case histories season 3 cast: Shakespeare's Histories on Screen Jennie M. Votava, 2023-06-29 This volume reframes the critical conversation about Shakespeare's histories and national identity by bringing together two growing bodies of work: early modern race scholarship and adaptation theory. Theorizing a link between adaptation and intersectionality, it demonstrates how over the past thirty years race has become a central and constitutive part of British and American screen adaptations of the English histories. Available to expanding audiences via digital media platforms, these adaptations interrogate the dialectic between Shakespeare's cultural capital and racial reckonings on both sides of the Atlantic and across time. By engaging contemporary representations of race, ethnicity, gender, sexuality, disability and class, adaptation not only creates artefacts that differ from their source texts, but also facilitates the conditions in which race and its intersections in the plays become visible. At the centre of this analysis stand two landmark 21st-century history adaptations that use non-traditional casting: the British TV miniseries *The Hollow Crown* (2012, 2016) and the American independent film *H4* (2012), an all-Black Henry IV conflation. In addition to demonstrating how the 21st-century screen history illuminates both past and present constructions of embodied difference, these works provide a lens for reassessing two history adaptations from Shakespeare's 1990s box office renaissance, when actors of colour were first cast in cinematic versions of the plays. As exemplified by these formal adaptations' reappropriations of race in history, non-traditional Shakespearean casting practices are also currently shaping digital culture's conversations about race in non-Shakespearean period dramas such as *Bridgerton*.

case histories season 3 cast: *Historians on Housewives* Kacey Calahane, Jessica Millward, Max Speare, 2025-03-17 According to popular stereotype, Bravo reality television portrays vapid, one-dimensional characters tearing each other down for viewers' enjoyment. Whether *The Real Housewives* taps into our voyeuristic urges, our fascination with wealth and class, or the allure of

the sheer spectacle of grown women yelling at one another, the show is truly a cultural phenomenon—and a global one, with more than twenty international spin-offs. *Historians on Housewives* looks past the show's reputation as lowbrow, unscripted reality television and unveils deeper historical meanings behind some of Bravo's best-known programs and franchises. This collection of ten essays is both a celebration of the bizarre behavior of the *Real Housewives* and a critical theorizing of the importance of the shows and the *Housewives* themselves. *Historians on Housewives* explores relationships between historical topics and themes and some of Bravo's most iconic moments to demonstrate the usefulness of Bravo television as a tool for making history accessible. With contributions from scholars representing an impressive historical breadth, from the Roman Empire to the civil rights movement and beyond, the volume carves out a space for serious treatment of the franchise, fusing scholarship with pop culture to suggest interdisciplinary approaches for "doing history" that appeal to popular and academic audiences alike. Contributors are Nicole L. Anslover, Martina Baldwin, Emilie M. Brinkman, Marcia Chatelain, Jennifer C. Edwards, Jennifer M. Fogel, Tanisha C. Ford, Noah D. case histories season 3 cast: *Public Culture* Marguerite S. Shaffer, 2012-04-17 In the United States today many people are as likely to identify themselves by their ethnicity or region as by their nationality. In this country with its diversity and inequalities, can there be a shared public culture? Is there an unbridgeable gap between cultural variety and civic unity, or can public forms of expression provide an opportunity for Americans to come together as a people? In *Public Culture: Diversity, Democracy, and Community in the United States*, an interdisciplinary group of scholars addresses these questions while considering the state of American public culture over the past one hundred years. From medicine shows to the Internet, from the Los Angeles Plaza to the Las Vegas Strip, from the commemoration of the Oklahoma City bombing to television programming after 9/11, public sights and scenes provide ways to negotiate new forms of belonging in a diverse, postmodern community. By analyzing these cultural phenomena, the essays in this volume reveal how mass media, consumerism, increased privatization of space, and growing political polarization have transformed public culture and the very notion of the American public. Focusing on four central themes—public action, public image, public space, and public identity—and approaching shared culture from a range of disciplines—including mass communication, history, sociology, urban studies, ethnic studies, and cultural studies—*Public Culture* offers refreshing perspectives on a subject of perennial significance.
