the murder of sara barton: *The Ethical and Legal Consequences of Posthumous Reproduction* Browne Lewis, 2016-10-26 Posthumous reproduction refers to the procedure that enables a child to be conceived using the gametes of a dead person. Advances in reproductive technology mean it is now possible to assist in creating a life after you die, and in recent years the number of women who have attempted to get pregnant using posthumous reproduction has increased. However, the law in many jurisdictions has not put regulations in place to deal with the ethical and legal consequences that arise as a result of posthumous reproduction. This is the first book to exclusively focus on posthumous reproduction. The book comprehensively explores the legal and ethical issues surrounding posthumous reproduction in a number of jurisdictions including the US, Israel, the UK and France. The book looks at a number of issues including: ascertaining the wishes of the dead and protecting the reproductive rights of men who have deposited frozen sperm in clinics prior to their deaths; cases involving people who want to acquire fresh sperm from deceased or incompetent men and determining who should have the right to accept the sperm; identifying the parents of the posthumously conceived child; and discussing the need to promote the best interests of the child. The book critically examines the current laws that are in place and proposes additional regulations and policies in order to effectively regulate posthumous reproduction.

the murder of sara barton: Reconstructing Southern Rhetoric Christina L. Moss, Brandon Inabinet, 2021-11-01 Contributions by Whitney Jordan Adams, Wendy Atkins-Sayre, Jason Edward Black, Patricia G. Davis, Cassidy D. Ellis, Megan Fitzmaurice, Michael L. Forst, Jeremy R. Grossman, Cynthia P. King, Julia M. Medhurst, Ryan Neville-Shepard, Jonathan M. Smith, Ashli Quesinberry Stokes, Dave Tell, and Carolyn Walcott Southern rhetoric is communication's oldest regional study. During its initial invention, the discipline was founded to justify the study of rhetoric in a field of white male scholars analyzing significant speeches by other white men, yielding research that added to myths of Lost Cause ideology and a uniquely oratorical culture. Reconstructing Southern Rhetoric takes on the much-overdue task of reconstructing the way southern rhetoric has been viewed and critiqued within the communication discipline. The collection reveals that southern rhetoric is fluid and migrates beyond geography, is constructed in weak counterpublic formation against legitimated power, creates a region that is not monolithic, and warrants activism and healing. Contributors to the volume examine such topics as political campaign strategies, memorial and museum experiences, television and music influences, commemoration protests, and ethnographic experiences in the South. The essays cohesively illustrate southern identity as manifested in various contexts and ways, considering what it means to be a part of a region riddled with slavery, Jim Crow laws, and other expressions of racial and cultural hierarchy. Ultimately, the volume initiates a new conversation, asking what southern rhetorical critique would be like if it included the richness of the southern culture from which it came.

the murder of sara barton: *The Last Gun* Tom Diaz, 2013-03-26 Newtown, Connecticut. Aurora, Colorado. Both have entered our collective memory as sites of unimaginable heartbreak and mass slaughter perpetrated by lone gunmen. Meanwhile, cities such as Chicago and Washington,

D.C., are dealing with the painful, everyday reality of record rates of gun-related deaths. By any account, gun violence in the United States has reached epidemic proportions. A widely respected activist and policy analyst—as well as a former gun enthusiast and an ex-member of the National Rifle Association—Tom Diaz presents a chilling, up-to-date survey of the changed landscape of gun manufacturing and marketing. The Last Gun explores how the gun industry and the nature of gun violence have changed, including the disturbing rise in military-grade gun models. But Diaz also argues that the once formidable gun lobby has become a paper tiger, marshaling a range of evidence and case studies to make the case that now is the time for a renewed political effort to attack gun violence at its source—the guns themselves. In the aftermath of Newtown, a challenging national conversation lies ahead. The Last Gun is an indispensable guide to this debate, and essential reading for anyone who wants to understand how we can finally rid America's streets, schools, and homes of gun violence and prevent future Newtowns.
