audience and Practical Applications

The Robert DiYanni literature second edition primarily targets undergraduate

students enrolled in introductory literature courses, as well as instructors seeking a versatile anthology that supports diverse teaching objectives. Its structured approach and accessible commentary also make it suitable for independent learners and readers interested in broadening their literary horizons.

In practical terms, the anthology proves useful for:

- Facilitating thematic units in literature classes
- Providing a foundation for comparative literary analysis
- Offering supplementary materials for writing and critical thinking exercises
- Serving as a reference for literary terminology and historical context

Educators particularly appreciate the balance of classical and contemporary texts, which encourages students to draw connections between traditional literary forms and modern narratives.

Strengths and Limitations

The strengths of the Robert DiYanni literature second edition are manifold. Its inclusive content selection, pedagogical support features, and clarity of presentation make it a reliable resource in academic settings. Furthermore, the anthology's design reflects current educational priorities, such as fostering critical thinking and embracing global perspectives.

On the other hand, some limitations warrant consideration. The anthology's wide-ranging content sometimes sacrifices in-depth examination of individual works, which may leave advanced readers seeking more detailed critical engagement. Additionally, the physical size and price of the textbook could be a barrier for some students, particularly when digital or more affordable alternatives exist.

Positioning Within the Market of Literature Anthologies

When placed alongside other leading literature anthologies, such as those by authors like Norton or Bedford, the Robert DiYanni literature second edition holds its own through its unique editorial voice and pedagogical design. While Norton Anthology often emphasizes canonical works with extensive scholarly notes, DiYanni's edition offers a more streamlined, approachable

format without sacrificing academic rigor.

The anthology's emphasis on multiculturalism and contemporary voices also aligns well with evolving educational standards that prioritize inclusivity and relevance. This makes it a compelling choice for institutions aiming to diversify their literary offerings and engage students with a broader spectrum of texts.

Digital Availability and Supplementary Resources

In response to technological advancements and changing learning environments, the second edition of Robert DiYanni's *Literature* is often accompanied by digital supplements. These may include online study guides, interactive quizzes, and additional readings designed to complement the print edition.

Such digital resources enhance accessibility, allowing students to engage with materials beyond the printed page. However, availability and quality of these supplements can vary depending on the publisher and edition, so prospective adopters should verify current offerings.

Robert DiYanni's *Literature* second edition thus represents a thoughtful attempt to balance traditional literary scholarship with modern pedagogical needs. Its careful curation and educational features make it a viable choice for a wide range of learners, while its limitations remind readers of the ongoing challenge to encompass literature's vast and varied terrain within a single volume.

[Robert DiYanni Literature Second Edition](#)

robert diyanni literature second edition: *Literature* Robert DiYanni, 2003-07 Like its larger counterpart, the compact *Literature: Approaches to Fiction, Poetry, and Drama* by Robert DiYanni features student-centered approaches to literature--from experience to interpretation to evaluation--and an emphasis on making connections between texts and thinking critically about literature. . . . Known for its clear presentation of the formal elements of literature and literary analysis, this compact anthology effectively balances classic, modern, and contemporary works across the three major genres, blending well-known writers with a diverse gathering of newer, international figures. This literary breadth is supplemented by extensive coverage of writing about literature, making this book an excellent text for introduction to literature courses as well as literature-based composition courses..

robert diyanni literature second edition: *Literature and Utopian Politics in Seventeenth-Century England* Robert Appelbaum, 2002-04-04 Hundreds of writers in the English-speaking world of the seventeenth-century imagined alternative ideal societies. Sometimes they did so by exploring fanciful territories, such as the world in the moon or the nations of the Antipodes; but sometimes they composed serious disquisitions about the here and now, proposing how England or its nascent colonies could be conceived of as an 'Oceana,' or a New Jerusalem. This book provides a comprehensive view of the operations of the utopian imagination in literature from

1603 to the 1660s. Appealing to social theorists, literary critics, and political and cultural historians, this volume revises prevailing notions of the languages of hope and social dreaming in the making of British modernity during a century of political and intellectual upheaval.

robert diyanni literature second edition: A Philosophy of Visual Metaphor in Contemporary Art Mark Staff Brandl, 2023-02-23 Metaphor, which allows us to talk about things by comparing them to other things, is one of the most ubiquitous and adaptable features of language and thought. It allows us to clarify meaning, yet also evaluate and transform the ways we think, create and act. While we are alert to metaphor in spoken or written texts, it has, within the visual arts, been critically overlooked. Taking into consideration how metaphors are inventively embodied in the formal, technical, and stylistic aspects of visual artworks, Mark Staff Brandl shows how extensively artists rely on creative metaphor within their work. Exploring the work of a broad variety of artists – including Dawoud Bey, Dan Ramirez, Gaëlle Villedary, Raoul Deal, Sonya Clark, Titus Kaphar, Charles Boetschi, and more– he argues that metaphors are the foundation of visual thought, are chiefly determined by bodily and environmental experiences, and are embodied in artistic form. Visual artistic creation is philosophical thought. By grounding these arguments in the work of philosophers and cultural theorists, including Noël Carroll, Hans Georg Gadamer, and George Lakoff, Brandl shows how important metaphor is to understanding contemporary art. A Philosophy of Visual Metaphor in Contemporary Art takes a neglected feature of the visual arts and shows us what a vital role it plays within them. Bridging theory and practice, and drawing upon a capacious array of examples, this book is essential reading for art historians and practitioners, as well as analytic philosophers working in aesthetics and meaning.

robert diyanni literature second edition: Innocent Victim and Other Plays Foluke Ogunleye, 2003

robert diyanni literature second edition: Language, Literature and Education in Multicultural Societies Kenneth Harrow, Kizitus Mpoche, 2009-10-02 This book presents a vivid overview of linguistic, literary and educational issues in a multicultural context from various perspectives. These range from large-scale surveys to specific analyses on aspects of language, literature and education. Contributions are very original and based on a common denominator: Multiculturalism. Despite the numerical dominance of contributions from Cameroon (one of the most multilingual countries in the world), this book brings together views from specialists in the different domains from several parts of the world (Africa, Europe and the United States of America). These contributions exhibit not theoretical issues that underpin current academic debates in linguistic and literary research, but also empirical and interesting data that can further be exploited to other ends. Critical views on literature and postcolonialism, the fears of language death with the advent of globalisation and the spread of English language, the educational significance or influence of the internet, the wealth of Cameroon/African literature and the education of the Cameroonian/African child, and theoretical issues in language and literary education are themes handled here in an accessible manner to readers without previous knowledge of language science, literature and education.

robert diyanni literature second edition: Literature Robert DiYanni, 1990 Revision, parody, and adaptation/some alternative translations poems). The selections in Literature, classic and contemporary present a wide range of styles, voices, subjects, and points of view.

robert diyanni literature second edition: *The Making of the Modern Artist* Ernest L. Veyu, 2012-12-19 The Making of the Modern Artist: Stephen Dedalus and Will Brangwen examines two fictional artists by James Joyce and D. H. Lawrence in A Portrait of the Artist as a Young Man and D. H. Lawrence's The Rainbow respectively. It brings together Joyce and Lawrence in their common concern with the modern artist and modern art. Taking the two major artist characters of the two works, this study establishes that Joyce and Lawrence, irrespective of major background, educational, artistic and philosophical differences, converge on the person, character, artistic vision and working methods of the modern artist. This study makes little effort at looking at these fictional artists as alter egos of Joyce and Lawrence; it treats them as modern artists in their own right. It

attempts to give them somewhat a critical "right of existence" of their own.

robert diyanni literature second edition: The SAGE Handbook of Research in International Education Mary Hayden, Jeff Thompson, Jack Levy, 2007-01-03 "The editors of the SAGE Handbook of Research in International Education have brought together an impressive array of scholars whose cutting edge research addresses the growing field of international education, from the experiences of K-12 schools around the world to the field of teacher education. This book raises important questions and should be read by a broad audience" - Kenneth Cushner, Executive Director of International Affairs and Professor of Education, Kent State University "The editors of this admirable handbook have set out to produce a report on international education. Their consummate success in doing so gives those of us working in the field a new and invaluable resource. The editors may be academics but this is a book largely written by, about and for those whose job it is to teach "internationally". No-one working in international education will fail to be provoked, challenged or inspired by the compelling arguments advanced within this authoritative volume" - Peter MacKenzie, Principal, Hiroshima International School "The book is well organized in carefully integrated sections and chapters and the references alone are a valuable bibliographical tool. An indispensable work highly recommended for education reference collections and the libraries of individual researchers" - J.B.Thomas, Emeritus Professor of Educational Studies, Loughborough University Interest in the field of international education has never been more intense than at present. There are a rapidly increasing number of schools worldwide set up specifically to meet the demands of those parents who, through their own professional activities, wish to have their sons and daughters educated in schools that offer programmes based on international values. Such schools have embraced the promotion of international education as one of their major goals and, consequently, an increasing number of organisations currently offer curricula that claim to be international in nature. Such global movements have created a parallel increase in the incorporation of forms of international education within national school systems throughout the world. This has resulted in wider forms of collaboration between schools in the public and private sectors, nationally and internationally, generating a much more substantial base of professional experience in the implementation of schemes for international education than had previously existed. This book analyses the origins, contributions and interpretations of international education. The authors identify approaches to research that will progress our knowledge and understanding of the field, and extend and even redraw it, on the basis of the research evidence presented. Content includes: - A historical overview of the ways in which the term international education has been interpreted - The theoretical interpretation of international education in its current context - International education in practice: exploration of the issues in terms of students, curricula, pedagogies and organising formal institutions - Conceptual challenges for international education in the future This handbook is an essential resource for those who are involved in the practice and academic study of international education. It will be of particular interest to researchers and teachers in universities, governmental and private curriculum development agencies, examination authorities, administrators and teachers in schools. "This volume is another valuable SAGE contribution to the expanding literature on international education. Not all handbooks are described as essential reading but this one will be, and will become an indispensable work of reference highly recommended for education libraries (both academic and governmental) and for the bookshelves of individual researchers and all involved in international education...the three editors and their fellow authors can take a collective pride in having given us an excellent volume which very successfully completes a chronological and theoretical journey through the issues, practices and future questions presented by international research and practice in international education" - Journal of Research in International Education

robert diyanni literature second edition: The Borzoi Handbook for Writers (text only--no practice book) Frederick Crews, Sandra Schor, Michael Hennessey, 1992-11-01 Designed as an easy-to-use, non-jargon-bound reference for writers, the BORZOI features elegant, straightforward language suggestions and advice as it avoids complex grammatical explanations. The handbook is accompanied by a free Practice book that provides exercises based in real discourse

units.

robert diyanni literature second edition: Women in Literature Jerilyn Fisher, Ellen Silber, 2003-06-30 With the literary canon consisting mostly of works created by and about men, the central perspective is decidedly male. This unique reference offers alternate approaches to reading traditional literature, as well as suggestions for expanding the canon to include more gender sensitive works. Covering 96 of the most frequently taught works of fiction, essays offer teachers, librarians, and students fresh insights into the female perspective in literature. The list of titles, created in consultation with educators, includes classic works by male authors like Dickens, Faulkner, and Twain, balanced with works by female authors such as Kate Chopin's *The Awakening* and Mary Shelley's *Frankenstein*. Also included are contemporary works by writers such as Alice Walker and Margaret Atwood that are being incorporated into the curriculum, as well as those advancing a more global view, such as Sandra Cisneros' *House on Mango Street* and Chinua Achebe's *Things Fall Apart*. The essays are expertly written in an accessible language that will help students gain greater awareness of gender-related themes. Suggestions for classroom discussions—with selected works for further study—are incorporated into the entries. The volume is organized alphabetically by title and includes both author and subject indexes. An appendix of gender-related themes further enhances this volume's usefulness for curriculum applications and student research projects.

robert diyanni literature second edition: Helpmates, Harlots, and Heroes, Second Edition Alice Ogden Bellis, 2007-07-03 This best-selling book, now revised and updated, shares the work of many feminist biblical scholars who have examined women's stories for several years. These stories are powerful accounts of women in the Old Testament--stories that have profoundly affected how women understand themselves as well as men's perception of them. Here, Alice Bellis shares the research of feminist biblical scholarship during a quarter of a century, which renders a vast amount of refreshing, exciting, sometimes disturbing material.

robert diyanni literature second edition: Drama Robert DiYanni, 2000 This anthology features a presentation of the elements of drama along with a three-part pedagogy. Drama also includes coverage of writing about drama.

robert diyanni literature second edition: Ibsen and the Greeks Norman Rhodes, 1995 Was Ibsen influenced by Greek culture? Were allusions to the Greeks configured in the Norwegian playwright's works? According to author Norman Rhodes, whether consciously or unconsciously, many of Ibsen's plays are encoded with veiled references to ancient Greek culture. Rhodes also postulates that Ibsen's perception of the importance of the Greeks was most likely mediated to him through German Romanticism and Scandinavian culture. According to Rhodes, numerous echoes of Greek literature resonate in such early Ibsen plays as *Catiline*, *The Warrior's Barrow*, *Olaf Liljerkrans*, and *Love's Comedy*. Ibsen's *Brand* and *Peer Gynt* are a dialectic pair which in key ways are suggestive of Homer's *Iliad* and *Odyssey*, *A Doll House* has important parallels with Sophocles' *Antigone*, and *An Enemy of the People* correlates with both Plato's *Apology* and Sophocles' *Oedipus Tyrannos*. Moreover, a Euripidean sense of fatal irrationality seems inscribed in Ibsen's final plays: the protagonists John Rosmer, Hedda Gabler, Master Builder Solness, John Gabriel Borkman, and the sculptor Rubek all destroy themselves.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. robert diyanni literature second edition: The Kipling Journal , 2011

robert diyanni literature second edition: Books and Readers in Early Modern England Jennifer Andersen, Elizabeth Sauer, 2012-07-28 *Books and Readers in Early Modern England* examines readers, reading, and publication practices from the Renaissance to the Restoration. The essays draw on an array of documentary evidence—from library catalogs, prefaces, title pages and dedications, marginalia, commonplace books, and letters to ink, paper, and bindings—to explore individual reading habits and experiences in a period of religious dissent, political instability, and cultural transformation. Chapters in the volume cover oral, scribal, and print cultures, examining the emergence of the public spheres of reading practices. Contributors, who include Christopher Grose,

Ann Hughes, David Scott Kastan, Kathleen Lynch, William Sherman, and Peter Stallybrass, investigate interactions among publishers, texts, authors, and audience. They discuss the continuity of the written word and habits of mind in the world of print, the formation and differentiation of readerships, and the increasing influence of public opinion. The work demonstrates that early modern publications appeared in a wide variety of forms—from periodical literature to polemical pamphlets—and reflected the radical transformations occurring at the time in the dissemination of knowledge through the written word. These forms were far more ephemeral, and far more widely available, than modern stereotypes of writing from this period suggest.

robert diyanni literature second edition: *Revision* Alice Horning, Anne Becker, 2006-05-22 Explores the wide range of scholarship on revision while bringing new light to bear on enduring questions in composition and rhetoric.

robert diyanni literature second edition: *South Atlantic Review* , 1989

robert diyanni literature second edition: *Literature, Film, and Their Hideous Progeny* Julie Grossman, 2015-09-01 This book posits adaptations as 'hideous progeny,' Mary Shelley's term for her novel, *Frankenstein*. Like Shelley's novel and her fictional Creature, adaptations that may first be seen as monstrous in fact compel us to shift our perspective on known literary or film works and the cultures that gave rise to them.

robert diyanni literature second edition: *Critical Reading Across the Curriculum, Volume 1* Robert DiYanni, Anton Borst, 2017-05-01 Powerful strategies, tools, and techniques for educators teaching students critical reading skills in the humanities. Every educator understands the importance of teaching students how to read critically. Even the best teachers, however, find it challenging to translate their own learned critical reading practices into explicit strategies for their students. *Critical Reading Across the Curriculum: Humanities, Volume 1* presents exceptional insight into what educators require to facilitate critical and creative thinking skills. Written by scholar-educators from across the humanities, each of the thirteen essays in this volume describes strategies educators have successfully executed to develop critical reading skills in students studying the humanities. These include ways to help students: focus actively re-read and reflect, to re-think, and re-consider understand the close relationship between reading and writing become cognizant of the critical importance of context in critical reading and of making contextual connections learn to ask the right questions in critical reading and reasoning appreciate reading as dialogue, debate, and engaged conversation In addition, teachers will find an abundance of innovative exercises and activities encouraging students to practice their critical reading skills. These can easily be adapted for and applied across many disciplines and course curricula in the humanities. The lifelong benefits of strong critical reading skills are undeniable. Students with properly developed critical reading skills are confident learners with an enriched understanding of the world around them. They advance academically and are prepared for college success. This book arms educators (librarians, high school teachers, university lecturers, and beyond) with the tools to teach a most paramount lesson.

robert diyanni literature second edition: *Ottomiller's Index to Plays in Collections* John Henry Ottomiller, Denise L. Montgomery, 2011-08-11 The standard location tool for full-length plays published in collections and anthologies in England and the United States since the beginning of the 20th century, *Ottomiller's Index to Plays in Collections* has undergone seven previous editions, the latest in 1988, covering 1900 through 1985. In this new edition, Denise Montgomery has expanded the volume to include collections published in the entire English-speaking world through 2000 and beyond. This new volume lists more than 3,500 new plays and 2,000 new authors, as well as birth and/or death information for hundreds of authors. Representing the largest expansion between editions, this updated volume is a valuable resource for libraries worldwide.
