

sapiens a graphic history volume 2 the pillars of civilization

****Sapiens: A Graphic History Volume 2 – The Pillars of Civilization****

sapiens a graphic history volume 2 the pillars of civilization takes readers on a captivating journey through the dawn of human societies and the complex structures that have shaped the world we live in today. Building on the foundation laid by the first volume, this graphic history dives deeper into the transformative period when scattered bands of hunter-gatherers began to settle, innovate, and create the frameworks of civilization. With its unique blend of visually striking illustrations and accessible storytelling, this volume offers a fresh perspective on the evolution of human culture, governance, and social organization.

Exploring the Core Themes of sapiens a graphic history volume 2 the pillars of civilization

At its heart, **sapiens a graphic history volume 2 the pillars of civilization** explores how early humans transitioned from nomadic lifestyles to complex societies. It examines the emergence of agriculture, the rise of cities, the development of writing, and the establishment of religion and governance systems. This volume encapsulates the critical moments when humanity laid down the "pillars" that would support increasingly intricate communities.

The Agricultural Revolution: Ground Zero of Civilization

One of the central themes in this volume is the Agricultural Revolution. Often described as the most significant turning point in human history, this era marked the shift from foraging to farming. **sapiens a**

graphic history volume 2 the pillars of civilization illustrates how cultivating crops and domesticating animals allowed humans to produce food surpluses, which in turn enabled population growth and the creation of permanent settlements.

The graphic format makes it particularly easy to understand the nuances of this transition, highlighting both its benefits and unintended consequences. For example, while farming allowed for stability and the development of cities, it also introduced new social hierarchies and labor divisions.

The Rise of Cities and Social Structures

As agricultural productivity increased, small villages expanded into bustling urban centers. sapiens a graphic history volume 2 the pillars of civilization vividly portrays the birth of the first cities like Uruk and Jericho, emphasizing their roles as hubs of trade, culture, and political power.

This volume also delves into how cities fostered new social structures. The illustrations bring to life the stratification of society, from rulers and priests to artisans and laborers. Readers gain insight into how these roles contributed to social cohesion but also sowed seeds of inequality – a theme still relevant in today's world.

How sapiens a graphic history volume 2 the pillars of civilization Enhances Understanding of Ancient Human Societies

What sets this volume apart is its ability to combine academic rigor with engaging storytelling and visual appeal. By integrating detailed artwork and narrative, it helps readers grasp complex concepts like the emergence of governance systems, economics, and religion without feeling overwhelmed.

The Development of Writing and Record Keeping

A fascinating section of sapiens a graphic history volume 2 the pillars of civilization focuses on the invention of writing. This breakthrough was pivotal in managing the complexities of growing societies. The book explains how early scripts, such as cuneiform, were used primarily for economic transactions, helping rulers keep track of resources and labor.

This theme is crucial because it underscores writing's role not just as a communication tool but as a foundation for law, literature, and culture. The graphic novel's visual storytelling makes the evolution of writing accessible and engaging for readers of all ages.

Religion and Myth as Social Glue

Another intriguing aspect covered is the role of religion and myth in unifying diverse groups of people. sapiens a graphic history volume 2 the pillars of civilization illustrates how shared beliefs and rituals provided a common identity and justified the authority of leaders.

Through compelling visuals, the book shows how early gods and religious practices reflected humans' attempts to understand the world and structure their societies. By weaving together anthropological insights with stunning art, this volume makes ancient spiritual life relatable and thought-provoking.

The Art and Science of Storytelling in sapiens a graphic history volume 2 the pillars of civilization

One of the standout features of sapiens a graphic history volume 2 the pillars of civilization is its masterful use of the graphic novel format to tell a complex historical narrative. The synergy between text and illustration enhances comprehension and retention, making it an excellent resource for both

casual readers and students.

Visualizing Complex Ideas

The illustrations do more than just depict events; they distill complicated ideas like social hierarchy, economic exchange, and political power into clear, engaging visuals. This approach helps readers visualize abstract concepts, such as the transition from kinship-based order to institutionalized governance.

Balancing Entertainment with Education

The book strikes a careful balance between being informative and entertaining. Its conversational tone invites readers into the story of humanity's early civilizations without jargon or dry exposition. Instead, it encourages curiosity and reflection through relatable characters, vivid scenes, and clever humor.

Why sapiens a graphic history volume 2 the pillars of civilization Matters Today

Understanding the pillars of civilization is not just about appreciating history; it's about recognizing the roots of many contemporary issues. sapiens a graphic history volume 2 the pillars of civilization helps readers see how ancient decisions continue to influence modern society.

Insights Into Social Organization and Inequality

By tracing the origins of social hierarchies and governance, this volume sheds light on the persistent

challenges of inequality and power dynamics. It invites readers to consider how systems established thousands of years ago still shape our political and economic landscapes.

Lessons on Sustainability and Innovation

The Agricultural Revolution, while revolutionary, also introduced environmental challenges and societal stresses. sapiens a graphic history volume 2 the pillars of civilization prompts us to think critically about how innovation affects sustainability, a lesson that resonates strongly in today's world of climate change and resource management.

Who Should Read sapiens a graphic history volume 2 the pillars of civilization?

This volume is perfect for anyone interested in history, anthropology, or sociology, but it's especially valuable for those who appreciate a visually rich narrative. Whether you're a student, educator, or casual reader, sapiens a graphic history volume 2 the pillars of civilization offers a fresh, accessible way to explore humanity's collective past.

Ideal for Visual Learners

If you find traditional history books dense or intimidating, the graphic novel format can make learning more enjoyable. The combination of images and concise text caters to visual learners and helps break down complex information into digestible parts.

A Great Supplement to Academic Study

Educators can also use this volume to complement more detailed textbooks, providing students with a broader context and stimulating discussions around the development of civilizations.

In the end, sapiens a graphic history volume 2 the pillars of civilization is much more than a history book; it is a vivid exploration of how human ingenuity and cooperation laid the groundwork for the societies we live in today. Its thoughtful presentation encourages readers to reflect on the enduring legacies of our ancestors and the shared journey of humanity.

Frequently Asked Questions

What is the main focus of 'Sapiens: A Graphic History Volume 2 - The Pillars of Civilization'?

'Sapiens: A Graphic History Volume 2 - The Pillars of Civilization' focuses on the development of human societies through the agricultural revolution, the rise of cities, and the establishment of social hierarchies and institutional structures that formed the foundation of modern civilizations.

Who are the authors of 'Sapiens: A Graphic History Volume 2' and what is their approach?

The book is co-authored by Yuval Noah Harari, David Vandermeulen, and Daniel Casanave. It uses a graphic novel format to make complex historical and anthropological concepts accessible and engaging through illustrations combined with Harari's insightful narrative.

How does Volume 2 of 'Sapiens: A Graphic History' differ from the first volume?

While Volume 1 covers the Cognitive Revolution and the emergence of Homo sapiens, Volume 2 delves into the Agricultural Revolution and the subsequent social, political, and economic changes that led to the pillars of civilization such as writing, religion, and governance.

What key themes are explored in 'The Pillars of Civilization'?

Key themes include the domestication of plants and animals, the creation of surplus food supplies, the formation of complex societies, the role of myths and shared beliefs in social cohesion, and the development of trade and writing systems.

Is 'Sapiens: A Graphic History Volume 2' suitable for readers new to history or anthropology?

Yes, the graphic format and clear storytelling make it highly accessible for readers new to history or anthropology, providing an engaging introduction to the major milestones in human civilization with visually appealing illustrations.

Additional Resources

****Sapiens: A Graphic History Volume 2 – The Pillars of Civilization****

sapiens a graphic history volume 2 the pillars of civilization continues the ambitious endeavor initiated by Yuval Noah Harari's original **Sapiens** and its graphic adaptation. This volume delves into the foundational structures that shaped human societies from scattered foragers into complex civilizations. As a blend of scholarly insight and accessible visual storytelling, this graphic history offers a compelling investigation into the social, economic, and political frameworks underpinning early human progress. Through vivid illustrations and concise narrative, it unpacks how humanity's shared myths, trade systems, and governance models became the pillars sustaining civilization.

Exploring the Core Themes of Civilization in Volume 2

Building upon the evolutionary context set in the first volume, **Sapiens: A Graphic History Volume 2 – The Pillars of Civilization** shifts focus toward the revolutionary changes in human organization. The volume meticulously examines the Agricultural Revolution's aftermath and the rise of cities, religion, and hierarchical systems. It investigates how shared beliefs and collective myths—what Harari terms “imagined orders”—became the scaffolding for cooperation among large groups of people who otherwise lacked personal acquaintance.

The graphic narrative effectively breaks down complex sociological and anthropological concepts into digestible segments. For readers interested in human history, this approach enhances engagement by combining academic rigor with the accessibility of visual storytelling. The book also highlights the interconnectedness of economic systems and social structures, revealing how the advent of currency, trade networks, and bureaucratic institutions fostered the growth of empires.

Illustrated Insights into Social Hierarchies and Governance

One of the volume's strengths lies in its portrayal of social stratification and political organization. **Sapiens a graphic history volume 2 the pillars of civilization** explores how early civilizations justified and maintained power through ideology, religion, and law. The graphic panels depict the emergence of kingship, priesthood, and legal codes, elucidating their roles in stabilizing societies and legitimizing authority. This visual approach helps demystify abstract concepts such as authority and social contract, making them accessible to a diverse audience.

Moreover, the volume does not shy away from the darker aspects of civilization-building. It addresses issues such as inequality, slavery, and imperial conquest with a critical lens, encouraging readers to consider the ethical trade-offs that accompanied humanity's progress. This balanced perspective is crucial for a nuanced understanding of history, avoiding the pitfalls of glorifying civilization's rise without acknowledging its costs.

Economic Foundations: From Barter to Money

A significant portion of the book is devoted to the evolution of economic systems. The transition from barter economies to the use of money is illustrated with clarity and depth, highlighting money's function as a universal medium of exchange and a symbol of trust. The graphic history traces the origins of coinage and credit, explaining how these innovations enabled larger and more complex economic interactions beyond local communities.

This section also explores the role of trade routes, market towns, and merchant classes in knitting together diverse populations. By visually mapping these networks, the book demonstrates the dynamic nature of early economies and how they contributed to cultural diffusion and technological advancement. Readers gain insight into the economic underpinnings of civilization that are often overlooked in traditional historical narratives.

Visual Storytelling as a Tool for Historical Understanding

The integration of detailed artwork with scholarly text is a hallmark of **Sapiens a graphic history volume 2 the pillars of civilization**. The illustrations serve not only as aesthetic enhancements but as pedagogical tools that reinforce and clarify the narrative. The use of timelines, infographics, and character-driven storytelling makes complex historical processes tangible.

This graphic format proves especially effective for visual learners and younger audiences, offering an engaging alternative to dense academic texts. Furthermore, it encourages critical thinking by presenting multiple perspectives and inviting readers to question established narratives. The visual medium also allows for the inclusion of subtle details and symbolism, enriching the reader's experience and understanding.

Comparative Perspectives on Ancient Civilizations

The volume does not limit itself to a single geographic region but adopts a comparative approach to civilization's pillars across Mesopotamia, Egypt, the Indus Valley, and China. By juxtaposing these societies, the book highlights both convergent and divergent paths in social organization, technology, and belief systems.

This comparative lens is valuable for appreciating the diversity of human ingenuity and the adaptability of shared concepts like governance and economy. It also underscores how environmental and cultural contexts influenced the development of distinct civilizations. Such a broad scope situates the story of civilization within a global framework, encouraging readers to think beyond Eurocentric historical models.

Pros and Cons of the Graphic History Approach

- **Pros:** Enhances accessibility of complex topics, engages visual learners, appeals to a wide demographic, and provides a fresh perspective on historical narratives.
- **Cons:** May oversimplify nuanced arguments, limited space for deep academic discussion, and potential loss of subtlety in translation from text to image.

Despite these limitations, the graphic history format remains a powerful educational tool, particularly when paired with supplementary reading.

Relevance to Contemporary Readers and Educational Value

In an era marked by rapid information consumption, *Sapiens a graphic history volume 2 the pillars of civilization* resonates by making foundational historical knowledge approachable without sacrificing intellectual depth. Its exploration of how humans constructed complex societies encourages reflection on modern institutions, cultural narratives, and economic systems.

Educators and students alike benefit from its clear presentation of pivotal moments in human history. The volume invites discussions on the origins of social inequality, the nature of power, and the role of collective imagination—topics with enduring relevance. By bridging past and present, the book fosters a critical understanding of how civilization's pillars continue to shape contemporary life.

The continued success of the *Sapiens* series, including this graphic adaptation, illustrates the public's appetite for thoughtful and visually compelling history. As a resource, it complements traditional textbooks and academic works, making it a valuable addition to libraries, classrooms, and personal collections.

Without imposing a final verdict, *Sapiens: A Graphic History Volume 2 – The Pillars of Civilization* stands as a noteworthy contribution to popular history, leveraging the synergy of illustration and scholarship to illuminate the enduring structures that support human society.

[Sapiens A Graphic History Volume 2 The Pillars Of Civilization](#)

sapiens a graphic history volume 2 the pillars of civilization: Sapiens: A Graphic History, Volume 2 Yuval Noah Harari, 2021-11-02 The ebook is designed to be read on devices with large color displays The Kindle edition is incompatible with iOS. See below for a list of supported devices. This second volume of Sapiens: A Graphic History, the full-color graphic adaptation of Yuval Noah Harari's #1 New York Times bestseller, focuses on the Agricultural Revolution—when humans fell into a trap we've yet to escape: working harder and harder with diminishing returns. What if humanity's major woes—war, plague, famine and inequality—originated 12,000 years ago, when Homo sapiens converted from nomads to settlers, in pursuit of the fantasy of productivity and efficiency? What if by seeking to control plants and animals, humans ended up being controlled by kings, priests, and Kafkaesque bureaucracy? Volume 2 of Sapiens: A Graphic History—The Pillars of Civilization explores a crucial chapter in human development: the Agricultural

Revolution. This is the story of how wheat took over the world; how an unlikely marriage between a god and a bureaucrat created the first empires; and how war, plague, famine, and inequality became an intractable feature of the human condition. But it's not all doom and gloom with this book's cast of entertaining characters and colorful humorous scenes. Yuval, Zoe, Prof. Saraswati, Cindy and Bill (now farmers), Detective Lopez, and Dr. Fiction, all introduced in Volume 1, once again travel the length and breadth of human history, this time investigating the impact the Agricultural Revolution has had on our species. The cunning Mephisto shows them how to ensnare humans, King Hammurabi lays down the law, and Confucius explains harmonious society. The origins of modern farming are introduced through Elizabethan tragedy; the changing fortunes of domesticated plants and animals are tracked in the columns of the Daily Business News; the story of urbanization is portrayed as a travel brochure, offering discount journeys to ancient Babylon and China; and the history of inequality unfolds in a superhero detective story; with guest appearances by historical and cultural personalities throughout such as Thomas Jefferson, Scarlett O'Hara, Margaret Thatcher, and John Lennon. *Sapiens: A Graphic History, Volume 2* is a radical, witty and colorful retelling of the story of humankind for adults and young adults, and can be read on its own or in sequence with Volume I.

sapiens a graphic history volume 2 the pillars of civilization: Sapiens: A Graphic History, Volume 3 Yuval Noah Harari, 2025-05-27 The third volume of *Sapiens: A Graphic History*: the epic, beautifully illustrated graphic history of humankind, based on Yuval Noah Harari's internationally bestselling phenomenon.

sapiens a graphic history volume 2 the pillars of civilization: Sapiens: A Graphic History, Volume 1 Yuval Noah Harari, 2020-10-27 Volume one of the epic, beautifully illustrated graphic history of humankind, based on Yuval Noah Harari's internationally bestselling phenomenon In a world deluged by irrelevant information, clarity is power. How can we see the big picture without getting caught up in an infinity of little details? One way is to step back, to look at the really big picture: the entire history of the human species. *Sapiens: A Graphic History, The Birth of Humankind* is the story of how an insignificant ape became the ruler of planet Earth, capable of splitting the atom, flying to the Moon, and manipulating the genetic code of life. With Yuval Noah Harari as your guide, and accompanied by characters like Prehistoric Bill, Dr. Fiction, and Detective Lopez, you are invited to take a ride on the wild side of history. The graphic format offers readers a new intellectual and artistic exploration of the past. Human evolution is reimagined as a tacky reality TV show. The first encounter between *Sapiens* and Neanderthals is explored through the masterpieces of modern art. The extinction of the mammoths and saber-toothed tigers is retold as a whodunit movie. *Sapiens: A Graphic History* is a radical, and radically fun, retelling of the story of humankind, bursting with wit, humor, and colorful characters. If you want to know why we are all trapped inside the dreams of dead people — read this book.

sapiens a graphic history volume 2 the pillars of civilization: Sapiens a Graphic History, Volume 1 Yuval Noah Harari, David Vandermeulen, 2020-11-12 The first volume of the graphic adaptation of Yuval Noah Harari's global phenomenon and smash Sunday Times #1 bestseller, with gorgeous full-colour illustrations and a beautiful package - the perfect gift for the curious beings in your life. One hundred thousand years ago, at least six different species of humans inhabited Earth. Yet today there is only one-homo sapiens. What happened to the others? And what may happen to us? In this first volume of the full-colour illustrated adaptation of his groundbreaking book, renowned historian Yuval Harari tells the story of humankind's creation and evolution, exploring the ways in which biology and history have defined us and enhanced our understanding of what it means to be human. From examining the role evolving humans have played in the global ecosystem to charting the rise of empires, *Sapiens* challenges us to reconsider accepted beliefs, connect past developments with contemporary concerns, and view specific events within the context of larger ideas. Featuring 256 pages of full-colour illustrations and easy-to-understand text covering the first part of the full-length original edition, this adaptation of the mind-expanding book furthers the ongoing conversation as it introduces Harari's ideas to a wider new readership.

sapiens a graphic history volume 2 the pillars of civilization: Sapiens A Graphic History,

Volume 3 Yuval Noah Harari, 2024-10-31 Sometimes history seems like a laundry list of malevolent monarchs, pompous presidents and dastardly dictators. But are they really the ones in the driving seat? Sapiens: A Graphic History Volume 3 - The Masters of History takes us on a hilarious ride through the past to discover the forces that change our world, bring us together, and - just as often - tear us apart. Grab a front-row seat to the greatest show on earth and explore the rise of money, religion and empire. Join our fabulous host Heroda Tush, as she wonders: which historical superhero will display the power to make civilisations rise and fall? Will Mr Random prove that luck and circumstance prevail? Will Lady Empire convince us of the irrefutable shaping force of conquerors? Or will Clashwoman beat them all to greatness by reminding us of the endless confrontations that seem to forever plague our species? This third instalment in the Sapiens: A Graphic History series is an engaging, insightful, and colourful retelling of the story of humankind. The perfect gift for curious minds of all ages! Praise for Yuval Noah Harari's Sapiens: 'I would recommend Sapiens to anyone who's interested in the history and future of our species.' Bill Gates 'Interesting and provocative . . . It gives you a sense of how briefly we've been on this Earth' Barack Obama 'Jaw-dropping from the first word to the last . . . It may be the best book I've ever read' Chris Evans

sapiens a graphic history volume 2 the pillars of civilization: Sapiens. Una historia gráfica. Vol. 2: Los pilares de la civilización / Sapiens: A Graphic History, Volume 2: The Pillars of Civilization Yuval Noah Harari, David Vandermeulen, Daniel Casanave, 2022-05-24 El esperado segundo volumen del cómic de Sapiens. ¿Qué sucedería si los humanos, doce mil años atrás, hubiésemos caído en una trampa de la que no hemos sido capaces de escapar? Sapiens. Una historia gráfica - Los pilares de la civilización explica cómo el Homo sapiens pasó de ser una especie nómada a una sedentaria y empezó a trabajar más duro sin mejorar su nivel de vida. Revela cómo el trigo se apoderó del mundo; cómo un improbable matrimonio entre un dios y un burócrata dio lugar a los primeros imperios; cómo la guerra, el hambre, las enfermedades y la desigualdad se convirtieron en parte esencial de la condición humana y por qué solo somos responsables de ello nosotros mismos. ¿Desolador? No con este elenco de divertidos personajes que continúan con el increíble viaje emprendido en el primer volumen. Yuval, Zoe, la profesora Saraswati, Cindy y Bill el Troglodita, la detective López y la Doctora Ficción recorren nuestra historia para investigar cómo la revolución agrícola cambió la sociedad para siempre. El astuto Mephisto nos muestra cómo engatusar a los humanos con plantas, cómo el rey Hammurabi establece la ley y cuál es la receta de Confucio para lograr una sociedad armoniosa. Los orígenes de la agricultura moderna se cuentan a través de la tragedia isabelina, la fortuna variable de las plantas y los animales domesticados se rastrean en las columnas del Daily Business News, y la historia de la desigualdad se narra como si se tratase de una novela de detectives súperhéroes. Esta novela gráfica constituye el segundo volumen de la adaptación radical, ingeniosa y colorida de Sapiens. Una breve historia de la humanidad, que ha vendido más de 18,5 millones de ejemplares en sesenta idiomas. Los pilares de la civilización puede leerse como continuación del primer volumen o de forma independiente, y pretende entretener a nuevos lectores y contribuir a explorar las formas en que la biología y la historia nos han definido y nos han ayudado a comprender lo que significa ser «humano». Si quieres averiguar por qué estamos todos atrapados en los sueños de nuestros ancestros, este es tu libro ideal.

sapiens a graphic history volume 2 the pillars of civilization: Sapiens Yuval Noah Harari, 2015-02-10 #1 New York Times Bestseller • New York Times Readers' Pick: Top 100 Books of the 21st Century • The Summer Reading Pick for President Barack Obama and Bill Gates Official U.S. edition with full color illustrations throughout. From renowned historian Yuval Noah Harari comes a groundbreaking narrative of humanity's creation and evolution—a #1 international bestseller—that explores the ways in which biology and history have defined us and enhanced our understanding of what it means to be "human." One hundred thousand years ago, at least six different species of humans inhabited Earth. Yet today there is only one—homo sapiens. What happened to the others? And what may happen to us? Most books about the history of humanity pursue either a historical or a biological approach, but Dr. Yuval Noah Harari breaks the mold with this highly original book that begins about 70,000 years ago with the appearance of modern cognition. From examining the role evolving humans have played in the global ecosystem to charting the rise of empires, Sapiens integrates history and science to reconsider accepted narratives, connect past developments with contemporary concerns, and examine specific events within the context of larger ideas. Dr. Harari also compels us to look ahead, because over the last few decades humans have begun to bend laws of natural selection that have governed life for the past four billion years. We are acquiring the ability to design not only the world around us, but also ourselves. Where is this leading us, and what do we want to become? Featuring 27 photographs, 6 maps, and 25 illustrations/diagrams, this provocative and insightful work is sure to spark debate and is essential reading for aficionados of Jared Diamond, James Gleick, Matt Ridley, Robert Wright, and Sharon Moalem.

sapiens a graphic history volume 2 the pillars of civilization: Sapiens Yuval N. Harari, David Vandermeulen, 2020 In the second Sapiens volume, Yuval Noah Harari tells the story of how we took over the world; how an unlikely marriage between a god and a bureaucrat created the first empires; and how war, famine, disease, and inequality became a part of the human condition. The origins of modern farming are introduced through Elizabethan tragedy, the changing fortunes of domesticated plants and animals are tracked in the columns of the Daily Business News, and the story of urbanization is told as a travel brochure offering discount journeys to ancient Babylon and China--Publisher's description.

sapiens a graphic history volume 2 the pillars of civilization: Sapiens Yuval Noah Harari, 2021-10-20 Für die optimale Leseerfahrung empfehlen wir ein Gerät mit Farbbildschirm zu verwenden. Sapiens kehrt zurück: Die Graphic Novel zu Yuval Noah Hararis Weltbestseller Eine kurze Geschichte der Menschheit geht nach dem großen Erfolg des Pilots in die zweite Staffel. Im ersten Band schwangen sich die frühen Sapiens zu Herren der Welt auf. Im zweiten Band werden sie von einem völlig unscheinbaren Lebewesen aufs Kreuz gelegt. Wer das war? Das erfahren Sie in Sapiens: Die Falle. Vor etwas mehr als 10.000 Jahren trafen einige Sapiens eine Entscheidung, die den Gang der Geschichte dramatisch verändern sollte: Sie fingen an, mit Weizen zu experimentieren. Bald war die Welt nicht mehr von einer relativ kleinen Zahl gesunder, gleicher und freier Jäger und Sammler bevölkert, sondern von einer sehr viel größeren Zahl hart arbeitender, schlecht ernährter und kranker Bauern. Die landwirtschaftliche Revolution legte die Grundlage für komplexere soziale und politische Gebilde. Königreiche und Imperien entstanden. Doch für die meisten Menschen wurde das Leben schlechter. Sie waren jetzt Sklaven des Weizens und mussten auf den Feldern Arbeiten verrichten, für die ihr Körper nicht gemacht war. Gleichzeitig kam die Ungleichheit in die Welt. Ohne die landwirtschaftliche Revolution gäbe es unseren heutigen Wohlstand nicht, aber er wurde möglich auf dem Rücken von Generationen unglücklicher Bauern.

sapiens a graphic history volume 2 the pillars of civilization: Unstoppable Us, Volume 2: Why the World Isn't Fair Yuval Noah Harari, 2025-09-02 NEW YORK TIMES BESTSELLER • From world-renowned historian and philosopher Yuval Noah Harari, the bestselling author of Sapiens, comes the second volume in the bestselling Unstoppable Us series that traces human development from the Agricultural Revolution to Prehistoric Egypt. Humans may have taken over the world, but what happened next? How did our hunter-gatherer ancestors become village farmers? Why were kingdoms and laws established? How did we go from being the rulers of Earth to the rulers of each

other? And why isn't the world fair? The answer to all of that is one of the strangest tales you'll ever hear. And it's a true story! From cultivating land and sharing resources to building pyramids and paying taxes, prepare to discover how humans established civilization, endured the consequences for it, and created history-changing inventions along the way. In *Unstoppable Us, Volume 1: How Humans Took Over the World*, acclaimed author Yuval Noah Harari explored the early history of humankind. In Volume 2, he is back with another expertly crafted story of how human society evolved and flourished. His dynamic writing is accompanied by maps, a timeline, and full-color illustrations, making the incredible story of our past fun, engaging, and impossible to put down.

sapiens a graphic history volume 2 the pillars of civilization: Sapiens and Homo Deus: The E-book Collection Yuval Noah Harari, 2017-02-21 *Sapiens and Homo Deus: The E-book Collection* has descriptive copy which is not yet available from the Publisher.

sapiens a graphic history volume 2 the pillars of civilization: Homo Deus Yuval Noah Harari, 2017-02-21 Official U.S. edition with full color illustrations throughout. NEW YORK TIMES BESTSELLER Yuval Noah Harari, author of the critically-acclaimed New York Times bestseller and international phenomenon *Sapiens*, returns with an equally original, compelling, and provocative book, turning his focus toward humanity's future, and our quest to upgrade humans into gods. Over the past century humankind has managed to do the impossible and rein in famine, plague, and war. This may seem hard to accept, but, as Harari explains in his trademark style—thorough, yet riveting—famine, plague and war have been transformed from incomprehensible and uncontrollable forces of nature into manageable challenges. For the first time ever, more people die from eating too much than from eating too little; more people die from old age than from infectious diseases; and more people commit suicide than are killed by soldiers, terrorists and criminals put together. The average American is a thousand times more likely to die from binging at McDonalds than from being blown up by Al Qaeda. What then will replace famine, plague, and war at the top of the human agenda? As the self-made gods of planet earth, what destinies will we set ourselves, and which quests will we undertake? *Homo Deus* explores the projects, dreams and nightmares that will shape the twenty-first century—from overcoming death to creating artificial life. It asks the fundamental questions: Where do we go from here? And how will we protect this fragile world from our own destructive powers? This is the next stage of evolution. This is *Homo Deus*. With the same insight and clarity that made *Sapiens* an international hit and a New York Times bestseller, Harari maps out our future.

sapiens a graphic history volume 2 the pillars of civilization: *Sapiens: A Graphic History* [volume 1: *The Birth of Humankind* Yuval Noah Harari, 2023-07-17 Traditional Chinese edition of *Sapiens: A Graphic History*] Volume 1: *The Birth of Humankind*

This brief overview of *Sapiens: A Brief History of Humankind* tells you what you need to know—before or after you read Yuval Noah Harari's book. Crafted and edited with care, Worth Books set the standard for quality and give you the tools you need to be a well-informed reader. This short summary and analysis of *Sapiens* includes: Historical context Chapter-by-chapter overviews Character profiles Detailed timeline of key events Important quotes Fascinating trivia Glossary of terms Supporting material to enhance your understanding of the original work About *Sapiens: A Brief History of Humankind* by Yuval Noah Harari: *Sapiens* is a wide-ranging account of human history that upends the conventional wisdom about our species with novel, even startling, theories about how we developed and where we're headed. The bestselling book *Sapiens* takes the reader from humanity's remote origins in East Africa; through its spread to societies and empires around the world; and finally to the present, when *Sapiens* as we know them may be about to disappear. Throughout this journey, *Homo Deus* author Yuval Noah Harari offers new insights into the importance of language, imagination, and even ignorance in the development of human history. The

summary and analysis in this ebook are intended to complement your reading experience and bring you closer to a great work of nonfiction.

sapiens a graphic history volume 2 the pillars of civilization: Unstoppable Us: The Two-Book Boxed Set YUVAL NOAH. HARARI, 2024-09-10 Learn HOW early humans took over the Earth and WHY the world they built isn't fair in this two-volume boxed set of the New York Times bestselling UNSTOPPABLE US series. The author of SAPIENS takes middle school readers on an epic and exciting voyage through early human history in these beautifully illustrated books. Gripping and thought-provoking. --The New York Times Unstoppable Us, Volume 1: How Humans Took Over the World Humans are the most dominant species to ever exist. But how did we get that way? The answer is one of the strangest tales you'll ever hear... Unstoppable Us, Volume 2: Why the World Isn't Fair What happened next? How did our hunter-gatherer ancestors become farmers? Why were kingdoms and laws established? How did we go from being the rulers of Earth to the rulers of each other? Acclaimed author Yuval Noah Harari has expertly crafted two extraordinary stories of how humans learned to not only survive but also thrive on Earth, complete with maps, a timeline, and full-color illustrations that bring his dynamic, unputdownable writing to life.

sapiens a graphic history volume 2 the pillars of civilization: Summary of Sapiens Summareads Media, 2020-03-02 Imagine Another Species of Human Standing Right In Front of You... Weird, right? Did you know that we are called Homo Sapiens... ... and there were many more species of human in the past? Ever wondered why we own Earth as we know it today? We're not the best swimmer, runner & we can't even fly. Interesting, isn't it? When did we begin to learn how to speak? When did we begin to believe in religion? What ACTUALLY happened to us? Sapiens is written by Yuval Noah Harari and first published in 2011. Since publication, it has been highly acclaimed and heavily criticized at the same time. After all, we're going back 70,000 years ago. Here's what you'll discover... --- Chapter 5: Why the Agricultural Revolution Wasn't the Book We Think It Was --- Chapter 7: An Impossible Amount of Numeric Data (and what we did) --- Chapter 8: The Myth of Race and Gender (let's go back and dig deep!) --- Chapter 10: Money: A Universal Truth (since when was money created and why?) --- Chapter 12: The Best and Worst of Religion --- Chapter 15: The Evolution of Science Through Empire --- And so much more.
