

what political party is ben shapiro

****What Political Party Is Ben Shapiro? Exploring the Conservative Voice in American Politics****

what political party is ben shapiro is a question that often comes up for those curious about the political alignment of this influential commentator. Known for his sharp wit, quick debates, and articulate conservative viewpoints, Ben Shapiro has become a prominent figure in American political discourse. But beyond his media presence, many wonder exactly where he fits on the political spectrum and which party he aligns with. In this article, we'll dive into Ben Shapiro's political affiliations, his ideological leanings, and how his views resonate within the broader landscape of American politics.

Understanding Ben Shapiro's Political Identity

Ben Shapiro is widely recognized as a conservative commentator and political analyst. His commentary often emphasizes traditional conservative principles, such as limited government, free-market economics, strong national defense, and individual liberties. While he is not an elected official and does not hold a formal position within any political party, his public statements and writings provide clear insight into his political philosophy.

Conservative Roots and Libertarian Influences

Shapiro's political outlook is primarily conservative, but with notable libertarian influences. He champions free speech and personal responsibility, which are hallmarks of libertarian thought, yet he also supports conservative social values, such as opposition to abortion and advocacy for family structure. This blend makes his political stance nuanced but firmly anchored in the right-leaning spectrum.

His critique of progressive policies and emphasis on constitutional originalism align him closely with the Republican Party's mainstream conservatism. However, Shapiro often critiques both parties when he believes they stray from principles he values, showcasing a commitment to ideology over strict party loyalty.

Ben Shapiro and the Republican Party

When exploring what political party is Ben Shapiro associated with, it's important to note that he is often considered a Republican-leaning conservative. He frequently supports Republican candidates and policies, especially those that advocate for deregulation, lower taxes, and conservative social norms.

Support for Republican Policies

Shapiro's commentary often praises Republican stances on issues such as:

- Tax reform and economic conservatism
- Second Amendment rights
- Opposition to expansive welfare programs
- Strong border security and immigration control

These positions reflect core Republican platforms, and Shapiro's advocacy helps solidify his image as a conservative voice aligned with the party's ideals.

Criticism of Both Parties

Though generally aligned with Republicans, Shapiro is not shy about criticizing the GOP when he feels it compromises on conservative principles. He has, for instance, expressed frustration with certain Republican politicians whom he perceives as too moderate or willing to engage in political expediency. On the Democratic side, his critiques are often more pointed, focusing on what he views as left-wing excesses and radical progressivism.

This independent streak shows that while Shapiro is politically conservative, his loyalty is more to ideology than to party machinery.

How Ben Shapiro's Political Views Influence His Media Presence

Ben Shapiro's political party alignment deeply influences his role as a media figure. As the co-founder of The Daily Wire, a conservative news and opinion website, Shapiro has created a platform that amplifies conservative perspectives and challenges mainstream media narratives.

The Daily Wire and Conservative Media

The Daily Wire has become a central hub for conservative commentary, blending news coverage with opinion pieces that often align with Republican values. Shapiro's own podcast and videos frequently tackle current political events, dissect legislation, and debate cultural issues from a conservative lens.

His ability to communicate complex political ideas in an engaging and accessible way has earned him a large following, particularly among younger conservatives who seek an alternative to traditional media outlets.

Impact on Political Discourse

By positioning himself as a staunch conservative commentator, Shapiro has influenced political discourse beyond just party lines. His debates, speeches, and writings contribute to shaping conservative thought and mobilizing support for Republican candidates and causes. His emphasis on logical argumentation and evidence-based discussion resonates with audiences tired of partisan rhetoric.

Common Misconceptions About Ben Shapiro's Political Affiliation

Given his outspoken nature, there are often misconceptions about what political party Ben Shapiro truly represents. Some mistakenly assume he is a strict Republican operative, while others label him as a far-right extremist. Understanding these nuances is key to grasping his actual political identity.

Not a Politician, But a Political Commentator

It's important to clarify that Ben Shapiro is not a politician nor formally affiliated with any political party as a member or officeholder. Instead, he is a commentator whose work supports conservative ideas. This distinction means he can critique and analyze parties without being tied down by party loyalty or political strategy.

Beyond the Left-Right Divide

Though his views are conservative, Shapiro often positions himself as a defender of classical liberal values like free speech and individual liberty — principles that transcend simple partisan divides. This can sometimes confuse audiences who expect political figures to fit neatly into party boxes.

Why Knowing What Political Party Is Ben Shapiro Matters

Understanding Ben Shapiro's political party alignment helps clarify the context of his commentary and the audience he appeals to. For those engaging with political media,

recognizing his conservative perspective allows for a more informed consumption of his arguments and critiques.

For Conservative Audiences

Conservatives often look to Shapiro for intellectual reinforcement of their beliefs and as a source of counterpoints to liberal narratives. Knowing his alignment helps them identify him as a reliable voice within their ideological community.

For Political Opponents and Observers

Those with differing views can better understand the conservative arguments Shapiro presents, allowing for more productive debates and discussions. Recognizing his position within the Republican-leaning conservative framework clarifies the motivations behind his critiques and policy preferences.

Ben Shapiro's Broader Influence on Political Conversations

Beyond party labels, Ben Shapiro plays a significant role in shaping political conversations, especially among young conservatives and politically engaged audiences online.

Engaging Youth and New Media

Shapiro's use of podcasts, YouTube videos, and social media platforms has revolutionized how conservative ideas are spread. His articulate style and rapid-fire debating skills attract viewers and listeners who might otherwise avoid traditional political commentary.

Encouraging Critical Thinking

One hallmark of Shapiro's approach is his focus on logic and reasoning, encouraging audiences to think critically about political issues rather than rely solely on emotional appeals or partisan talking points. This has contributed to a more robust discussion within conservative circles.

In exploring what political party is Ben Shapiro aligned with, it becomes clear that he is a vocal conservative commentator who generally supports Republican principles but

maintains an independent, ideologically driven perspective. His influence extends beyond party politics, shaping how conservative ideas are communicated and debated in the modern media landscape. Whether you agree with him or not, understanding his political stance provides valuable insight into one of today's most prominent political voices.

Frequently Asked Questions

****Understanding the Political Affiliation of Ben Shapiro: A Comprehensive Analysis****

what political party is ben shapiro is a question that frequently arises among followers of American political commentary and media. Known for his sharp rhetoric and conservative viewpoints, Ben Shapiro has become one of the most recognizable voices in contemporary political discourse. However, pinpointing his exact political party affiliation is less straightforward than it might appear at first glance. This article delves into Shapiro's ideological leanings, public statements, and the broader political context to offer a nuanced understanding of his political alignment.

Ben Shapiro's Political Identity: Beyond Party Labels

Ben Shapiro, a conservative political commentator, author, and media personality, is often associated with the Republican Party due to his conservative stances on cultural, economic, and social issues. Yet, Shapiro himself has expressed reservations about strictly aligning with any political party. Instead, he identifies more with a set of ideological principles rooted in classical conservatism and libertarianism rather than formal party membership.

This distinction is crucial for understanding the complexity behind the question, "what political party is ben shapiro." While Shapiro's viewpoints frequently complement Republican policies, especially on limited government, free-market economics, and traditional values, he has also criticized elements within the Republican Party, particularly when he perceives them as straying from conservative principles.

Conservative Principles That Define Shapiro's Stance

At the core of Ben Shapiro's political ideology are several key themes commonly associated with conservative thought:

- **Limited Government:** Shapiro advocates for a government that is restrained in its powers, emphasizing personal responsibility and free enterprise.
- **Free Speech:** A staunch defender of the First Amendment, Shapiro often critiques

what he sees as censorship or political correctness in American society.

- **Traditional Values:** He promotes Judeo-Christian values and often discusses the importance of family structures and cultural heritage.
- **Strong National Defense:** Shapiro supports a robust military and a foreign policy that prioritizes American interests.

These principles align closely with many Republican Party platforms, which is why Shapiro is frequently labeled a conservative Republican commentator. However, his approach is more ideologically driven than strictly partisan.

Ben Shapiro and the Republican Party: Alignment and Divergence

Ben Shapiro's relationship with the Republican Party is multifaceted. Although he generally supports Republican candidates and policies, he does not officially affiliate with the party. His commentary often reflects a willingness to critique Republican figures when their actions diverge from conservative values.

Areas of Alignment

- **Economic Policy:** Shapiro advocates for lower taxes, deregulation, and free-market capitalism, aligning with mainstream Republican economic policies.
- **Judiciary and Law:** He supports conservative judicial appointments and a strict interpretation of the Constitution, mirroring Republican priorities in the court system.
- **Abortion and Social Issues:** Shapiro is vocally pro-life, opposing abortion rights—a stance shared by many Republican voters and officials.

Points of Criticism and Nuance

Despite these alignments, Shapiro has occasionally expressed criticism of Republican leadership and strategies:

- **Populism and Trumpism:** While Shapiro supported many of Donald Trump's policies, he has criticized Trump's rhetoric and style, viewing it as potentially

damaging to conservative principles and political discourse.

- **Immigration:** Shapiro supports legal immigration but is critical of illegal immigration, a position that does not always align perfectly with Republican factions advocating for more hardline policies.
- **Party Strategy:** He has openly questioned the Republican Party's approach to outreach and messaging, urging the party to focus more on conservative ideas rather than personality-driven politics.

These nuances indicate that Shapiro's political identity is not a simple reflection of Republican orthodoxy but rather a personalized interpretation of conservatism.

The Role of Media and Public Perception in Shapiro's Political Party Association

The question "what political party is ben shapiro" is often influenced by how media outlets and public discourse frame his commentary. As the founder of The Daily Wire, a conservative media company, Shapiro's platform is frequently associated with right-wing politics. This association reinforces the perception that he is a Republican figure, although his role is more that of a commentator and thought leader than a party official.

Media Influence and Shapiro's Brand

Ben Shapiro's media presence has enhanced his visibility as a conservative voice, but it is important to distinguish between ideological branding and formal political affiliation. His podcasts, books, and speeches promote conservative ideas, which naturally resonate with Republican audiences, but he has not run for office nor publicly declared membership in the Republican Party.

Impact on Conservative and Republican Discourse

Shapiro's influence extends beyond partisan lines, affecting broader conservative discourse in the United States. His critiques of both the Democratic Party and the Republican establishment have sparked debate about the future direction of conservatism, highlighting tensions within the political right and the evolving identity of the Republican Party itself.

Comparisons with Other Conservative Figures

To further contextualize Shapiro's political party association, it is useful to compare him with other prominent conservative commentators and politicians.

- **Tucker Carlson:** Like Shapiro, Carlson is a conservative commentator aligned with the Republican Party but often critical of its leadership. However, Carlson's populist rhetoric contrasts with Shapiro's more classical conservative style.
- **Ann Coulter:** Coulter is a conservative political commentator known for provocative statements and close alignment with Republican agendas, often taking a more hardline stance than Shapiro.
- **Ben Sasse:** Sasse is a Republican senator known for his principled conservatism, similar to Shapiro's ideological purity, but Shapiro operates within the media rather than electoral politics.

These comparisons highlight that while Shapiro shares many values with Republican figures, his political expression is largely shaped by media commentary rather than direct party involvement.

Conclusion: A Conservative Voice With a Complex Political Identity

The inquiry into **what political party is ben shapiro** reveals a complex intersection of ideology, media influence, and political affiliation. While Shapiro espouses conservative principles that align closely with the Republican Party, he remains an independent commentator rather than a formal party member. His critical stance on some Republican tactics and figures further complicates a simple partisan label.

Ultimately, Ben Shapiro represents a brand of conservatism that transcends strict party boundaries, influencing the broader right-wing landscape in America. For those seeking to understand his political party affiliation, it is essential to recognize the nuances of his ideological commitments and his role as a media figure shaping contemporary conservative thought.

[What Political Party Is Ben Shapiro](#)

what political party is ben shapiro: Summary of Ben Shapiro's The Authoritarian Moment Milkyway Media, 2021-09-14 Buy now to get the main key ideas from Ben Shapiro's The Authoritarian Moment In The Authoritarian Moment (2021), conservative commentator Ben Shapiro sets out to expose the authoritarian Left, its many tactics to silence its conservative opposition, and how it has become so powerful in today's social media-driven landscape. Shapiro believes that an authoritarian regime is laying siege to the foundations of American life, and it is the country's own

radical Left that leads it. Some Americans may be surprised that left-wing Democrats are responsible for creating an authoritarian regime in America, but their lust for power has driven them to carry out tactics normally identified with foreign dictatorships. Controlling the media, renormalizing American institutions, and silencing their opposition has caused extreme polarization within the country, and is leading to a dystopian future where anyone opposing the radical Left's woke ideologies will be cast out and severely punished.

what political party is ben shapiro: *Thou Shalt Not Be a Jerk* Eugene Cho, 2020-03-01 According to Eugene Cho, Christians should never profess blind loyalty to a party. Any party. But they should engage with politics, because politics inform policies which impact people. In *Thou Shalt Not Be a Jerk: A Christian's Guide to Engaging Politics*, Cho encourages readers to remember that hope arrived—not in a politician, system, or great nation—but in the person of Jesus Christ. With determination and heart, Cho urges readers to stop vilifying those they disagree with—especially the vulnerable—and asks Christians to follow Jesus and reflect His teachings. In this book that integrates the pastoral, prophetic, practical, and personal, readers will be inspired to stay engaged, have integrity, listen to the hurting, and vote their convictions. “When we stay in the Scriptures, pray for wisdom, and advocate for the vulnerable, our love for politics, ideology, philosophy, or even theology, stop superseding our love for God and neighbor.”

what political party is ben shapiro: Culture Wars, Universities, and the Political Unconscious Robert Samuels, 2024-06-01 This book argues that whenever we are talking about cancel culture, identity politics, political correctness, antisemitism, conspiracy theories, or the alt-Right, we are dealing with a culture war, which often pits two sides against each other in a split world of good and evil. These political representations rely on a set of unconscious processes best understood through psychoanalysis. As this book argues, if you want to comprehend the rhetoric of the Right, the Left, conservatives, and centrists, it is necessary to see how these ideologies rely on unacknowledged defense mechanisms, fantasies, fears, and desires. In fact, if we do not employ psychoanalytic concepts to examine our political investments, we will be unable to get to the root causes driving these social productions. Each chapter of this book looks at a specific writer's or politician's take on contemporary culture wars. One of the reoccurring themes concerns the way free speech has been weaponized by different ideological formations, and this battle over free expression is often centered on the role that universities play in balancing the demands among competing social interests. This book will not only clarify what universities should be, but it will also help us to move beyond our polarized political world.

what political party is ben shapiro: Dixiegops Michelle H. Davis, 2021-07-30 Published in December 1947, “To Secure These Rights” was a report from President Harry S. Truman's Committee on Civil Rights. One political commentator called it “the most mischievous document published since the Communist Manifesto.” Nevertheless, President Truman spent the subsequent years pushing Congress to pass civil rights legislation. However, Conservative Democrats from the once Confederate States saw Truman's push for equality as a betrayal. In 1948, the Southern Democrats bolted from the Democratic Party and began a third party, the Dixiecrats. Their 1948 campaign was unsuccessful, but the Dixiecrats had an unyielding dedication to white supremacy. Northern Liberal Democrats sided with President Truman on civil rights, which drove a wedge between the Conservative and Liberal wings of the Democratic Party. Simultaneously, the Liberal and Conservative factions of the Republican Party experienced infighting and an ideological split over labor, specifically the Taft-Hartley Act. Initially driven by a hatred for President Truman, Conservative Democrats (Dixiecrats) and Conservative Republicans teamed up in Congress to pass or block legislation beneficial to each one. Conservative Republicans helped the Dixiecrats block civil rights bills, and in return, the Dixiecrats helped Conservative GOP members stop pro-union bills. The unholy union between the Conservatives of both parties became known as the Dixiecrat-Republican Coalition, sometimes called the “Dixiegops” in newspapers. The Coalition lasted for decades, through multiple presidents, and had long-lasting repercussions in American politics.

what political party is ben shapiro: *The Hollow Parties* Daniel Schlozman, Sam Rosenfeld, 2025-10-28 A major history from the Founding to our embittered present that “explains the void” (Politico) at the center of America’s political parties Featured on The Ezra Klein Show and The Weekly Show with Jon Stewart America’s political parties are hollow shells of what they could be, locked in a polarized struggle for power and unrooted as civic organizations. The Hollow Parties takes readers from the rise of mass party politics in the Jacksonian era through the years of Barack Obama and Donald Trump. Today’s parties, at once overbearing and ineffectual, have emerged from the interplay of multiple party traditions that reach back to the Founding. Daniel Schlozman and Sam Rosenfeld paint unforgettable portraits of figures such as Martin Van Buren, whose pioneering Democrats invented the machinery of the mass political party, and Abraham Lincoln and other heroic Republicans of that party’s first generation who stood up to the Slave Power. And they show how today’s fractious party politics arose from the ashes of the New Deal order in the 1970s. Activists in the wake of the 1968 Democratic National Convention transformed presidential nominations but failed to lay the foundations for robust, movement-driven parties. Instead, modern American conservatism hollowed out the party system, deeming it a mere instrument for power. Party hollowness lies at the heart of our democratic discontents. With historical sweep and political acuity, *The Hollow Parties* offers powerful answers to pressing questions about how the nation’s parties became so dysfunctional—and how they might yet realize their promise.

what political party is ben shapiro: *Populism in Power* Giorgos Venizelos, 2023-05-09 Shifting attention away from policy achievements and effects on democracy, this book focuses on the charismatic function of populist discourse – comprising antagonistic narratives, transgressive style and appeals to the common people. The book puts forward an integrative approach that brings together discourse analysis, analysis of digital media, in-depth interviews and ethnographic methods, and places into comparative perspective the cases of SYRIZA in Greece and Donald Trump in the United States. Theorising populism through the lens of collective identification, Venizelos places the rhetorical and emotional dynamics of populist performativity at the core of the analysis, offering a rigorous yet flexible conceptualisation of populism in power. Against theoretical expectations, findings suggest that both SYRIZA and Trump retained, to different degrees, their populist character in power, although their style and vision differed vastly. This book urges researchers, journalists and politicians to adopt a reflexive approach to analysing the political implications of populism for politics, polity and society, and to challenge the normatively charged definitions that are uncritically reproduced in the public sphere. It will appeal to researchers of political theory, populism, comparative politics, sociologists and ethnographers.

what political party is ben shapiro: *When Islam Is Not a Religion* Asma T Uddin, 2019-07-09 American Muslim religious liberty lawyer Asma Uddin has long considered her work defending people of all faiths to be a calling more than a job. Yet even as she seeks equal protection for Evangelicals, Sikhs, Muslims, Native Americans, Jews, and Catholics alike, she has seen an ominous increase in attempts to criminalize Islam and exclude Muslim Americans from those protections. Somehow, the view that Muslims aren’t human enough for human rights or constitutional protections is moving from the fringe to the mainstream—along with the claim “Islam is not a religion.” This conceit is not just a threat to the First Amendment rights of American Muslims. It is a threat to the freedom of all Americans. Her new book reveals a significant but overlooked danger to our religious liberty. Woven throughout this national saga is Uddin’s own story and the stories of American Muslims and other people of faith who have faced tremendous indignities as they attempt to live and worship freely. Combining her experience of Islam as a religious truth and her legal and philosophical appreciation that all individuals have a right to religious liberty, Uddin examines the shifting tides of American culture and outlines a way forward for individuals and communities navigating today’s culture wars.

what political party is ben shapiro: *The Intellectual Dark Web* Jamie Q Roberts, 2025-03-17 Outside of the progressive academics and activists whose ideology came to dominate the West in the second decade of the twenty-first century, arguably no group influenced public discourse

as much as the Intellectual Dark Web. Challenging the restrictive and relativistic intellectual and cultural orthodoxies on the left that engulfed universities, the media, and big tech, this group &- a loose collective of politically diverse intellectuals, commentators, and scholars critical of political correctness, identity politics, and cancel culture &- relied on alternative platforms like podcasts, digital magazines, and YouTube to advocate for free speech, universal rights, and individual liberty. While the term is most commonly identified with Jordan Peterson, Sam Harris, Ben Shapiro, Claire Lehmann, Douglas Murray, and Joe Rogan, as author Jamie Q Roberts shows, the group's concerns and philosophy extended more broadly to include a wide range of individuals who helped mainstream critiques of "woke" culture and a robust defense of free speech, including Steven Pinker, Jonathan Haidt, Ayaan Hirsi Ali, Stephen Fry, and Elon Musk. Although the Intellectual Dark Web's coherence began to unravel in the early 2020s due to internal differences, such as over the response to COVID-19 and climate change, it played a determining role in changing the politico-cultural landscape, influencing both electorally successful right-wing platforms and playing a major role in the rise of an independent media ecosystem that is today in many ways more influential than mainstream media. Indeed, as Roberts argues, the Intellectual Dark Web's full legacy and historical impact is yet to be determined. The ideas and principles its members championed continue to define not only the ongoing effort to protect universal rights and individual freedoms but also the current and future direction of global policy and politics.

what political party is ben shapiro: Beyond the Big Lie Bill Adair, 2024-10-15 Bill Adair, Pulitzer Prize winner, journalism professor, and founder of Politifact, presents an eye-opening and engaging history of political liars and a vision for how to make them stop. Bill Adair knows a lie when he hears one. Since 2008, the site he founded, PolitiFact, has been the go-to spot for media members and political observers alike to seek the truth in an increasingly deceitful world. Since the site's launching, politics' tenuous relationship with the truth has only gotten weaker—and weirder. In this groundbreaking book, Adair reveals how politicians lie and why. Relying on dozens of candid interviews with politicians, political operatives, and experts in misinformation, Adair reveals the patterns of lying, why Republicans do it more, and the consequences for our democracy. He goes behind the scenes to describe several episodes that reveal the motivations and tactics of the nation's political liars, show the impact they have on people's lives, and demonstrate how the problem began before Donald Trump and will continue after he's gone. Adair examines how Republicans have tried to change the landscape to allow their lying by intimidating the news media, people in academia and government, and tech companies. An award-winning journalist and pioneer in political fact-checking, Adair is uniquely able to tell this story. With humor and insight, this remarkable book unpacks the sad state of our politics, but also, provides solutions to put an end to American political deceit once and for all.

what political party is ben shapiro: Embracing Dissent Jeffrey S. Selinger, 2016-03-31 While the American founders fully expected parties to form in a free society, they were far less certain that opposing parties would peacefully transfer power from one to another. Party formation presented a confounding problem for the new republic: party rivalries could not be prevented, but they might, nonetheless, catalyze civil disorder or fracture the union of the states. The status of political parties has come a long way in American society and politics, however, and today American democracy is inconceivable without them. How did party competition become a regular and normal feature of the American political landscape? Why did American political leaders, who viewed such rivalry as a harbinger of the new republic's destruction, come to terms with party opposition? *Embracing Dissent* tells this story of political transformation, making the case that the status of party gained ground as the notion that party competition might instigate class violence, secession, or civil war, receded. From the American founding and the appearance of the Jacksonian Democratic party, to Lincoln's management of party politics during the Civil War, Jeffrey S. Selinger presents a careful reconsideration of American political development. *Embracing Dissent* also provides historical perspective on today's polarized political condition. Too often, pundits exaggerate the significance of partisan differences and minimize the depth of political consensus that permeates American politics.

Political observers casually use expressions like party conflict, forgetting, as the famed political scientist Giovanni Sartori noted, that public consensus on fundamental legal and constitutional norms makes party competition something less than conflict, as we endlessly if often too late rediscover whenever we are confronted with the reality of a people shooting at each other. Embracing Dissent reminds readers of the long history of Americans shooting at each other and describes the political events that disarmed them.

what political party is ben shapiro: Contemporary Far-Right Thinkers and the Future of Liberal Democracy A. James McAdams, Alejandro Castrillon, 2021-09-27 This book is the first systematic analysis of the efforts of a broad range of contemporary far-right thinkers to popularize their critiques of liberal-democratic norms and institutions and make their ideas the subjects of sustained political and academic debate. The book focuses on outspoken thinkers in western and eastern Europe, Russia, the United States, Canada, and Australia. They include Alain de Benoist, Guillaume Faye, Götz Kubitschek, Pat Buchanan, Fróði Midjord, Jason Jorjani, contributors to the online magazine Quillette, and the elusive personality known as the Bronze Age Pervert. The book explores the diverse intellectual foundations of these thinkers' positions, the similarities and differences in their ideas, and their prospects for influencing attitudes about democratic politics within their respective countries. It examines diverse movements and schools of thought, including the European New Right, Paleoconservatism, the Alt-right, Identitarianism, White nationalism, and antifeminism. Providing a much-needed global perspective, this book will be of considerable interest to students and scholars of populism, right-wing extremism, identity politics, fascism, racism, and conservatism.

what political party is ben shapiro: Finding Washington Richard Raines, 2022-06-03 With all the social, moral, and ethical turmoil in this country, what can Americans learn from George Washington that will help restore the values we hold so dear? In *Finding Washington: Why America Needs to Rediscover the Virtues of Her Most Essential Founding Father*, Richard Raines masterfully examines George Washington's life by retelling familiar stories and introducing stories most have never heard. Richard uses these historical accounts to identify virtues displayed by the first president and, through the use of humor, personal anecdotes, and social commentary, walks the reader through ways to revive these virtues in contemporary society. In *Finding Washington* you will discover * how Washington's biggest failure can help modern Americans, * how Washington's choice of clothing said more than words could ever say, * why Native Americans issued a prophecy about Washington, * why Washington's choice to race toward the British alone reveals the type of character needed in modern culture, and * how Washington stared down a would-be assassin and how his example of courage can inspire us. *Finding Washington: Why America Needs to Rediscover the Virtues of Her Most Essential Founding Father* is essential reading for those desiring to turn the rising tide of immorality in America and revive the virtues exhibited by George Washington. Readers will laugh, think, and be inspired as Richard invites you to join him and a growing chorus of like-minded people on this journey towards cultural change.

what political party is ben shapiro: The Party Crasher Joshua Ryan Butler, 2024-03-05 In this insightful, nonpartisan roadmap toward faithful political engagement and ultimate allegiance to Jesus, pastor Joshua Ryan Butler diagnoses the roots of political conflict tearing apart the church and prescribes a practical and prophetic way forward. "A must-read for any and all who seek the way of Jesus."—Jay Kim, pastor and author of *Analog Christian* Have you noticed a deeper level of political division in your community or church? If so, you're not alone. This powerful, accessible book exposes the religious nature of modern political movements and how they compete with faithfulness to Christ. Rather than retreat from the political realm, *The Party Crasher* will help you understand the politics of our age and equip you with the wisdom to faithfully navigate them. Key takeaways include: • How to develop a Christian posture for political life and promote unity in the church. • When to be bold. • How to identify and repent from our political idols. • How the way we worship can help us avoid division. This is not a book about putting politics aside, it's a book about putting politics in their place so that we might be better disciples of Jesus in whichever party or place we

find ourselves.

what political party is ben shapiro: Critical Race Theory and Its Critics Francesca A. López, Christine E. Sleeter, 2023 What and who is behind the attacks on Critical Race Theory? Why are attacks happening now, and what can be done about them? In Critical Race Theory and its Critics, Francesca López and Christine Sleeter provide readers with an overview of today's controversy, contextualizing the immediate precursors to the attacks on critical race theory and other equity-focused approaches in schools, as well as the organized reaction by conservative think tanks to undermine equity efforts. Contrary to claims by critics of critical race theory, research supports addressing racism in the classroom as part of a broader effort to ensure that all children thrive. Today's attacks, while new in form, are not new in substance and purpose, as an historical account of parallel efforts aimed at undermining equity shows. Given the recursive nature of attacks and the extent to which they have eroded policies aimed at eradicating systemic inequities, Critical Race Theory and its Critics concludes with evidence-based recommendations on messaging, organizing, and sharing of research--

what political party is ben shapiro: They Want to Kill Americans Malcolm Nance, 2022-07-12 NOW A NEW YORK TIMES, LOS ANGELES TIMES, USA TODAY AND GREAT LAKES INDEPENDENT BOOKSELLER ASSOCIATION BESTSELLER New York Times bestselling author, Malcolm Nance, offers a chilling warning on a clear, present and existential threat to our democracy... our fellow Americans "Malcolm Nance is one of the great unsung national security geniuses of the modern era. —Rachel Maddow To varying degrees, as many as 74 million Americans have expressed hostility towards American democracy. Their radicalization is increasingly visible in our day to day life: in neighbor's or family member's open discussion of bizarre conspiracy theories, reveling in the fantasy of mass murdering the liberals they believe are drinking the blood of children. These are the results of the deranged series of lies stoked by former President Donald Trump, made worse by the global pandemic. The first steps of an American fracture were predicted by Malcolm Nance months before the January 6, 2021 insurrection, heralding the start of a generational terror threat greater than either al-Qaeda or the Islamic State. Nance calls this growing unrest the Trump Insurgency in the United States or TITUS. The post-2020 election urge to return to a place of "normalcy"—to forget—is the worst response we can have. American militiamen, terrorists, and radicalized political activists are already armed in mass numbers and regularly missed in the media; principally because Trump's most loyal and violent foot soldiers benefit from the ultimate privilege—being white. They Want to Kill Americans is the first detailed look into the heart of the active Trump-led insurgency, setting the stage for a second nation-wide rebellion on American soil. This is a chilling and deeply researched early warning to the nation from a counterterrorism intelligence professional: America is primed for a possible explosive wave of terrorist attacks and armed confrontations that aim to bring about a Donald Trump led dictatorship.

what political party is ben shapiro: Higher Ground Brian P. Tilley, 2023-04-24 As quickly as an American, anti-racist consensus formed in the wake of George Floyd's death, it seemed to evaporate under the pressures of a highly polarized political system. How do we escape the trap of polarization to reconstruct a consensus for meaningful action against racism? In this book, the lessons of history, problems understanding modern racism, and American political parties' approaches to racism are analyzed from a person-centered, psychological perspective. The author prioritizes arguments and research findings that emphasize humanity and carry "moral weight:" the perspective must demonstrate how racism violates our fundamental sense of right and wrong. The author's analysis of research and history concludes that morality, humanity, and racism are interrelated and mutually influential. The author shows that moral conviction against racism increases the likelihood of meaningful change; this conviction is nurtured through a deeper understanding of the human costs of racism for all Americans. This is the path to higher ground where Americans can unite to pursue true equality.

what political party is ben shapiro: The Authoritarian Moment Ben Shapiro, 2021-07-27 New York Times Bestseller How far are Americans willing to go to force each other to fall in line?

According to the establishment media, the intelligentsia, and our political chattering class, the greatest threat to American freedom lies in right-wing authoritarianism. We've heard that some 75 million Americans who voted for Donald Trump represent the rise of American fascism; that conservatives have allowed authoritarianism to bloom in their midst, creating a grave danger for the republic. But what if the true authoritarian threat to America doesn't come from the political right, but from the supposedly anti-fascist left? There are certainly totalitarians on the political right. But statistically, they represent a fringe movement with little institutional clout. The authoritarian left, meanwhile, is ascendant in nearly every area of American life. A small number of leftists—college-educated, coastal, and uncompromising—have not just taken over the Democratic Party but our corporations, our universities, our scientific establishment, our cultural institutions. And they have used their newfound power to silence their opposition. The authoritarian Left is aggressively insistent that everyone must conform to its values, demanding submission and conformity. The dogmatic Left is obsessed with putting people in categories and changing human nature. Everyone who opposes it must be destroyed. Ben Shapiro looks at everything from pop culture to the Frankfurt school, social media to the Founding Fathers, to explain the origins of our turn to tyranny, and why so many seem blind to it. More than a catalog of bad actors and intemperate acts, *The Authoritarian Moment* lays bare the intolerance and rigidity creeping into all American ideology - and prescribes the solution to ending the authoritarianism that threatens our future.

what political party is ben shapiro: *The Quaking of America* Resmaa Menakem, 2022-04-12 The New York Times bestselling author of *My Grandmother's Hands* surveys America's deteriorating democracy and offers embodied practices to help us protect ourselves and our country. All of us need to read this book—and then act on it.”—Angela Rye, NPR political analyst and former CNN commentator Resmaa Menakem is one of our country's most gifted racial healers. His brilliant new book could not be more timely.—Michael Eric Dyson, author of *Entertaining Race* and *Long Time Coming* In *The Quaking of America*, therapist and trauma specialist Resmaa Menakem takes readers through somatic processes addressing the growing threat of white-supremacist political violence. Through the coordinated repetition of lies, anti-democratic elements in American society are working to incite mass radicalization, widespread chaos, and a collective trauma response in tens of millions of American bodies. Currently, most of us are utterly unprepared for this potential mayhem. This book can help prepare us—and possibly prevent further destruction. This preparation focuses not on strategy or politics, but on practices that can help us Build presence and discernment in our bodies Settle our bodies during the heat of conflict Maintain our safety, sanity, and stability in dangerous situations Heal our personal and collective racialized trauma Practice embodied social action Turn toward instead of on one another *The Quaking of America* is a unique and perfectly timed guide to help us navigate our widespread upheaval and build an antiracist culture.

what political party is ben shapiro: *Political Campaigning in the U.S.* David A. Jones, 2020-02-17 *Political Campaigning in the U.S.: Managing the Chaos* provides students with the latest insights into modern election campaign practices. It is premised on the idea that all Americans should understand how campaigns operate—how they collect information about voters, how they attempt to change what voters think about the candidates, and how they encourage voters to act in certain ways. An electoral campaign is a chaotic, short-term operation that must adapt to a complicated political landscape as well as deep-seeded psychological forces outside of its control. The ads they air, the media they manage, the data they gather, the doors on which they knock, the phone calls they make, the posts they share - all of these efforts can make small but measurable differences. Jones introduces students to the strategies and tools that campaigns employ in their attempt to win elections. It also uses academic research to assess which efforts are most promising for managing the chaos that is a modern campaign operation.

what political party is ben shapiro: *Think Again* Walter Sinnott-Armstrong, 2018 Our personal and political worlds are rife with arguments and disagreements, some of them petty and vitriolic. The inability to compromise and understand the opposition is epidemic today, from

countries refusing to negotiate, to politicians pandering to their base. Social media has produced a virulent world where extreme positions dominate. There is much demonization of the other side, very little progress is made, and the end result is further widening of positions. How did this happen, and what might be done to address it? Walter Sinnott-Armstrong says there is such a thing as a good argument: Reasonable arguments can create more mutual understanding and respect, and even if neither party is convinced by the other, compromise is still possible. Think Again shows the importance of good arguments and reveals common misunderstandings. Rather than a means to persuade other people or beat them in an intellectual competition, Sinnott-Armstrong sees arguments as an essential tool for constructive interaction with others. After showing how the failure of good arguments has led us to society's current woes, he shows readers what makes a good argument. In clear, lively, and practical prose, and with plentiful examples from politics, popular culture, and everyday life, Sinnott-Armstrong explains what defines an argument, identifies the components of good arguments as well as fallacies to avoid, and demonstrates what good arguments can accomplish. Armed with these tools, readers will be able to spot bad reasoning and bad arguments, and to advance their own views in a forceful yet logical way. These skills could even help repair our tattered civic culture.
