

small faces here comes the nice

****Small Faces Here Comes The Nice: Exploring the Legacy of a British Rock Classic****

small faces here comes the nice is more than just a phrase to fans of 1960s British rock—it's a nod to one of the era's most influential albums by the legendary band Small Faces. This record, which shares its name with the band's second studio album released in 1967, captures the spirit of a transformative period in music history. For those who appreciate the roots of British rock and the mod movement, "Here Comes The Nice" stands as a testament to the Small Faces' innovative sound and enduring impact.

In this comprehensive exploration, we'll dive into the story behind Small Faces, the significance of the album "Here Comes The Nice," and its place in the vibrant 60s music scene. Whether you're a longtime fan or a curious newcomer, this article will guide you through the nuances of the band's artistry, the cultural backdrop, and the enduring appeal of their work.

The Rise of Small Faces: Setting the Stage

Small Faces emerged from London's East End in the mid-1960s, a time when British youth culture was undergoing rapid change. The band was originally formed in 1965 and quickly became synonymous with the mod subculture, which emphasized sharp fashion, scooters, and a love for rhythm and blues music. The original lineup consisted of Steve Marriott (vocals and guitar), Ronnie Lane (bass and vocals), Kenney Jones (drums), and Jimmy Winston (keyboards), later replaced by Ian McLagan.

The Band's Early Sound and Influences

Small Faces initially gained attention with their raw, energetic sound, blending R&B, soul, and rock elements. Early hits like "Whatcha Gonna Do About It" and "Sha-La-La-La-Lee" showcased their knack for catchy melodies and heartfelt lyrics. Their sound was gritty yet polished, appealing to both mod fans and the broader pop audience.

The band's influences ranged from American soul legends like Otis Redding and The Rolling Stones to homegrown British artists. This fusion created a unique identity that set them apart from other groups of the time.

Here Comes The Nice Album: A Turning Point

Released in June 1967, "Here Comes The Nice" is often regarded as a pivotal album in Small Faces' career. The title track itself was a breakthrough single, notable for its candid lyrics about the highs and lows of the music industry, specifically referencing the experience of taking amphetamines—a bold move during the conservative 60s. The song's upbeat tempo and infectious rhythm made it an instant hit, cementing the band's reputation for tackling real-life themes with honesty and wit.

Musical Innovation and Psychedelic Influence

"Here Comes The Nice" marked a shift towards a more experimental sound, reflecting the broader psychedelic movement sweeping through London. The album incorporated swirling organ lines, inventive guitar riffs, and layered harmonies, which showed the band's growing maturity and willingness to push creative boundaries.

Tracks like "Talk to You" and "Green Circles" highlight this evolution. "Green Circles" in particular is praised for its ethereal atmosphere and introspective lyrics, which diverged from the band's earlier, more straightforward R&B style.

Production and Collaboration

The production of "Here Comes The Nice" was handled by Don Arden, a prominent figure in the music industry known for his management and promotional skills. His influence helped the Small Faces reach a wider audience. Additionally, Ian McLagan's addition to the band brought a fresh dynamic, especially with his keyboard work adding depth to the group's sound.

Small Faces and the Mod Movement

To fully appreciate the significance of "small faces here comes the nice," it's essential to understand the mod subculture that the band was part of and helped define. Mods were young, style-conscious individuals who rejected the mainstream in favor of sharp dressing, modern jazz, R&B, and later, psychedelic rock.

Fashion and Identity

Small Faces were not just musicians; they were icons of mod fashion. Their tailored suits, parkas, and stylish haircuts became emblematic of the movement. This visual identity helped them connect with their audience on a cultural level, making their music a soundtrack for a generation seeking new forms of expression.

Legacy Within the Mod Scene

Even decades later, Small Faces remain a cornerstone of mod culture. Songs like "Here Comes The Nice" continue to be celebrated at mod festivals and retrospectives, reminding fans of the band's role in shaping the sound and style of the 60s.

Why "Here Comes The Nice" Still Matters Today

The enduring appeal of "small faces here comes the nice" lies in its

authenticity and innovation. Unlike many contemporaries who produced formulaic pop hits, Small Faces infused their music with emotional depth and a willingness to experiment.

Influence on Future Artists

The album's blend of rock, soul, and psychedelia influenced countless musicians who followed. Bands like The Jam and Oasis have cited Small Faces as an inspiration, especially their ability to merge catchy melodies with thoughtful lyrics.

Timeless Themes and Relatable Lyrics

The title track's candid approach to fame and drug use was ahead of its time, resonating with listeners who understood the pressures of the industry. This honesty helped the band carve out a distinct voice that remains relatable in today's music landscape.

Exploring the Album Tracklist: Gems Beyond the Title

While "Here Comes The Nice" is the standout track, the album offers several other noteworthy songs that showcase Small Faces' range and talent.

- **"Talk to You"** - A fast-paced, energetic tune with biting guitar work and memorable chorus.
- **"Green Circles"** - A psychedelic masterpiece that captures the moodiness and experimentation of the late 60s.
- **"Become Like You"** - A soulful ballad highlighting Steve Marriott's vocal prowess.
- **"Feeling Lonely"** - A track that blends melancholy lyrics with upbeat instrumentation.

These songs illustrate the band's versatility and ability to craft both radio-friendly hits and deeper, more complex compositions.

Tips for New Listeners: How to Dive Into Small Faces' Music

If you're intrigued by the legacy of Small Faces and want to explore "Here Comes The Nice" along with their broader catalog, here are a few pointers to enhance your listening experience:

1. **Start with the Hits:** Begin with well-known tracks like "Here Comes The Nice" and "Itchycoo Park" to get a feel for their style.
2. **Listen to the Full Albums:** Albums like "Small Faces" (1966) and "Ogdens' Nut Gone Flake" (1968) provide context and showcase the band's evolution.
3. **Explore Live Recordings:** Hearing the band's energy in live performances reveals their raw talent and charisma.
4. **Read About the Mod Scene:** Understanding the cultural environment helps deepen appreciation of the band's influence.

The Continuing Impact of Small Faces in Modern Music

Small Faces may have had a relatively brief original career, but their impact reverberates through rock history. Their ability to blend genres, push musical boundaries, and authentically represent youth culture has left a lasting imprint on music fans and artists alike.

From inspiring Britpop bands to influencing contemporary rock and indie musicians, the spirit of "small faces here comes the nice" lives on. Their songs continue to be celebrated not only for their catchy melodies but also for their contribution to defining a generation's sound and attitude.

Whether you're revisiting the classics or discovering them anew, Small Faces' music offers a rich, vibrant journey through one of rock's most exciting eras. Their blend of soulful vocals, innovative instrumentation, and cultural relevance makes "Here Comes The Nice" a must-listen for anyone interested in the roots of modern British rock.

Small Faces Here Comes the Nice: A Definitive Look at the Band's Seminal Album

small faces here comes the nice is more than just a phrase emblematic of 1960s British rock; it is the title of a landmark album by the Small Faces, a band whose influence continues to resonate in the music world. Released in 1967, "Here Comes the Nice" marked a pivotal moment in the band's career, showcasing their transition from mod pop roots to a more psychedelic and experimental sound. This article explores the significance of the album, its musical innovations, and its lasting impact on rock history.

The Context Behind Small Faces and "Here Comes the Nice"

The Small Faces emerged from London's vibrant mod scene in the mid-1960s, initially gaining attention with energetic, soulful tracks rooted in rhythm and blues. Their early hits like "All or Nothing" and "Sha-La-La-La-Lee" cemented their status as mod icons. By 1967, however, the musical landscape was rapidly evolving. Psychedelia and studio experimentation were reshaping rock music, and the Small Faces adapted accordingly.

"Here Comes the Nice" was released during this transformative period. The album's title track, written by Steve Marriott and Ronnie Lane, reflected the band's growing ambition to push beyond straightforward pop. The song narrates the story of a drug dealer, a bold topic for its time, wrapped in catchy melodies and innovative production.

Musical Evolution and Production Techniques

One of the defining characteristics of "Here Comes the Nice" is its blend of psychedelic rock elements with the band's soulful mod roots. The album features a mix of jangly guitars, swirling organ sounds, and layered harmonies that were relatively novel for the group.

Producer Kit Lambert, known for his work with The Who, played a crucial role in shaping the album's sound. Lambert's production introduced more complex arrangements and studio effects, such as phasing and reverb, which enhanced the psychedelic atmosphere without overwhelming the band's signature style.

Tracks like "Itchycoo Park" (a later single associated with the album's era) exemplify this sonic shift. The innovative use of flanging effects in "Itchycoo Park" was groundbreaking and became one of the first popular songs to use this technique, influencing countless artists in subsequent decades.

Analyzing the Tracks: Themes and Composition

While "Here Comes the Nice" as a phrase is often linked with the album's title track, the full body of work offers a rich tapestry of themes and musical experimentation.

Key Songs and Their Significance

- **"Here Comes the Nice"**: A narrative about a drug dealer, the song's upbeat melody contrasts with its subversive lyricism, reflecting the era's complex relationship with drugs and youth culture.
- **"Talk to You"**: A brisk, energetic track that retains the band's mod roots while incorporating new psychedelic elements.
- **"Green Circles"**: Notably psychedelic, this track features dreamy lyrics and layered instrumentation that evoke a sense of otherworldliness.

- **"All Our Yesterdays"**: A melancholic ballad that showcases Marriott's vocal range and the band's ability to craft emotionally resonant music.

Each song contributes to an overall narrative of change, experimentation, and youthful exploration, reflecting the broader cultural shifts of the late 1960s.

Comparisons with Contemporary Albums

When placed alongside other British rock albums of the period, "Here Comes the Nice" holds its own as a bridge between mod culture and psychedelic rock. Compared to The Beatles' "Sgt. Pepper's Lonely Hearts Club Band" (also released in 1967), the Small Faces' offering is more grounded in raw energy and blues influences, though it shares a willingness to experiment.

Similarly, while The Who's "The Who Sell Out" embraced concept album structures and satire, Small Faces focused more on mood and atmosphere, forging a distinct path that retained accessibility without sacrificing creativity.

The Legacy of Small Faces and the Album's Influence

Though "Here Comes the Nice" did not achieve the commercial acclaim of some contemporaneous releases, its influence is widely acknowledged among musicians and critics. The album and its singles helped pave the way for the British psychedelic scene and inspired later artists in rock, punk, and Britpop genres.

Steve Marriott's songwriting, particularly his blending of personal storytelling with broader social commentary, influenced bands like Oasis and The Jam. The Small Faces' seamless fusion of mod energy and psychedelic experimentation created a blueprint for future British rock acts seeking to evolve their sound without alienating their fan base.

Pros and Cons of the Album's Style and Impact

- **Pros:**
 - Innovative use of studio effects and production techniques
 - Strong songwriting combining catchy melodies with substantive lyrics
 - Successful fusion of mod and psychedelic styles
 - Influential on subsequent generations of British rock musicians

- **Cons :**

- Less commercial success compared to other 1967 releases
- Some tracks feel uneven in production quality
- The album's experimental aspects may not appeal to purists of early Small Faces mod sound

Small Faces Here Comes the Nice in the Digital Age

With the rise of digital music platforms and vinyl reissues, "Here Comes the Nice" has experienced a resurgence in interest. Modern remastered editions allow new listeners to appreciate the nuanced production and musicianship that may have been overlooked upon its initial release.

Streaming data indicates a steady increase in plays for tracks such as "Here Comes the Nice" and "Green Circles," suggesting that contemporary audiences are discovering the album's historical and artistic value. This renewed attention reinforces the Small Faces' place in the canon of British rock and highlights the enduring appeal of their innovative approach to music-making.

The album also finds relevance in discussions surrounding the evolution of psychedelic rock and the mod movement, often cited in musicology studies and retrospectives on 1960s culture.

The phrase **small faces here comes the nice** thus encapsulates not only a specific album but a transformative moment in rock history—a moment when a band dared to expand its horizons, influencing the soundscape for decades to come.

small faces here comes the nice: Had Me a Real Good Time: The Faces Before During and After Andy Neill, 2011-03-31

small faces here comes the nice: The Who on the Who Sean Egan, 2017-09-01 The Who were a mass of contradictions. They brought intellect to rock but were the darlings of punks. They were the quintessential studio act yet were also the greatest live attraction in the world. They perfectly meshed on stage and displayed a complete lack of personal chemistry offstage. Along with great live shows and supreme audio experiences, the Who provided great copy. During the 1960s and '70s, Pete Townshend, messianic about contemporary popular music and its central importance in the lives of young people, gave sprawling interviews in which he alternately celebrated and deplored what he saw in the scene. Several of these interviews have come to be considered classic documents of the age. Roger Daltrey, Keith Moon, and John Entwistle joined in. Even when the Who were non-operational or past their peak, their interviews continued to be compelling: changes in allegiances and social mores left the band members freer to talk about sex, drug-taking, business,

and in-fighting. By collecting interviews with Who members from across five decades, conducted by the greatest rock writers of their generation—Barry Miles, Jonathan Cott, Charles Shaar Murray, John Swenson, and Greil Marcus among them—*The Who on The Who* provides the full, fractious story of a fascinating band.

small faces here comes the nice: *The Immediate Discography: The First 20 Years* Mark Jones, 2016 Winner of Best Discography in the 2017 Association for Recorded Sound Collections (ARSC) Awards for Excellence (Best Historical Research in Recorded Rock Music category). Immediate is bounded in time, a quaint time capsule synonymous with Swinging 60s London. Incorporation to insolvency was 5 five years but the reissues keep appearing 50 years on. Not surprising when you consider that it was home to Small Faces, Nice, Rod Stewart, Humble Pie, Chris Farlowe, etc. Immediate was the 1st UK independent to score a number 1. This, perhaps, is one of the reasons that the label has such fervent admirers - 'the little bastard Immediate' stuck two fingers up at an oligopolistic industry that hadn't changed since before WW2. Without Immediate we might not have had Harvest, Vertigo, Nova or Dawn from the majors and we may not have seen further maverick-run independents, such as Charisma, Virgin or Stiff. Includes listings of all UK Immediate releases plus all known UK reissues up to 1985.

small faces here comes the nice: *Zip It Up!* Ira A. Robbins, 2024-03-14 This book collects more than 90 of the best articles — profiles, interviews and histories — that appeared in the magazine fans have called “the bible of alternative rock” but had a broader mission than that. Sections on: · the 1960s · classic rock · glam rock · prog and art rock · reggae · the roots of punk · American punk and new wave · UK punk and new wave · post-punk Annotated with recollections and reflections on the changing times, the ridiculous business of independent magazine publishing and the colorful, complicated artists — illustrated with cartoons, covers, documents and ads from the Trouser Press archive — *Zip It Up!* is vintage rock journalism of a form that is no longer widely practiced: features heavy on historical detail and lengthy, probing interviews, all written with wit, intelligence and a willful expression of opinions and values. It is also an extensive document of rock's evolution from the 1970s to the mid-'80s, often capturing now-iconic bands in the early stages of their existence. By turns reverent, snarky, adulatory and cynical, *Zip It Up!* is a rich grazing ground for fans and students of music and music journalism. Articles on: Small Faces, Syd Barrett, Jimmy Page, Pete Townshend, Todd Rundgren, Ray Davies, KISS, Joy Division, Frank Zappa, Cheap Trick, Ritchie Blackmore, T. He lives in Mill Valley, California.

small faces here comes the nice: Sixties British Pop, Outside In Gordon Thompson, 2024 Itchycoo Park, 1964-1970--the second volume of Sixties British Pop, Outside In--explores how London songwriters, musicians, and production crews navigated the era's cultural upheavals by reimagining the pop-music envelope. Thompson explores how some British artists conjured up sophisticated hybrid forms by recombining elements of jazz, folk, blues, Indian ragas, and western classical music while others returned to the raw essentials. Encouraging these experiments, youth culture's economic power challenged the authority of their parents' generation. Based on extensive research, including vintage and original interviews, Thompson presents sixties British pop, not as lists of discrete people and events, but as an interwoven story.

small faces here comes the nice: The Creation Records Story David Cavanagh, 2023-07-04 'The greatest book ever written on British independent music' Guardian 'One of the best British music books of the last ten years' Mojo Founded by Alan McGee in 1983, Creation Records achieved notoriety as the home of Primal Scream, the Jesus and Mary Chain and other anti-Establishment acts. During the Britpop boom of the mid-90s, the astonishing success of Oasis brought Creation fame on the world stage. In 1999, however, McGee announced his shock departure as his label's influence over a generation of British music came to a confusing and disappointing end. Containing interviews with Creation musicians, employees, supporters and detractors, this is the inside story of Creation Records - and of British music since the 1980s.

small faces here comes the nice: Starting At Zero Jimi Hendrix, 2013-11-05 It took just four years in the spotlight for Jimi Hendrix to become an international cultural icon. The sheer impact and originality of his music and his unique mastery of the guitar placed him forever amongst musical giants. But what of the man behind the public image? Modest and intensely private by nature, Jimi was shrouded in intrigue from the moment he first came into the public eye, and the mystery has only grown with time. Much has been written about him by experts, fans, and critics, some of it true and some of it not. He did, however, leave his own account of himself, locked away like a Chinese puzzle in his many interviews, lyrics, writings, poems, diaries, and even stage raps. Starting at Zero brings all these elements together in narrative form. The result is an intimate, funny, and poetic memoir-one that tells, for the first time, Jimi's own story as only he could tell it.

small faces here comes the nice: Billboard , 2001-05-19 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

small faces here comes the nice: Psychedelia and Other Colours Rob Chapman, 2015-09-01 In Psychedelia and Other Colours, acclaimed author Rob Chapman explores in crystalline detail the

history, precedents and cultural impact of LSD, from the earliest experiments in painting with light and immersive environments to the thriving avant-garde scene that existed in San Francisco even before the Grateful Dead and the Fillmore Auditorium. In the UK, he documents an entirely different history, and one that has never been told before. It has its roots in fairy tales and fairgrounds, the music hall and the dead of Flanders fields, in the Festival of Britain and that peculiarly British strand of surrealism that culminated in the Magical Mystery Tour. Sitars and Sergeant Pepper, surfadelica and the Soft Machine, light shows and love-ins - the mind-expanding effects of acid were to redefine popular culture as we know it. *Psychedelia and Other Colours* documents these utopian reverberations - and the dark side of their moon - in a perfect portrait.

small faces here comes the nice: Great Rock Drummers of the Sixties Bob Cianci, 2006 Update to popular book on legends of rock's golden era Now in its long-awaited second printing, Bob Cianci's *Great Rock Drummers of the Sixties*, the universally acclaimed history of Sixties rock drummers and drumming, has been reissued in its original form with a revised section that thoroughly updates information on the drummers featured within. This group of rock drummers are arguably the most revered and copied musicians to ever sit behind the kit. All the prominent drummers of the era are spotlighted, including Ringo Starr, Charlie Watts, Keith Moon, Mitch Mitchell, Hal Blaine, and other legends. Long out of print, the original first edition of *Great Rock Drummers of the Sixties* was published in 1989 and went on to become a collectors' item. This in-demand book is back and better than ever, with a new cover, improved layout, and much more information for anyone interested in the Sixties, its music, and rock drummers.

small faces here comes the nice: Noel Gallagher - The Biography Lucian Randall, 2012-11-05 Noel Gallagher is as well-known for his singer-song writing talent as he is for his controversial, outspoken statements and his tempestuous relationships. With the renowned Britpop band, Oasis, Noel found worldwide acclaim and influenced the musical style of a generation. At the forefront of the Britpop movement in the Nineties, Noel was responsible for writing some of the big anthems of the period, including 'Wonderwall' and 'Champagne Supernova'. At their peak they were playing sold-out concerts to over 200,000 people. But what is the truth about the boy from Manchester? How did his relationship with his father affect him? What caused the public and personal rivalry with fellow Britpop band Blur? Why has he always had such a turbulent relationship with his brother and front man of Oasis, Liam? Is the band over for good this time? This book maps out Noel's story from the beginning. It takes you from his dysfunctional upbringing in Manchester to the man we know now. As an icon of the Nineties, Noel developed a reputation for his rock and roll lifestyle and rebellious attitude. This book offers an insight into the prolific, outspoken and controversial songwriter who has become a worldwide success.

small faces here comes the nice: The Curious World of Drugs and Their Friends Ingo Niermann, Adriano Sack, 2008-08-26 Wacky but well-researched, unbiased and shameless, this informational book about drugs dares to take readers on a long, strange trivia trip. Following in the tradition of *The Ultimate Book of Useless Information*, *The Curious World of Drugs and Their Friends* is a wry potpourri of interesting information about every conceivable kind of drug. Readers can feed their heads with anecdotes, facts, lists, statistics, and illustrations, including: • The test results of animals on LSD—cats lose their fear of dogs, and goats walk in geometric patterns • Drugs found in nature, from magic mushrooms to St. John's wort to beaver secretions • Celebrities who overdosed at age 27—Jimi Hendrix, Janis Joplin, Jim Morrison, Kurt Cobain, Brian Jones, and Jean Michel-Basquiat • Imaginary drugs in literature and film, from spice the mélange in *Dune* to Moloko plus in *A Clockwork Orange* • Nicknames for a joint—from doobie to giggly stick to Mr. Boom Bizzle • The global percentages of adults who have used cannabis—.004 percent in Singapore and 12.6 percent in the United States • The uses of opium in ancient Rome—from treatments for insomnia

and epilepsy to colic and deafness • The most glamorous rehab clinics and their celebrity alumni • Mini-biographies of the biggest drug kingpins around the world

small faces here comes the nice: *Friend of the Devil* Peter Robinson, 2008-11-19 The seventeenth installment of the internationally bestselling Inspector Banks series On a cliff edge overlooking the North Sea, a quadriplegic woman in a wheelchair stares unseeingly at the waves. She had been murdered. And, miles away, in a storeroom in the Maze, a medieval warren of yards and alleys at the heart of Eastvale, Yorkshire, a young woman lies sprawled on a heap of leather scraps. She too has been murdered. Their bodies are discovered at about the same time that DI Annie Cabbot, on secondment to the Eastern Area force, wakes with a severe hangover in the bed of a young man she barely recognizes. From these three strands, Peter Robinson seamlessly weaves a complex and compelling story. *Friend of the Devil* is a superb showcase of how deftly Robinson balances horror with humour, police procedures with the nuances of all-too-human emotions, and endings with the promise of new starts. Once again, he transcends the usual limits of the genre in this dazzling novel about the obsessive power of vengeance.

small faces here comes the nice: *In the City* Paul Du Noyer, 2009-11-10 'A dense and colourful account of one of the most vibrant musical centres in the world, *In the City* almost puts you on that train to London' Guardian In this fascinating history of London's music, which was the 2009 Sunday Times 'Music Book of the Year', Paul Du Noyer, critically-acclaimed music writer and founding editor of MOJO, celebrates the people and places that have made London the most exciting and diverse musical city on earth. The West End musicals, Ronnie Scott's jazz club, Abbey Road, mod culture, the Kinks, the Who and the Rolling Stones are just as much a part of London as the Houses of Parliament, Big Ben and the Routemaster. Du Noyer's captivating book charts the city's music history and landmarks and will appeal to residents, visitors and exiles alike.

small faces here comes the nice: *Last Shop Standing: Whatever Happened To Record Shops?* Graham Jones, 2010-07-23 *Last Shop Standing: Whatever Happened To Record Shops?* documents the sad disappearance of a cultural icon from our high streets. Once a thriving industry, the UK has gone from having over 2000 independent record shops in the 1980s to just 269 in 2009. Written by Graham Jones, who has worked in the distribution industry for over 25 years as a record company salesman, this book presents a snapshot of a business that is under threat of going the same way as the stamp shop, the coin shop and the candlestick maker. Jones' speaks to 50 record shop owners to see why they have survived while nearly two thousand others have closed. These interviews form the basis of the book, which celebrates the rich social history in which the record shop is steeped. In 2012 *Last Shop Standing* was made into an award winning 50 minute film, featuring interviews with Johnny Marr, Norman Cook, Richard Hawley, Paul Weller and Billy Bragg, alongside many of the record shop owners featured in the book. Given a new tagline – 'the rise, fall and rebirth of the independent record shop', the film has been screened around the globe and was an official selection at the Chicago International Movies & Music Festival in 2013.

small faces here comes the nice: *Steve Marriott* Paolo Hewitt, 2015-09-07 Steve Marriott was one of the music world's most extraordinary individuals, A supremely gifted songwriter, singer and ... schemer. A vocalist from the same mould as Rod Stewart, Eric Burdon and Steve Winwood ... but arguably the greatest white soul singer of them all. Marriott never held back from anything, least of all his music, his vocals always possessed an intensity, clarity and maturity that at the time were unmatched by any other singer. His band The Small Faces were the first to be banned from Top of The Pops and were deported from Australia at gunpoint. Steve's next group Humble Pie ruled the stadiums of America but the money earned was diverted by mafia associates and he returned to the UK broke and on the run from the Taxman. In later life he struggled with schizophrenia but always continued playing - blistering gigs in front of small audiences in the pubs and clubs around London. Recently reunited with his old Humble Pie sparring partner Peter Frampton, he was on the verge of a comeback when he was tragically killed in a housefire, aged 44-years-old. A huge influence on a new generation of musicians from Paul Weller to Noel Gallagher, due to his death, Marriott has perhaps not been granted the status in Rock 'n' Roll's pantheon that he deserved. A major

reassessment is long overdue. Marriott was simply one of the greatest rock stars of all time. An exhaustive account of the East End musical maverick, it spans his beginnings as a child prodigy, his memorable work with arch top Mods the Small Faces, and all the way through to his later work with Humble Pie, his subsequent solo career and untimely death in 1991. Gary Crowley A riveting account of the singer's life, crammed with entertaining stories of rebellion and debauchery and insightful historical background... Compulsive reading. The Daily Express One of the best books I've read about the backwaters of rock music. The Daily Mail A wonderfully researched, eminently readable appreciation of the creative force behind the Small Faces and Humble Pie, who created some of the finest pop, rock 'n' boogie music of his generation. ***** Classic Rock All Too Beautiful traces Marriott's mercurial career from his upbringing in postwar, bomb-damaged London to his cocaine-ravaged demise in a fire at his Essex home in 1991, aged 44. Revealing... sympathetic, long overdue. **** Uncut Ultimately, this is a complex story of extraordinary talent, missed chances, exotic highs and frightening lows... This comprehensive biography of Steve Marriott is as close as we're going to get to extracting the truth about Britain's finest white-soul exponent. ***** Record Collector Compelling reading. **** Mojo

Small | Nanoscience & Nanotechnology Journal | Wiley Online Small is a nanoscience & nanotechnology journal providing the very best forum for fundamental and interdisciplinary applied research at the nano- and microscale, covering

Overview - Small - Wiley Online Library Small provides the very best forum for experimental and theoretical studies of fundamental and applied interdisciplinary research at these dimensions. Read an attractive mix of peer-reviewed

Author Guidelines - Small - Wiley Online Library Manuscript Submission Free Format Submission We now offer Free Format submission for a simplified and streamlined process for New Submissions. Before you submit, you will need:

Small: List of Issues - Wiley Online Library Volume 21, Issue 28 Special Issue: Tribute to Pulickel M. Ajayan

Small: Early View - Wiley Online Library In this review, the current status and future directions of small molecule-based supramolecular π -systems are discussed, which contributed to the advancement of photoresponsive smart

Small - Wiley Online Library Editorial Advisory Board Our journal is managed by professional in-house editors who handle manuscripts from submission to publication and beyond, including overseeing peer review and

Small Methods | Nano & Micro Technology Journal | Wiley Online Small Methods is a nanoscience & nanotechnology journal focusing on significant advances in methods applicable to nano- and microscale research

Small - Wiley Online Library Small 2022, vol. 18, eLoc. 2106580 Boyou Heo, Vo Thi Nhat Linh, Jun-Yeong Yang, Rowoon Park, Sung-Gyu Park, Min-Kyung Nam, Seung-Ah Yoo, Wan-Uk Kim, Min-Young Lee, Ho

Small Science | Nanoscience Journal | Wiley Online Library Small Science is a multidisciplinary open access journal publishing the most impactful research from all areas of nanoscience and nanotechnology

Contact - Small - Wiley Online Library Since joining Wiley in 2010, she has worked across a range of Materials Science journals, and is currently Deputy Editor for Small and Editor-in-Chief of Nano Select
