judge judy don t pee on my leg: Gettysburg Replies Abraham Lincoln Presidential Library Foundation, 2015-04-01 Almost five months after the Civil War's deadliest clash, President Abraham Lincoln and other Union leaders gathered to dedicate the Soldiers' National Cemetery in Gettysburg, Pennsylvania. The program for the occasion featured music, prayer, orations, and benedictions. In the middle of it all, the president gave a few commemorative remarks, speaking for just two minutes, delivering what we now know as the Gettysburg Address. Challenged to mark the enormity of the battle—which had turned the tide of the war, though neither side realized it yet—Lincoln used 272 words in ten sentences to rededicate the Union to the preservation of freedom. It remains the most important statement of our nation's commitment to personal liberty since the Revolutionary War and has become one of the most important speeches in American history, a cornerstone of who we are as a country. A century and a half later, we still hold Lincoln's message in our hearts. For *Gettysburg Replies*, the Abraham Lincoln Presidential Library and Museum challenged presidents, judges, historians, filmmakers, poets, actors, and others to craft 272 words of their own to celebrate Lincoln, the Gettysburg Address, or a related topic that stirs their passions. President Jimmy Carter reveals how the Gettysburg Address helped bring Egypt and Israel closer at the Camp David Peace Accords. Supreme Court Justice Sandra Day O'Connor reflects on Lincoln's dedication to the importance of civic education. General Colin Powell explains how Martin Luther King Jr. took up Lincoln's mantle and carried it forward. Filmmaker Steven Spielberg touches on the benefits and perils of hero

worship. Poet Laureate Billy Collins explores the dichotomy between the private man who wrote poetry ("My Childhood Home I See Again") and the president who stood before all. Attorney Alan Dershowitz echoes Lincoln's words to rally us to the freedom from weapons of mass destruction. Gettysburg Replies features images of important Lincoln documents and artifacts, including the first copy of the address that Lincoln wrote out after delivering it, the program from the cemetery dedication, Lincoln's presidential seal, and more. Together, these words and images create a lasting tribute not only to Lincoln himself but also the power of his devotion to freedom.

As a family court judge in New York City and now in her successful TV courtroom show, she has listened to thousands of excuses, complaints, and tales of woe from women of every background, and she's ready to rule. Women, she states with her trademark frankness, need to wise up, stop subjugating who they are, and stop making stupid decisions in the name of love. They hide their talents and opinions so they won't offend. They tiptoe through life letting others take credit for their ideas because they would rather be liked than respected. They spend their lives trying to please everyone but them-selves, and then they wonder why they feel so frustrated and unfulfilled. *Beauty Fades, Dumb Is Forever* presents Judge Judy's ten hard and true lessons for happiness: Beauty fades, dumb is forever. It examines how judge TV fulfills part of law's performative function: that of providing a participatory spectacle the public can recognize as justice. Since it debuted in 1981 with *The People's Court*, which made famous its star jurist, Judge Joseph A. Wapner, dozens of judges have made the move to television. Unlike the demographics in actual courts, most TV judges are non-white men and women hailing from diverse cultural and racial backgrounds. These judges charge their decisions with personal preferences and cultural innuendos, painting a very different picture of what justice looks like. Drawing on interviews with TV judges, producers and production staff, as well as the author's experience as a studio audience member, the book scrutinizes the performativity of the genre, the needs it meets and the inherent ideological biases about race, gender and civic instruction.

From the rise of the Internet and the 24-hour news cycle to the television ratings bonanza of the O.J. Simpson trial, a perfect storm of media coverage has given the public an unprecedented look inside the courtroom, kicking off popular courtroom shows and TV legal commentary that further illuminate how the criminal justice system operates. Or has it? In *Mistrial*, Mark Geragos and Pat Harris debunk the myths of judges as Solomon-like figures, jurors as impartial arbiters of the truth, and prosecutors as super-ethical heroes. *Mistrial* draws the curtain on the court's ugly realities—from stealth jurors who secretly swing for a conviction, to cops who regularly lie on the witness stand, to defense attorneys terrified of going to trial. Ultimately, the authors question whether a justice system model drawn up two centuries ago before blogs and television is still viable today. In the aftermath of recent high-profile cases, the flaws in America's justice system are more glaring than ever. Geragos and Harris are legal experts and prominent criminal defense attorneys who have worked on everything from celebrity media-circuses—having represented clients like Michael Jackson, Winona Ryder, Scott Peterson, Chris Brown, Susan MacDougal, and Gary Condit—to equally compelling cases defending individuals desperate to avoid the spotlight. Shining unprecedented light on what really goes on in the courtroom, *Mistrial* is an enjoyable, fun look at a system that rarely lets you see behind the scenes.

judge judy don t pee on my leg: *Law and Society Today* Riaz Tejani, 2019-08-20 Law and Society Today is a problem-oriented survey of sociolegal studies, with a unique emphasis on recent historical and political developments. Whereas other texts focus heavily on criminal procedure, this book foregrounds the significant changes of the 2000s and 2010s, including neoliberalism, migration, multiculturalism, and the large influence of law and economics in law teaching, policy debates, and judicial decision-making. Each chapter presents key concepts, real-world applications, and hypothetical problems that allow students to test comprehension. With an integrated approach to theory and practice and written in an accessible tone, this text helps students recognize the dynamic forces that shape the way the law is constructed and implemented, particularly how law drives social inequality.
